and provocative as ever **Preaching Christ from Ecclesiastes** Sidney Greidanus,2010-05-03 As Sidney Greidanus points out here Ecclesiastes is especially relevant for our culture the Teacher confronts enticements like materialism secularism hedonism human autonomy and self sufficiency But how can preachers convey these important teachings to their congregations in a helpful way Sidney Greidanus here does preachers a great service by providing the foundations for one or more series of expository sermons on Ecclesiastes He breaks the book down in several ways including the boundaries of each preaching text the text s theme and goal various ways to move to Christ in the New Testament detailed exposition of the fifteen literary units and application for today **Preaching that Matters** Stephen Farris,1998-01-01 Preaching is the art of building a bridge in the hearer s mind from the ancient world of the biblical text to the realities of our daily lives Throughout this book Stephen Farris offers splendid insights into ways that the Bible can connect with modern life and gives specific guidance to preachers on how to make these connections happen This is a highly practical book for ministers and for classroom use **Text to Praxis** Abraham Kuruvilla,2009-03-26 A fundamental issue for preachers of the Bible has always been achieving an approach that is both faithful to the textual intention as well as fitting for the listening audience What is historical and distant the text is in preaching made contemporary and near praxis Particularly pertinent is how this transaction may be conducted with respect to the self contained and well defined quantum of the scriptural text that is regularly employed in liturgical contexts the pericope This book answers the question In a sermon intending to proclaim application from a pericope what is the hermeneutical basis for moving validly from text to praxis i e with authority and relevance The concept of theology as a bridge between text and praxis has not been specifically researched or rigorously substantiated Kuruvilla seeks to do both utilizing as entr es language philosophy literary criticism and a thorough understanding of ordinary language Drawing from a variety of hermeneutical resources he establishes pericopal theology as the intermediary between text and praxis How this theology is discerned from the text and how application may be determined therefrom form the crux of this book This novel approach lends validity to the movement from text to praxis and promises to be useful for any approach to the biblical text intended to culminate in application Kuruvilla s approach provides a substantial technical basis for such an operation Thus the preacher must be a theologian homiletician It is the working out of this nomenclature especially the theologian half of the appellation that is the essence of this work uniting as it does in one portfolio the responsibility of negotiating the demands of both hermeneutics and homiletics **Text Messages** John Tucker,2017-12-06 Facebook Twitter Snapchat We live in a rapidly changing world a world that seems to be increasingly inhospitable toward preaching In the face of digital technology social media cultural pluralism and pastoral burnout how can Christian preachers proclaim the gospel faithfully and effectively This book answers that question by bringing together a selection of important voices from across North America Asia and the Pacific It argues that Spirit empowered preaching is characterized by five attributes it opens the Scriptures engages the culture addresses the listener dissects the preacher and

Long, 2005-01-01 This thorough revision of this classic text is even clearer and more helpful than the first edition Long has updated the language expanded the key chapter on biblical exegesis and has included more examples of sermon forms illustrations and conclusions **Text Message** Ian Stackhouse, Oliver D. Crisp, 2014-03-10 Preaching has fallen on hard times with many questioning its relevance and even its validity as a New Testament practice This symposium of specially commissioned essays draws together an international team of thirteen scholars and pastors to address the importance of textual preaching in the history and life of the early church the historic church and the contemporary church Contributions include essays on Old Testament preaching preaching in Hebrews gender sensitive preaching preaching in the theology of Jonathan Edwards Charles Spurgeon Dietrich Bonhoeffer and in Eastern Orthodoxy It also includes essays on a range of homiletical challenges that textual preaching raises for the contemporary preacher including genre preaching without notes inhabiting the text and preaching without platitudes A final reflection by Dave Hansen on the state of textual preaching rounds out the collection The preaching of the gospel stands at the heart of Christian praxis These essays make a vital contribution to the recovery of the importance of preaching focused on the text of Scripture Written with an eye to the pastor and practitioner as well as those in the pews and in the classroom this is a book that should appeal to a wide range of readers *Preaching Christ from Psalms* Sydney Greidanus, 2016-11-10 In this penultimate volume of his series on preaching Christ from the Old Testament Sydney Greidanus offers expert guidance for busy pastors on preaching Christ from Psalms Beginning with a general introduction on how pastors can interpret and preach from the biblical psalms and why they should Greidanus proceeds by discussing twenty two psalms in the Revised Common Lectionary Year A supplying the building blocks necessary to preach from Psalms at Christmas Easter Pentecost and other major days and seasons of the church year In addition to laying out basic homiletical theological approaches suitable for each selected psalm these chapters also provide verse by verse exposition bridges to Christ in the New

Testament and ideas for placing the psalmist's words into contemporary context The Company of Preachers Richard Lischer, 2002-08-30 This unique volume draws on the wisdom of Christian thinkers and preachers from across the ages to present a warm and informative collection of insights on the art of preaching. Gathering the writing of figures as diverse as Augustine, John Chrysostom, Jonathan Edwards, Gardner C. Taylor, and Barbara Brown Taylor, The Company of Preachers provides experienced advice on effective preaching direct from the pens of those who have known it best. The book is arranged in seven divisions, each covering a central component of the preaching task. Editor Richard Lischer, himself a distinguished preacher and teacher, gives a brief introduction to each selection. Aptly presenting a theological and historical cross-section of the church's homiletics, this volume will be invaluable to preachers, students preparing for ministry, and others seeking models of powerful Christian speech. Features insights on preaching from Augustine, Karl Barth, Dietrich Bonhoeffer, Walter Brueggemann, Rudolf Bultmann, Horace Bushnell, David Buttrick, John Calvin, John Cassian, John Chrysostom, Fred B. Craddock, C. H. Dodd, Jarena Lee, Jonathan Edwards, Charles Grandison Finney, P. T. Forsyth, Harry Emerson Fosdick, Gregory the Great, George Herbert, Martin Luther, Henry H. Mitchell, John Henry Newman, Phoebe Palmer, Paul Ricoeur, Oscar Romero, Friedrich Schleiermacher, Charles Haddon Spurgeon, Barbara Brown Taylor, Gardner C. Taylor, John Wesley, and many more.
