*Fooling Around* Lene Tanggaard, 2014-02-01 Some old ideas can become very new This is the case of the notion of creativity in psychology Traditionally conceptualized in the narrow framework of the amazing things poets composers painters and scientists do creativity research had reached an impasse in its efforts to locate creativity within the confines of personality characteristics This is the time for change The New Look at creativity that is rooted within the sociocultural tradition in psychology and elaborated in the present book finds creativity in each and every moment of our everyday lives We are creative when we move around in the streets dance tango fool around with our self images while shopping for clothes or resist pre given recipes while cooking dinners We are being creative even in our bedrooms where we perform the difficult tasks of falling asleep or waking up through arrays of sleep inducers and alarm clocks not to speak of the time we spend in the very state of sleep All our actions at night ranging from what we later call nightmares or dreams are arenas of creativity even if we may barely remember what we have done The present monograph by Lene Tanggaard constitutes a powerful multi pronged exposition of the New Look at Creativity Its starting point is in the move to pay attention to the processes of acting in everyday life rather than start from the classification of products of human actions into classes of creative versus non creative

Avery,2024-08-19 There is an erroneous doctrine that is the result of misinterpretation and contextual errors that is gaining momentum in religious organizations The use of a peculiar verbiage that changes the narrative of the word of God is being taught from palatial mega churches to small storefront edifices The teaching of generational curses conveys the false message that born again Spirit led believers in Jesus Christ can be the recipient of

generational curses In these volatile uncertain times believers are being sold biblical snake oil as an answer to why they are unable to overcome a multiplicity of failures in their lives Because of the lack of dedicated personal study of the scriptures believers are gravitating to a teaching that has changed the narrative of what Jesus Christ taught in the gospels This book is the journey of an angry rebellious teen who was indoctrinated by his mother into believing he was generationally cursed His life was in the fast lane of a highway heading in the wrong direction toward eternal destruction However Jesus Christ intervened guided him to an exit and led him to the heaven bound highway He transitioned from an incarcerated prisoner of sin to a liberated prosecutor of generational curses In a unique creative exposition Elder Richard Avery examines how from the beginning Satan uses the tactic of changing the narrative of God s word to confuses believers and corrupt their belief in the word of God With the use of contextual accuracy he prosecutes the cursed words from the Bible that are being used to imprison those whom the Son has set free     *Jonah: An Earth Bible Commentary* Jione Havea, 2020-04-16 Jione Havea analyses the Book of Jonah through the lens of climate change using this present situation to reconsider the significance of Jonah for contemporary struggles and contexts and tapping into traditional practices of commentary to draw out the meaning of the biblical text Havea takes Jonah 3 10 as a starting point in which God repents and rethinks decides not to destroy taking this as a challenge and an opportunity for biblical scholars to reflect on the realities of climate change Havea builds on this opportunity in two ways first by reading Jonah forward giving special attention to the orientation of the narrative toward the sea and Nineveh and then backward highlighting the significance of sea and is land lives to the flow of the narrative Second by looking at the other figures in the narrative rather than focusing on the narrator s obsession with Jonah and his God Havea reminds readers that the fish plant worm and other beasts are also crucial in this narrative and considers how this can change our reading of the text
