

Hillside Strangler

Curt R. Bartol, Anne M. Bartol

Hillside Strangler:

The Hillside Strangler Ted Schwarz, 2004 This book is the dramatic psychological study of a brutal killer whose crimes of rape and murder were gruesome secrets he kept even from himself Written with exclusive information gleaned from countless conversations with killer Ken Bianchi his girlfriend his psychiatrists as well as policemen and journalists involved with the case The Hillside Stranglers Darcy O'Brien, 2014-07-01 The riveting true crime account of the Hillside Stranglers and the horrific serial killings they unleashed on 1970s Los Angeles For weeks that fall the body count of sexually violated brutally murdered young women escalated With increasing alarm Los Angeles newspapers headlined the deeds of a serial killer they named the Hillside Strangler The city was held hostage by fear But not until January 1979 more than a year later would the mysterious disappearance of two university students near Seattle lead police to the arrest of a security guard the handsome charming fast talking Kenny Bianchi and the discovery that the strangler was not one man but two Compellingly O'Brien explores the symbiotic relationship between Bianchi and his cousin Angelo Buono their lust for women as insatiable as their hate before examining the crimes they remorselessly perpetrated and the lives of the unsuspecting victims they claimed Equally riveting is O'Brien's account of the trial one of the longest and most controversial criminal court cases in American history with the defense team parading one after another expert witnesses who had been effectively duped by Bianchi's impersonation of a man suffering multiple personality disorder It's one way a man might contrive to get away with murder Like Truman Capote in *In Cold Blood* and Norman Mailer in *The Executioner's Song* Darcy O'Brien weds the narrative skill of an award winning novelist with the detailed observations of an experienced investigator to unravel this chilling true crime story *The Hillside Strangler* Ted Schwarz, 1982-04 **A Crossing of Paths** Ron Crisp, 2012-05-01 If you like first person accounts of true crime stories you will love this book I invite the reader to follow me through my investigation of the Leslie Barry murder the trial of Art Anzures for the murder the evidence that led me to my 3 suspects how my investigation of the Barry murder led me to the defense of Angelo Buono in the Hillside Strangler case and what happened in my personal life as a result of my attempts to expose the systematic cover up in California V Angelo Buono The single most important clue in the case came from the statement of a 14 year old boy on the night of the Barry murder I wasn't at the crime scene that night but would read the statement in police reports a week and a half later When I read it I was astonished that the police seemed to be showing no interest in this remarkable 16 word statement from a friend of the victim The cops ignoring evidence that could help crack a case that had baffled them for 18 months caused me to wonder if they were so stupid they couldn't connect these two simple dots or if something more sinister was going on A dozen books or more have been written about the Hillside Strangler case and taking a cue from the books screenwriters have used the case in movies and TV cop shows to lend an air of credibility to their fictitious story lines The Irony hasn't escaped me that these writers are using a fiction to give credibility to a fiction However these movies and cop shows have kept the myth that Kenneth Bianchi and Angelo Buono were

the Hillside Stranglers alive I've heard rumors that in recent years the LAPD destroyed all the evidence from their Hillside Strangler investigation. If these rumors are true, you can bet the farm that it wasn't done to save space but to protect the guilty. I've reduced that statement by the 14-year-old boy to 4 words and made it the title of this book: *A Crossing of Paths* is the true story of the Hillside Strangler case. Michael Newton, 2004-01-01. [Introduction to Forensic Psychology](#) Curt R. Bartol, Anne M. Bartol, 2008. This edition features a multicultural perspective and focuses on the application of psychological knowledge and research. New coverage in this edition includes relationships between mental disorders and crime and violence, sexual deviance, death penalty mitigation, restorative justice initiatives, arson, and typologies of juvenile fire setters, sexual harassment, and criminal sentencing.

The Hillside Stranglers Darcy O'Brien, 2003-05-15. For weeks in the fall of 1977, as the body count of sexually violated brutally murdered young women escalated, the Los Angeles newspapers headlined the increasingly alarming deeds of a serial killer they named the Hillside Strangler. But it would take more than another year and the mysterious disappearance of two young women in Seattle before the police would arrest one man, the handsome charming fast-talking Kenny Bianchi, and discover that the strangler was actually two men. Like Truman Capote in *In Cold Blood* and Norman Mailer in *The Executioner's Song*, Darcy O'Brien weds the narrative skill of an award-winning novelist with the detailed observations of an experienced investigator to bring the story of Bianchi and his animally magnetic cousin Angelo Buono vividly to the page. First exploring the symbiotic relationship between these two men who shared a lust as insatiable as their hate for women, O'Brien goes on to examine the crimes themselves and the lives of the victims.

