Frontier Of Violence:

Frontier Violence; Another Look William Eugene Hollon, 1974 **Gunfighters, Highwaymen, and Vigilantes** Roger D. McGrath, 2023-11-15 From the Preface On the frontier says conventional wisdom a structured society did not exist and social control was largely absent law enforcement and the criminal justice system had limited if any influence and danger both from man and from the elements was ever present This view of the frontier is projected by motion pictures television popular literature and most scholarly histories But was the frontier really all that violent What was the nature of the violence that did occur Were frontier towns more violent than cities in the East Has America inherited a violent way of life from the frontier Was the frontier more violent than the United States is today This book attempts to answer these questions and others about violence and lawlessness on the frontier and do so in a new way Whereas most authors have drawn their conclusions about frontier violence from the exploits of a few notorious badmen and outlaws and from some of the more famous incidents and conflicts I have chosen to focus on two towns that I think were typical of the frontier the mining frontier specifically and to investigate all forms of violence and lawlessness that occurred in and around those towns From the Preface On the frontier says conventional wisdom a structured society did not exist and social control was largely absent law enforcement and the criminal justice system had limited if any influence and danger both from man and from the e Regeneration Through Violence Richard Slotkin, 2024-01-23 National Book Award Finalist A study of national myths lore and identity that will interest all those concerned with American cultural history American Political Science Review Winner of the American Historical Association s Albert J Beveridge Award for Best Book in American History In Regeneration Through Violence the first of his trilogy on the mythology of the American West historian and cultural critic Richard Slotkin demonstrates how the attitudes and traditions that shape American culture evolved from the social and psychological anxieties of European settlers struggling in a strange new world to claim the land and displace Native Americans Using the popular literature of the seventeenth eighteenth and early nineteenth centuries including captivity narratives the Daniel Boone tales and the writings of Hawthorne Thoreau and Melville Slotkin traces the full development of this myth Deserves the careful attention of everyone concerned with the history of American culture or literature Comparative Literature Slotkin s large aim is to understand what kind of national myths emerged from the American frontier experience He discusses at length the newcomers search for an understanding of their first years in the New World and emphasizes the myths that arose from the experiences of whites with Indians and with the land Western American Literature **Frontier of Violence** Charles Leader, 1966 **American Culture** Leonard Plotnicov, 2010-11-23 American Culture comprises fifteen essays looking at the familiar and the less familiar in American society urbanites in Pittsburgh and Indianapolis rural communities in the American West Hispanics in Wisconsin Samoans in California the Amish and the utopian religious communities of the Shakers and Oneida The essays address a wide range of topics and a spectrum of occupations miners whalers farmers factory workers

physicians and nurses to consider such questions as why some religious sects remain distinctive separate and viable how groups use of such things as nicknames and family reunions to maintain ties within the community how immigrant communities organize to sustain traditional cultural activities

Frontier of Violence (A Rattlesnake Wells, Wyoming Western, #2) William W. Johnstone, J. A. Johnstone, In the dark shadow of the Prophecy Mountains lies the ramshackle town of Rattlesnake Wells where dreamers come to make their fortunes and desperados come to die The streets of this little settlement are slick with mud and stained with blood and it will fall to Bob Hatfield to sweep them clean The town marshal Hatfield has a young man's face but his eyes are those of a killer He is a good man but he has a secret that weighs on his soul In Texas Hatfield was known as the Devil's River Kid one of the most feared outlaws to ever ride the Lone Star State He fled Texas after a showdown with a corrupt rancher turned bloody and he vowed to start a new life on the right side of the law But when some ghosts from Hatfield's past catch up to him this gunslinging marshal will risk his life to protect the savage town known as Rattlesnake Wells

High Noon in Lincoln Robert M. Utley, 1987 In research writing and interpretation High Noon in Lincoln is a superb book It is one of the best books maybe the best ever written on a violent episode in the West Richard Maxwell Brown author of Strain of Violence Historical Studies of American Violence and Vigilantism

Borders Hastings Donnan, Thomas M. Wilson, 2021-03-10 Borders are where wars start as Primo Levi once wrote But they are also bridges that is sites for ongoing cultural exchange Anyone studying how nations and states maintain distinct identities while adapting to new ideas and experiences knows that borders provide particularly revealing windows for the analysis of self and other In representing invisible demarcations between nations and peoples who may have much or very little in common borders exert a powerful influence and define how people think as well as what they do Without borders whether physical or symbolic nationalism could not exist nor could borders exist without nationalism Surprisingly there have been very few systematic or concerted efforts to review the experiences of nation and state at the local level of borders Drawing on examples from the US and Mexico Northern Ireland Israel and Palestine Spain and Morocco as well as various parts of Southeast Asia and Africa this timely book offers a comparative perspective on culture at state boundaries The authors examine the role of the state ethnicity transnationalism border symbols rituals and identity in an effort to understand how nationalism informs attitudes and behaviour at local national and international levels Soldiers customs agents smugglers tourists athletes shoppers and prostitutes all provide telling insights into the power relations of everyday life and what these relations say about borders This overview of the importance of borders to the construction of identity and culture will be an essential text for students and scholars in anthropology sociology political science geography nationalism and immigration studies

