response to the nearly universal persistent and sedimented modern world hyper signification of Black flesh always needing to be framed humiliated policed and dirtied Because Wimbush is a scholar of religion as culture having to do with social practices and their psycho politics as regimes of knowledge discourse formation and power relations his ex centric transdisciplinary interest in scriptures has been viewed in some circles as controversial Yet it is Wimbush s linkage of the modern hyper signification of Black flesh leading to racialization and racism especially anti Black racism to the scriptural as shorthand for discourse and relations of power that makes this work compelling *Disclosing a Portion: the inner mechanics of the Torah* Michael Laitman,2014-03-03 The Pentateuch or The Five Books of Moses is a fascinating odyssey of a nation in the making Yet underneath the tales that reveal human nature at its zenith and at its nadir lies an ocean of wisdom that if uncovered can alter reality itself Dr Michael Laitman s *Disclosing a Portion the inner mechanics of the Torah* uncovers some of that wisdom in a manner none other has done before Throughout the year each week observant Jews read a different portion of the Pentateuch which they refer to as the Torah Each portion deals with a different topic and is titled according to the first word or words in the portion As you read through the portions you will discover that each of the protagonists in the stories we ve known for so long is not a myth but a living force within These forces direct and determine your path in life and when you come to know them you come to know your true self Take your time to delve into the text and portion by portion you will find new meanings that will enrich and empower you as you become the happy confident person that you dream of being Studies in Isaiah 24-27 Bosman,Harm van Grol,2021-10-18 The Isaiah Apocalypse Isaiah 24 27 is an enigmatic text Linguistic structure and literary composition can not be discerned easily The contributions to this volume the result of studies and discussions which have taken place in the Dutch Isaiah Workshop treat various aspects of this problem The overall structure of the Apocalypse is investigated from three rather new points of view that of text syntax verse structure and traditional e g Massoretic segmentation Other studies of this volume deal with difficult passages and interesting themes Attention is also given to the most persistent interpretative problem what is the cohesion of the text as far as time place and action or actants are concerned An annotated translation and a select bibliography complete this stimulating volume
