From Trunk to Tail Suzanne Jurmain,1978 Discusses the elephant s origins habits and behavior cooperation with man and role in different cultures

War Elephants John M. Kistler,2007-10-01 Elephants have fought in human armies for more than three thousand years This is the largely forgotten tale of the credit they deserve and the sacrifices they endured

The Astonishing Elephant Shana Alexander,2000 Physiologically elephants are unique entirely different from all other mammals Yet since antiquity observers have agreed that the elephant is the animal most akin to man Today both species of elephant Africans and Asians stand on the brink of extinction Hope is arising however from a new generation of young American scientists many of them women Female zoologists and biologists have led the field in new findings about elephant ecology family and sexual patterns and the animals continual communication by ultrasound inaudible to human ears The Astonishing Elephant also reveals for the first time a hair raising story of elephant genocide in the years between the Civil War and World War I all male elephants in U S circuses were stealthily killed shot poisoned drowned and even hanged The reason was musth a periodic condition of mature males that renders them uncontrollable So gradually only female elephants now with masculine names were put on parade with none the wiser Most important The Astonishing Elephant details a decade of heartbreaking trial and error and eventual triumph as scientists have tried to learn how to breed elephants via artificial insemination BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Jacob limped away from his famous wrestling match with God so we all get by on bum hips and bad knees Following Jesus we gimp our way down the dark and slippery paths of life As we do we discover ironically that the longer we follow him the weaker we become and the more we lean on our Lord Finally at our most mature our eyes are opened to realize that we ve never run or walked or even limped a single day of our lives We ve been on Christ s shoulders the entire time

Differentiated Integration in the European Union Benjamin Leruth, Christopher Lord, 2017-10-02 The notion of Differentiated Integration is increasingly used in the literature on European integration Often employed interchangeably with the notion of flexible integration diverging views on its nature have led to the emergence of various definitions and to some extent a semantic confusion A lack of consensus characterizes the academic literature some authors even avoid putting an explicit definition on the term The main objective of this book is to seek answers for the following questions How can one define Differentiated Integration in the European Union Should Differentiated Integration be considered as a process a concept a system or a theory Should it be seen as a temporary or a well established phenomenon How is this field of study likely to develop in the future In order to do so all chapters written by leading experts in the field offer a state of the art analysis of the study of differentiated integration from theoretical and practical perspectives In addition this book is not a collection of isolated papers all chapters are interconnected and gravitate towards the aforementioned central questions but approach these from different perspectives This book was published as a special issue of the Journal of European Public Policy *Subject Catalog, 1979* Library of Congress, 1979 [ALLAN QUATERMAIN – Complete Series: 18 Adventure Books in One Volume](#) Henry Rider Haggard, 2024-01-11 In [ALLAN QUATERMAIN Complete Series 18 Adventure Books in One Volume](#) Henry Rider Haggard presents an expansive treasury of thrilling tales that encapsulate the spirit of Victorian adventure literature Featuring the indomitable hero Allan Quatermain the collection reflects Haggard s mastery of the adventure genre blending rich descriptions and fast paced narratives with explorations of colonial themes ethical dilemmas and the moral complexities of empire Haggard s prose is both evocative and incisive inviting readers into a vivid world where danger lurks in every shadow and heroism is tested against grim odds The series filled with treasure hunts fierce indigenous tribes and encounters with the supernatural exemplifies the era s fascination with Africa and the allure of exploration making it a cornerstone of adventure fiction Henry Rider Haggard a contemporary of Arthur Conan Doyle and a pioneer of the adventure genre drew from his own experiences in South Africa where he worked as a lawyer and witnessed the cultural tensions of the region His deep seated interest in colonial explorations and African lore profoundly shapes the Quatermain narratives revealing Haggard s critical examination of British imperialism and human nature within the exotic landscapes he vividly portrays As one of the most significant adventure novelists of the late 19th century his works laid the foundation for modern adventure literature For readers who crave gripping stories infused with adventure moral conflict and rich historical context [ALLAN QUATERMAIN Complete Series 18 Adventure Books in One Volume](#) is an essential addition to your library