The Frontier in British India Thomas Simpson, 2021-01-07 Thomas Simpson provides an innovative account of how distinctive forms of colonial power and knowledge developed at the territorial fringes of colonial India during the nineteenth century Through critical interventions in a wide range of theoretical and historiographical fields he speaks to historians of

empire and science anthropologists and geographers alike *The Frontier in British India* provides the first connected and comparative analysis of frontiers in northwest and northeast India and draws on visual and written materials from an array of archives across the subcontinent and the UK Colonial interventions in frontier spaces and populations were it shows enormously destructive but also prone to confusion and failure on their own terms British frontier administrators did not merely suffer turbulent frontiers but actively worked to generate and uphold these regions as spaces of governmental and scientific exception Accordingly India's frontiers became crucial spaces of imperial practice and imagination throughout the nineteenth century Genocide on Settler Frontiers Mohamed Adhikari, 2015-06-01 European colonial conquest included many instances of indigenous peoples being exterminated Cases where invading commercial stock farmers clashed with hunter gatherers were particularly destructive often resulting in a degree of dispossession and slaughter that destroyed the ability of these societies to reproduce themselves The experience of aboriginal peoples in the settler colonies of southern Africa Australia North America and Latin America bears this out The frequency with which encounters of this kind resulted in the annihilation of forager societies raises the question of whether these conflicts were inherently genocidal an issue not yet addressed by scholars in a systematic way **Urbanizing Frontiers** Penelope Edmonds, 2010-07-01 Frontiers were not confined to the bush backwoods or borderlands Towns and cities at the farthest reaches of empire were crucial to the settler colonial project Yet the experiences of Indigenous peoples in these urban frontiers have been overshadowed by triumphant narratives of progress This book explores the lives of Indigenous peoples and settlers in two Pacific Rim cities Victoria British Columbia and Melbourne Australia Built on Indigenous lands and overtaken by gold rushes these cities emerged between 1835 and 1871 in significantly different locations yet both became cross cultural and segregated sites of empire This innovative study traces how these spaces and the bodies in them were transformed sometimes in violent ways creating new spaces and new polities **Frontier Violence in the Trans-Sierra West** Roger D. MacGrath, 1978 *Rioting in America* Paul A. Gilje, 1999-03-22 a sweeping analytical synthesis of collective violence from the colonial experience to the present American Studies Gilje has written the book on rioting throughout American history The Historian a thorough illuminating and at times harrowing account of man's inhumanity to man William and Mary Quarterly fulfills its title's promise as an encyclopedic study an impressive accomplishment and required reading for anyone interested in America's contentious past Journal of the Early Republic Gilje has written a thought provoking survey of the social context of American riots and popular disorders from the Colonial period to the late 20th century a must read for anyone interested in riots Choice In this wide ranging survey of rioting in America Paul A Gilje argues that we cannot fully comprehend the history of the United States without an understanding of the impact of rioting Exploring the rationale of the American mob brings to light the grievances that motivate its behavior and the historical circumstances that drive the choices it makes Gilje's unusual lens makes for an eye opening view of the American people and their history Colonial frontiers Lynette Russell, 2017-03-01 Cross cultural

encounters produce boundaries and frontiers This book explores the formation structure and maintenance of boundaries and frontiers in settler colonies The southern nations of Australia New Zealand and South Africa have a common military heritage as all three united to fight for the British Empire during the Boer and First World Wars The book focuses on the southern latitudes and especially Australia and Australian historiography Looking at cross cultural interactions in the settler colonies the book illuminates the formation of new boundaries and the interaction between settler societies and indigenous groups It contends that the frontier zone is a hybrid space a place where both indigene and invader come together on land that each one believes to be their own The best way to approach the northern Cape frontier zone is via an understanding of the significance of the frontier in South African history The book explores some ways in which discourses of a natural prehistoric Aboriginality inform colonial representations of the Australian landscape and its inhabitants both indigenous and immigrant The missions of the London Missionary Society LMS in Polynesia and Australia are examined to explore the ways in which frontiers between British and antipodean cultures were negotiated in colonial textuality The role of the Treaty of Waitangi in New Zealand society is possibly the most important and controversial issue facing modern New Zealanders The book also presents valuable insights into sexual politics Aboriginal sovereignty economics of Torres Strait maritime and nomadism

