Fustukian**

For A New Policy Of International Development:

Global Education Policy and International Development Antoni Verger, Mario Novelli, Hulya K.

Altinyelken, 2012-11-15 Drawing on international case studies and a range of theoretical perspectives leading scholars survey the impact of globalization on local education policy in developing countries International Development Governance

Ahmed Shafiqul Huque, Habib Zafarullah, 2017-09-25 The establishment of good governance is a major challenge for the developing world along with the need to sustain the progress resulting from developmental efforts Although there are numerous studies on the development and governance of emerging nations few volumes make a serious effort to bring together these two critical concepts International Development Governance combines the two concepts development and governance by examining the issues and problems faced by nations in their attempts to establish sustainable governance This textbook also initiates discussions on the concept of development governance in an international context The book fills the gap in existing literature by drawing upon the experience and expertise of scholars from a broad spectrum of knowledge Their views explain the issues and problems with reference to a number of tools that could establish development governance and sustain it The text offers in depth examinations of developmental sectors resulting in a textbook that will inspire future public officials policy makers and consultants to contribute to the betterment of life for citizens of developing countries **International Development** Paul Battersby, Ravi Roy, 2017-04-24 How can we lay the foundation for a more just and peaceful world How can we prevent communications from fracturing and societies from tearing themselves apart How should we prioritise economic social and cultural demands for resources and opportunities This book answers these questions and presents a view of development in practice Written by experts in the field the book covers a range of contemporary developments as well as providing coverage of the theory and practice of international development The book Covers a range of contemporary topics such as global security new technologies ethics and learning and participation Has chapters on Global Health and Development in Practice Environmentally Sustainable Development in Practice and Corruption and Development Features learning objectives summaries reading lists and questions for discussion Works as a practice driven text packed with case studies Global in perspective and full of everything you need to know this is your go to book for your studies in International Development

Emerging Trends in International Development and Climate Policy Stephan Klingebiel, Thomas Kalinowski, Niels Keijzer, 2024-08-31 This open access book delves into the considerable alignment of global sustainable development priorities between Germany and the Republic of Korea hereafter referred to as Korea despite their geographical separation Notably both nations share a common commitment to development policy and international climate action an alignment that holds immense potential for enhanced cooperation in today's evolving global landscape Germany's historical role as a founding member of the international development cooperation system juxtaposes with Korea's more recent entry into the Organisation for Economic Co operation and Development OECD and its

Development Assistance Committee DAC in 2010 Korea has transformed from a significant development assistance recipient to an active provider a transition mirrored in its engagement in international climate finance Within this dynamic context the book thoroughly examines key aspects such as the evolving development policy profiles of Germany and Korea their roles in international organizations and their shared commitment to international climate policies It also explores avenues for deeper collaboration between these like minded partners all against the backdrop of an evolving geopolitical focus including the new Indo Pacific emphasis *The Palgrave Handbook of International Development* Jean Grugel, Daniel Hammett, 2016-06-10

International development is a dynamic vibrant and complex field both in terms of practices and in relation to framing and concepts This collection draws together leading experts from a range of disciplines including development economics geography sociology political science and international relations to explore persistent problems and emergent trends in international development Building from an introduction to key development theories this Handbook proceeds to examine key development questions relating to the changing donor and aid landscape the changing role of citizens and the state in development the role of new finance flows and privatization in development the challenges and opportunities of migration and mobility emerging issues of insecurity and concerns with people trafficking the drugs trade and gang violence the role of rights and activism in promoting democracy and development the threats posed by and responses to global environmental change and the role of technology and innovation in promoting development **International Development** Michael

Woolcock, 2022-12-01 Whether understood as a long run historical process or an intentional political project international development transforms not only societies and economies but also key ideas about how the world works and how problems should be solved In this compelling book Michael Woolcock demonstrates that achieving peace and prosperity for all is supremely contingent and often contentious the means and ends of development are often perceived as alien unjust and disruptive its benefits and costs unequally borne Many development challenges are not technical problems amenable to an expert s solution but require extensive deliberation to find and fit context specific responses Woolcock insists that it is each generation s challenge to find shared legitimate and durable solutions to the moral imperative to reduce human suffering while simultaneously redressing the challenges that development success let alone failure inexorably brings This skillful guide will be essential reading for students and practitioners working in this complex field and for anyone seeking to help make the world a better place *International Development Assistance* Olav Stokke, 2019-03-08