Serial Murder and Media Circuses Dirk C. Gibson, 2006-07-30. The Axman of New Orleans specialized in killing grocers of Italian descent in the 1910s, apparently to promote jazz music. Dorothea Puente was a little old landlady who murdered her tenants but kept cashing their government checks. The Manson Family terrorized California in the 1960s, as did the Hillside Stranglers a decade later. Twelve serial murder cases occurring in eight decades between the 1890s and 1990s had one thing in common: significant presence of the mass media. This book examines these specific cases of serial murder and the way the media became involved in the investigations and trials of each. Gibson argues that the American media plays a multidimensional and integral role in serial killings and their investigation and that this role is not generally a positive one. Serial murder cases motivate the media in unfortunate ways, and the result is that even typically respectable media organizations can be involved in such things as document theft or in interfering with the capture of serial murderers on the run. This link between multiple murderers and mass communication is not accidental or coincidental; rather, the relationship between the press and serial killers is one of extraordinary importance to both parties. Gibson examines the role of the media in serial murder cases, the body of knowledge on serial murder as seen through the lens of mass communication, the effectiveness of law enforcement responses to serial murderers, and how they might be improved if the mass communication influence was better understood, the magnitude of the serial murder problem, and the interaction between the media, the

killers and serial murder investigations Specific examples and numerous quotes are provided throughout to illustrate this strange and detrimental relationship between media and serial murderers **Serial Killers** Peter Vronsky, 2004-10-05 A comprehensive examination into the frightening true crime history of serial homicide including information on America's most prolific serial killers such as Jeffrey Dahmer Ted Bundy Co ed Killer Ed Kemper The BTK Killer Highway Stalker Henry Lee Lucas Monte Ralph Rissell Shoe Fetish Slayer Jerry Brudos Night Stalker Richard Ramirez Unabomber Ted Kaczynski Ed Gein The Butcher of Plainfield Killer Clown John Wayne Gacy Andrew Cunanan And more In this unique book Peter Vronsky documents the psychological investigative and cultural aspects of serial murder beginning with its first recorded instance in Ancient Rome through fifteenth century France on to such notorious contemporary cases as cannibal necrophile Ed Kemper the BTK killer Henry Lee Lucas Monte Ralph Rissell Jerry Brudos Richard Ramirez Unabomber Ted Kaczynski Ed Gein John Wayne Gacy Ted Bundy Jeffrey Dahmer and the emergence of what he classifies as the serial rampage killer such as Andrew Cunanan who murdered fashion designer Gianni Versace Vronsky not only offers sound theories on what makes a serial killer but also makes concrete suggestions on how to survive an encounter with one from recognizing verbal warning signs to physical confrontational resistance Exhaustively researched with transcripts of interviews with killers and featuring up to date information on the apprehension and conviction of the Green River killer and the Beltway Snipers Vronsky's one of a kind book covers every conceivable aspect of an endlessly riveting true crime phenomenon INCLUDES PHOTOGRAPHS

Multiple Personality Ray Aldridge-Morris, 1991 Multiple personality syndrome is being diagnosed and treated in the United States in ever increasing numbers Indeed it is alleged that the incidence of this bizarre and striking disorder has reached epidemic proportions Clinician researchers report each seeing individually more than 100 patients whose minds have split into as many as 60 alter egos Their case histories are typified by sexual and physical abuse in childhood and some have reached notoriety in films like *Eve* and *Sybil* and in criminal records like Bianchi the Hillside Strangler But does multiple personality exist This monograph takes as its point of departure the virtual absence of such patients anywhere except the U S A and even then it is a relatively small number of psychologists and psychiatrists who report the overwhelming majority of cases The book provides the first comprehensive review of the burgeoning literature from the beginning of the century to the present and covers more than 300 articles and books It should prove of interest to psychologists psychiatrists psychotherapists and social workers and is an invaluable reference for students on courses in clinical and abnormal psychology as well as to practising clinicians and social workers Following an introduction to a selection of the more notable cases a number of critical issues are examined in ensuing chapters These are devoted to problems of definition and differential diagnosis aetiology psychophysiological psychometric and experimental studies attempts at theoretical explanation and the relationship between MPS hypnosis and dissociation The author a practising clinical psychologist and lecturer in psychopathology gradually develops the hypothesis that MPS is best explained under the

rubric of social role theory It is argued that MPS is a culture bound variant of hysterical psychosis occurring in individuals with high hypnotisability The tentative conclusion is that even if one accepts the reality of MPS it is unhelpful to regard it as a discrete clinical entity and it is being grossly overdiagnosed

Extreme Killing James Alan Fox,2005 Extreme Killing Understanding Serial and Mass Murder provides a comprehensive fascinating overview of multiple homicide including both serial and mass murder Adopting a unified conceptual framework for understanding these divergent forms of extreme killing this book illustrates the many violent expressions of power revenge terror greed and loyalty using contemporary and classic case studies in multiple murder In Extreme Killing renowned experts James Alan Fox and Jack Levin examine the theories of criminal behavior and apply them to a multitude of well known and lesser known cases from around the world The authors draw upon research from two large data sets one comprised of serial killers and the other of those who have committed massacres The book presents the many commonalities among multiple murders and also focuses on the varieties of serial and mass killing The authors address the characteristics of both killers and their victims and in their concluding chapter discuss the special concerns of multiple murder victims and their survivors

Serial Killers: Up Close and Personal Christopher Berry-Dee,2007-07-28 Provides statements and quotes from a number of convicted serial killers in an effort to understand the homicidal mind
