Himalayan Buddhism Past And Present:

Himalayan Buddhism, Past and Present D. C. Ahir, 1993 Himalayan Buddhism Past and Present D. C. Ahir, 1993-01-01 Uddiyana Guru Padmasambhava : The Second Buddha Prabir Kumar Pattanaik, 2024-07-07 Buddhist Acharya Padmasambhava of the Vajrayana school of Mahayana sect being invited by the king of Tibet went there during the first half of the eighth century AD He firmly established this esoteric form of Buddhism there and other Himalayan lands which is known as Lamaism He is deified and celebrated in Lamaism as Buddha himself even more than that As a direct result of Padmasambhava's efforts the people of Tibet were elevated to a state of unsurmountable spiritual culture He is therefore truly one of the greatest of the world's culture heroes He is most revered and is honoured as the Second Buddha He belongs to India and hails from Uddiyana Therefore he is popularly known as Uddiyana Guru But a holy personality known all over the world a Great Guru is almost a forgotten name in India least remembered not in history not in literature not anywhere even among the Buddhist circles in India Padmasambhava originally belongs to Uddiyana the location of this place has been disputed by some scholars to be in Swat Valley within the ancient Gandhara region which is not tenable The present work is an attempt to study all aspects pertaining to this Guru starting from his magical appearance and penances to his mystical life his works and achievements all through the Himalayan region along with Tibet That leads to establish strongly that the home of the Uddiyana Guru is nowhere else but in Odisha Focus has been laid to establish facts and all evidences showing that Uddiyana is but Odisha This may be considered as the exclusive and exhaustive compilation published for the first time in India Kashmir's Buddhist Ladakh M. Trans-Himalayan Buddhism Suchandana Chatterjee, 2019-12-19 The ambit of Buddhist studies reflects not only the spiritual and philosophical domain of Buddhism but also a symbiotic relationship between the monastic establishment and protectors of cultural tradition a trend that one sees in the context of Buddhist revivalist projects in Mongolia and Buryatia The presence of a Buddhist order in the political realm has revived intellectual debates about the relationship between spiritual and temporal authority The interface between South Asian and South East Buddhism on the one hand and Central Asian Buddhism on the other is also delicately balanced in Buddhist cultural discourse The relevance of Buddhism in a globalized world has also given a new direction to the realm of Buddhist studies This book takes into account the competing discourses of preservation and revival of Buddhism in the trans Himalayan sector It not only deals with the cultural ethos that Buddhism represents in this region but also the diverse Buddhist traditions that are strongly entrenched despite colonial intervention Juxtaposed to the aesthetic variant is the extremely sensitive response of the Buddhist communities in India and Asiatic Russia centred round the issue of displacement It is this issue of duality of common traditions and fractured identities that has been dealt with in the present volume Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka The Himalayas Andrew J.