This book provides a comprehensive search for the basic political drivers of international development cooperation based on the policy and performance of the OECD countries from the early 1960s to the present The author focuses on the stated and implemented policies of the four so called frontrunners and the Western hegemon scrutinizing the changing trends in the justifications objectives and guidelines set for the policy and their evolving performance vis vis the international ODA target Through extensive research the work examines predominant world views societal value systems and foreign policy traditions in order

to find the policy drivers that vary nation to nation and how development assistance has evolved globally

Religion and British International Development Policy Aikande Clement Kwayu, 2020-03-12 This book studies the relationship between British government and faith groups in its international development agenda within and beyond the context of Brexit It includes aspects of International Relations International Development and Religion and Politics to trace the relationship between the British government and faith groups showing that the relationship is enhanced on three conditions i the resurgence of religion in international affairs ii the attitudes of politicians and political parties towards the third sector i e voluntary and private sectors and iii the rising prominence of the international development agenda in British politics The third condition triggers the need to understand this relationship in the wake of Brexit Thus the book aims to analyze to what extent the increasing prominence of an international development agenda in British politics explains the relationship between the government and faith groups and ultimately whether Brexit has increased the prominence of international development agenda and brought faith groups into closer relations with the government

International Development Law Rumu Sarkar, 2020-03-26 This book describes how international development works its shortcomings its theoretical and practical foundations along with prescriptions for the future International Development Law provides the reader with new perspectives on the origins of global poverty identifies legal impediments to sustainable economic growth and provides a better understanding of the challenges faced by the international community in resolving global poverty issues The text is structured into two basic parts the first part deals with the theoretical and philosophic foundations of the subject and the second part sets forth issues relating to the international financial architecture namely international borrowing practices privatization and emerging economies In particular the book provides new innovative analysis on corruption as an impediment to sustainable development The three interlocking facets of corruption are examined transnational organized crime Islamic based international terrorism and corruption within emerging economies and the international banking system Thus fresh new analysis adds depth and clarity to a field that heretofore has been scattered and superficial Finally the right to development within the international human rights discourse is critically reviewed particularly in light of new jurisprudence emerging from the African context This book offers a fresh new and balanced legal perspective on the development process The text has been rigorously researched and has many practical facets based on the author s professional experience within the international development field It is an invaluable research and teaching tool since it takes a multidisciplinary approach to putting complex issues legal trends and political questions into a clear new perspective that is highly analytical as well as accessible to the reader The author s elegant legal prose is both powerful and persuasive

Handbook on the Politics of International Development Deciancio, Melisa, Nemiña, Pablo, Tussie, Diana, 2022-05-24 This innovative book sets out to rethink corporate social responsibility CSR in global value chains

Agency for International Development and U.S. Climate Change Policy United States. Congress. Senate. Committee on Foreign

Relations. Subcommittee on International Economic Policy, Export and Trade Promotion,1999 **U.S. Agency for International Development** United States. Congress. House. Committee on Oversight and Government Reform. Subcommittee on Government Management, Organization, and Procurement,2010 **Foreign Assistance and Related Programs Appropriations for 1982: Agency for International Development ... International organizations. Infant formula code** United States. Congress. House. Committee on Appropriations. Subcommittee on Foreign Operations and Related Agencies (1981-1987),1981 Evaluating Environment in International Development Juha I. Uitto,2014-04-24 More than twenty years after the Earth Summit was held in Rio de Janeiro in 1992 both national and international actors in governmental and nongovernmental fields are still searching for insights into how sustainable development can be advanced and environmental concerns incorporated into the development agenda more effectively Moreover climate change has emerged as a preeminent challenge to both the environment and to development Evaluating Environment in International Development provides international perspectives and in depth knowledge of evaluating development and the environment and applies evaluation knowledge to climate change mitigation and adaptation The book focuses on the approaches and experiences of leading international organizations not for profits and multilateral and bilateral aid agencies to illustrate how systematic evaluation is an essential tool for providing evidence for decision makers It provides novel and in depth perspectives on evaluating environment and sustainability issues in developing countries Moving beyond projects and programmes it considers aspects such as evaluating normative work on the environment and evaluating environmental consequences of economic and social development efforts This original collection should be of interest to scholars of environment studies development studies international relations sustainable development and evaluation as well as practitioners in international organizations and development and environmental NGOs **Key Resolutions of the United Nations General Assembly 1946-1996** Dietrich Rauschning,Katja Wiesbrock,Martin Lailach,1997-08-28 Key resolutions from the first fifty years of the United Nations General Assembly Global Knowledge Networks and International Development Simon Maxwell,Dr Diane L Stone,2004-08-02 This volume draws together leading experts from academia think tanks and donor agencies to examine the impact of transnational knowledge networks in the formulation of local national and global policy in the field of international development and transition studies These leading contributors pay particular attention to the global reach of research and the manner in which knowledge is incorporated into and shapes transnational policy domains They show how the knowledge agenda has become a central part of the discourse of both developing societies and advanced economies Governments and international organizations devote considerable financial resources to both in house and contracted research This volume will be of great interest to students researchers and policy makers concerned with global policy global governance and development Health Policy in a Globalising World Kelley Lee,Kent Buse,Suzanne Fustukian,2002-08-08 Increasing recognition of the impact that globalisation may be having on public health