The Secret War Jonathan Richards, 2008 The Secret War is the latest salvo in the History Wars that sees historians politicians and writers arguing over the extent of Indigenous deaths in frontier clashes It is an authoritative and groundbreaking contribution to Australia's white settlement history Australian author Guns in American Society Gregg Lee Carter, 2012-05-04 Thoroughly updated and greatly expanded from its original edition this three volume set is the go to comprehensive resource on the legal social psychological political and public health aspects of guns in American life The landmark 2002 edition of Guns in American Society An Encyclopedia of History Politics Culture and the Law was acclaimed for helping readers get beyond the sometimes overheated rhetoric and navigate the overwhelming amount of unbiased academic research on gun related issues Now in light of the steady rate of gun violence and several high profile shooting incidents this extraordinary three volume work returns in a timely and thoroughly updated edition With over 100 new entries the latest edition of Guns in American Society is the most current resource available on all aspects of the gun issue including rates of violence gun control gun rights regulations and legislation court decisions pro and anti gun organizations gun ownership hunters and collectors public opinion toward guns and much more With expert contributions from the fields of criminology history law medicine politics and social science it gives students journalists policymakers and researchers a foundation for their own investigations while helping readers of all kinds make decisions as family members potential gun owners and voters *BUCKLEY, BATMAN & MYNDIE: Echoes of the Victorian culture-clash frontier*, 2021-01-01 Sounding 4 begins with the first narrative of squatter George Russell followed by an echo on magistrate soldier and later Crown Lands Commissioner for the Western District Flogger Fyans Expansion west and north west from Geelong soon causes the Colac

tribal collapse and later the government sanctioned revenge massacre of the Gadubanud Cape Otway clans Then follows the dispossession timeline of the Geelong Ballarat Wathaurong people and the extensive contributions by Ian D Smith on Aboriginal geography and languages of the west with clan organization mechanisms of dispossession Aboriginal responses a geography of disruption and Aboriginal perceptions of Europeans in 19th century Victoria For contrast is a section SANITIZED FRONTIER PROFILES OF PROMINENT COLONIALS controlling the countryside until largely replaced by the bankers and gold diggers Moving further west is an echo titled WINNING LOSING THE GRAMPIANS AND THE GLENELG RIVER before a complete reproduction of Dr Jan Critchett s Distant Field of Murder Ian Clark and George Russell reveal how the western plains were taken over after the vanishing of the Djab Wurrung clans around the Hopkins River Echoes of the KULIN SUNSET COUNTRY SETTLED and A SCOTTISH ARK GROUNDS AT ARARAT are settler versions largely from local history books of reminiscences by successful sheep and cattle pastoralists such as the Learmonth and Russell family dynasties The sour joke that the Scots had the land the Irish the pubs and the English the accent does no justice to the role of guns germs and money making Modern scholarship birthed echoes titled FRONTIER MAYHEM IN THE FAR WEST which include the tribal resistance of Jupiter Cocknose Roger Doctor Bumbletoe etc defeated by the likes of Wathaurong guide Bon Jon with CCL Fyans and the mounted Wurundjeri and Bunurong members of Captain Dana s Native Police This is followed by Marie Fels on native police action and A G L Shaw on frontier violence with Dr Critchett overview on Framlingham Aboriginal Mission Station Sounding 4 concludes with aftermath echoes titled KING DAVID DAWSON S INFORMANTS THE CAMPERDOWN GEORGE OBELISK and echo 74 HINDSIGHTS ON THE CULTURE CLASH FRONTIER Part 1 of which is on Redmond Barry terra nullius and the Bon Jon case and part 2 has historian Henry Reynolds challenging our national self image

Settler Society in the Australian Colonies Angela Woollacott, 2015 Examines the rising numbers of free settlers from the 1820s to the 1860s their dependence on Aboriginal immigrant and convict under paid laborers and the slow development of representative government

The Politics of Consolation Christina Simko, 2015-07-28 What meaning can be found in calamity and suffering This question is in some sense perennial reverberating through the canons of theology philosophy and literature Today The Politics of Consolation reveals it is also a significant part of American political leadership Faced with uncertainty shock or despair Americans frequently look to political leaders for symbolic and existential guidance for narratives that bring meaning to the confrontation with suffering loss and finitude Politicians in turn increasingly recognize consolation as a cultural expectation and they often work hard to fulfill it The events of September 11 2001 raised these questions of meaning powerfully How were Americans to make sense of the violence that unfolded on that sunny Tuesday morning This book examines how political leaders drew upon a long tradition of consolation discourse in their effort to interpret September 11 arguing that the day s events were mediated through memories of past suffering in decisive ways It then traces how the struggle to define the meaning of September 11 has continued in foreign policy discourse

commemorative ceremonies and the contentious redevelopment of the World Trade Center site in lower Manhattan Guns in American Society Jaclyn Schildkraut, Gregg Lee Carter, 2022-12-01 The revised third edition of the landmark Guns in American Society provides an authoritative and objective survey of the history and current state of all gun related issues and areas of debate in the United States Guns in American Society An Encyclopedia of History Politics Culture and the Law is a comprehensive and evenhanded three volume reference resource for understanding all of the political legal and cultural factors that have swirled around gun rights and gun control in America past and present The encyclopedia draws on a vast array of research in criminology history law medicine politics and social science It covers all aspects of the issue gun violence including mass shootings in schools and other public spaces gun control arguments and organizations gun rights arguments and organizations the firearms industry firearms regulation legislation and court decisions gun subcultures for example hunters and collectors leading opinion shapers on both sides of the gun debate technological innovations in firearm manufacturing various types of firearms from handguns to assault weapons and evolving public attitudes toward guns Many of these entries place the topics in both historical and cross cultural perspective
