the health care of lesbians and gay men the need for education in professional programs on special health issues of gay men and lesbians and the critical role that social workers can play in both educating others about the special needs of their gay and lesbian clients and in advocating for their clients in various health care settings Health Care for Lesbians and Gay Men is essential reading for social work and social service practitioners and students working in the health care field advanced undergraduates and graduate students of social work professionals and students of nursing and medicine and others concerned with the quality and equality of health care services It urges students and professionals to challenge and evaluate their own attitudes beliefs and behaviors in order to ensure quality services to all clients and patients *Dykes-loving-dykes* Bev Jo,Linda Strega,Ruston,1990 The Lesbian Revolution Sheila Jeffreys,2018-09-03 The Lesbian Revolution argues that lesbian feminists were a vital force in the Women s Liberation Movement WLM They did not just play a fundamental role in the important changes wrought by second wave feminism but created a powerful revolution in lesbian theory culture and practice Yet this lesbian revolution is undocumented The book shows that lesbian feminists were founders of feminist institutions such as resources for women survivors of men s violence including refuges and rape crisis centres and that they were central to campaigns against this violence They created a feminist squatting movement theatre groups bands art and poetry and conducted campaigns for lesbian rights They also created a profound and challenging analysis of sexuality which has disappeared from the historical record They analysed heterosexuality as a political institution arguing that lesbianism was a political choice for feminists and indeed a form of resistance in itself Using interviews with prominent lesbian feminists from the time of the WLM and informed by the author s personal experience this book aims to challenge the way the work and ideas of lesbian feminists have been eclipsed and to document the lesbian revolution The book will be of key interest to scholars and students of women s history the history of feminism the politics of sexuality women s studies gender studies lesbian and gay studies queer studies and cultural studies as well as to the lay reader interested in the WLM and feminism more generally **Women and Aging** Varda Muhlbauer,Joan C. *Lesbian Activism in the (Post-)Yugoslav Space* Bojan Bilić, Marija Radoman, 2018-07-17 This book intertwines academic and activist voices to engage with more than three decades of lesbian activism in the Yugoslav space The empirically rich contributions uncover a range of lesbian initiatives and the fundamental but rarely acknowledged role that lesbian alliances have played in articulating a feminist response to the upsurge of nationalism widespread violence against women and high levels of lesbophobia and homophobia in all of the post Yugoslav states By offering a distinctly intergenerational and

transnational perspective this collection does not only shed new light on a severely marginalised group of people but constitutes a pioneering effort in accounting for the intricacies solidarities joys and tensions of lesbian activist organising in a post conflict and post socialist environment With a plethora of authorial standpoints and innovative methodological approaches the volume challenges the systematic absence of post Yugoslav lesbian activist enterprises from recent social science scholarship Lesbian Activism in the Post Yugoslav Space will be of interest to students and scholars across a range of disciplines including gender studies history politics anthropology and sociology