has led to widespread concern about the risks arising from emerging and re emerging diseases environmental degradation and demographic change This book argues that health policy making is being affected by globalisation and that these effects are in turn contributing to the kind of global health issues being faced today The book explores how the actors context processes and content of health policy are changing as a result of globalisation raising concerns about growing differences in who can influence health policy what priorities are set what interventions are deemed appropriate and ultimately who enjoys good and bad health Bringing together a distinguished international group of contributors this book covers a comprehensive range of topics and geographic regions and will be invaluable for all those interested in health social and public policy and globalisation

The Transformation of Capacity in International Development Avidah K. Mayville, 2019-11-30 The Transformation of Capacity in International Development exposes the transformation of capacity within the development discourse through a discursive analysis of USAID projects in Afghanistan and Pakistan between 1977 and 2017 As development agendas increasingly call for human rights approaches to development and the foreign policies of donor states sound alarms over global security threats capacity development has emerged as the solution to the complex problem of development Through this examination of USAID s attempts to build capacity in Afghanistan and Pakistan the book exposes how Western notions of progress constructed by institutions government officials scholars and private sector actors are obscured by the transformation of capacity As agendas are translated into projects they perpetuate historical relationships of global inequality that have corrupted and compete with indigenous models of governance The Transformation of Capacity in International Development has implications for those considering the future of human rights based approaches to development the international management of global security threats and the sustainability of donor investments

Contemporary Perspectives on Art and International Development Polly Stupples, Katerina Teaiwa, 2016-10-26

Visual artists craftspeople musicians and performers have been supported by the development community for at least twenty years yet there has been little grounded and critical research into the practices and politics of that support This new Routledge book remedies that omission and brings together varied perspectives from artists policy makers and researchers working in the Pacific Africa Latin America and Europe to explore the challenges and opportunities of supporting the arts in the development context The book offers a series of grounded analyses which cover strategies for the sustainability of arts enterprises innovative evaluation methods theoretical engagements with questions of art agency and social change artists entanglements with legal and structural frameworks processes of cultural mapping and the artist donor interface The creative economy is increasingly recognized as a driver of development and this book also investigates the contribution made by the arts to the processes of international development and considers how those processes can best be supported by development agencies Contemporary Perspectives on Art and International Development gives scholars of Development Studies Social and Cultural Geography Anthropology Cultural Policy Cultural Studies and Global Studies a contextually and

thematically diverse range of insights into this emerging research field **Economic Neoliberalism and International Development** Michael Tribe, 2020-11-22 This book provides a robust theoretical and empirical exploration of the interrelationship between economic neoliberalism and international development Putting the experiences of developing and transitional economies centre stage the book investigates how their economic policies compare with the nature of economic liberalism during and after the significant economic reforms which took place from the mid 1980s Beginning with two chapters which provide an introduction to the concept of economic neoliberalism the second section focuses on its application to practice and the book moves on to country regional case studies taken from Sub Saharan Africa South Asia Latin America China and Eastern Europe The book closes with some concluding remarks summarising some of the principal findings Bringing together a wealth of expertise this book clarifies controversial economic and political issues which have been significantly misunderstood in public discourse and as such it will be of interest to a range of researchers interested in the economic social and political dynamics of developing and transitional countries
