Hindenburg Peace War Aftermath:

Hindenburg Gerhard Schultze-Pfaelzer,1931 **Hindenburg; Peace, War, Aftermath. Translated by Christopher R. Turner** Gerhard Schultze-Pfaelzer,Christopher Rede Turner,1931 Hindenburg Anna von der Goltz,2009-09-10

Hindenburg Power Myth and the Rise of the Nazis investigates the various political and cultural manifestations of the myth surrounding German Chief of Staff and Reich President Paul von Hindenburg from the Battle of Tannenberg in 1914 to his death in the Third Reich and beyond How this little known General whose career to normal retirement age had provided no real foretaste of his heroic status became a national icon and living myth and what this phenomenon tells us about one of the most crucial periods in German history is the subject of this book The book charts the origins of the Hindenburg myth during the First World War looks at how it survived the revolution and explains why Hindenburg s name on the ballot mesmerized voters in the presidential elections of 1925 and 1932 The only two times in German history that the people could elect their head of state directly and secretly they chose this national icon Hindenburg even managed to defeat Hitler in 1932 making him the Nazi leader s ultimate arbiter The book examines the complex role of the Hindenburg myth in fashioning the F hrer cult while also emphasizing its more wide ranging appeal prior to 1933 The Hindenburg myth in fact caught the imagination of an exceptionally broad social and political coalition of Germans turning it into one of the most potent forces in German politics in a period otherwise characterised by rupture and fragmentation Crucially it managed to survive military failures and political disappointments As the author shows the mythical narrative was constantly evolving but the belief in Hindenburg s mythical qualities was more enduring than a narrow application of Weber s model of charismatic authority which defines projection as key would suggest *Hindenburg* Dennis E. Showalter,William J. Astore,2014-05-27 With his victory over the Russian army at the battle of Tannenberg in August 1914 Paul von Hindenburg became a war hero By 1916 he had parlayed an exaggerated reputation for decisive victory into near dictatorial powers After Germany s defeat at Verdun and War Minister Erich von Falkenhayn s dismissal in late 1916 Hindenburg along with his chief of staff Erich Ludendorff took over strategic direction of the war The eponymous Hindenburg Program attempted with some success to mobilize Germany s economy for war He also oversaw many of Germany s most important wartime decisions including the resumption of unrestricted submarine warfare Bethmann Hollweg s dismissal as chancellor Russia s defeat and negotiation of the Treaty of Brest Litovsk and the Ludendorff Offensives of 1918 which sought decisive victory on the Western Front but ended in Germany s catastrophic defeat After the war Hindenburg played a crucial role in creating the Dolchstoßlegende the myth that the German Army had been stabbed in the back by a Jewish Bolshevik conspiracy on the homefront in leading Germany as president of the Weimar Republic and most tragically in acquiescing to Adolf Hitler s rise to power *Quarterly Review of Military Literature* ,1931 Great Warrior Leaders/thinkers ,1989 **Bulletin of the British Library of Political and Economic Science** British Library of Political and Economic Science,1926 **Military Review** ,1931 *The United States*

in the First World War Anne Cipriano Venzon, 2013-12-02 First Published in 1999 Includes six maps **HOW HITLER CAME TO POWER** Sara Moore, 2006-01-27 How Hitler came to Power describes how what amounted to a conspiracy of German military and industrial cliques and in particular members of the pre First World War Pan German League manipulated Allied leaders and misrepresented the Treaty of Versailles to further their ambitions It was they who created the conditions which let Hitler come to power Economic historian Sara Moore is the author of *Peace without Victory for the Allies* 1918 1932 Berg 1994 In her new book she skilfully details how America and the Allies failure to secure an unconditional surrender allowed factions within the German ruling elites to portray their country's military defeat as a stab in the back by weak liberal politicians They shared beliefs in Bismarck's legacy of blood and iron the ideology of the master race and Germany's destiny as a world power Millions had voted for democracy and pacifism in 1928 This angered members of the Pan German League such as newspaper magnate Alfred Hugenberg and his former employer Gustav Krupp The pursued their nefarious schemes to undermine the Weimar Republic with zero regard for the human cost Real Politik ruled Moore reveals that Germany was world's largest exporter in 1931 and its Reichsbank full of funds when it pointed to the misery of its people and asked for a moratorium on its reparations payments Foreigners worried about Germany's huge number of unemployed and feared that the country would be overcome by Bolshevism but their fears were groundless because unknown to them Krupp had secretly concluded a contract in which he agreed to assist Stalin in modernising his armed forces provided that Stalin ordered the German Communists to vote with the extreme Right instead of the Left in the German Reichstag Krupp also helped Stalin create and organise giant collectives to pay for his weaponry Demoralised by taxation mass unemployment and misinformation the German people finally lost their faith in democracy and in 1932 voted to support Hitler Only a short time later Hindenburg allowed him to become dictator Yet Krupp Hugenberg and the Pan Germans who helped Hitler's rise to power seem to have escaped censure for eighty years **Books and Notes** Los Angeles County Public Library, 1926

The Library Catalogs of the Hoover Institution on War, Revolution, and Peace, Stanford University Hoover Institution on War, Revolution, and Peace, 1969 [For King and Kaiser!](#) Steven E. Clemente, 1992-06-16 Steven Clemente describes how conservative traditions and aristocratic values were preserved in the selection and training of German army officers prior to World War I despite changing times and the influx of many middle class recruits into the army He demonstrates how right thinking and service to the King and the Kaiser were the basis for Prussian officer education in the period from 1860 to 1914 The history provides considerable detail about German secondary school education the selection of officers the curriculum and life in the cadet and war schools the life of a subaltern and the education of the Prussian War Academy The book concludes with an analysis of the attitudes and loyalties of the officers that entered World War I Students of European history and military affairs will find this study one that raises a number of provocative questions about German performance in World War I and in subsequent years **Victory Without Peace** Roger Burlingame, Alden Stevens, 1944

The Consequences of the Peace Alan Sharp, 2015-02-15 The Versailles Settlement at the time of its creation a vital part of the Paris Peace Conference suffers today from a poor reputation despite its lofty aim to settle the world's affairs at a stroke it is widely considered to have paved the way for a second major global conflict within a generation Woodrow Wilson's controversial principle of self-determination amplified political complexities in the Balkans and the war and its settlement bear significant responsibility for boundaries and related conflicts in today's Middle East After almost a century the settlement still casts a long shadow This revised and updated edition of *The Consequences of the Peace* sets the ramifications of the Paris Peace treaties for good or ill within a long term context Alan Sharp presents new materials in order to argue that the responsibility for Europe's continuing interwar instability cannot be wholly attributed to the peacemakers of 1919-23 Marking the centenary of World War I and the approaching centenary of the Peace Conference itself this book is a clear and concise guide to the global legacy of the Versailles Settlement

Consequences of Peace Alan Sharp, 2011-06-14 *Consequences of Peace The Versailles Settlement Aftermath and Legacy* This final volume in the Paris Peace Conference series will evaluate the immediate and later effects of the last great peace gathering which sought to settle the world's affairs at a stroke something that was not attempted after either the Second World War or the Cold War The Versailles settlement has not enjoyed a great reputation It has been blamed for causing a second major conflict within a generation thus apparently fulfilling Marshal Foch's gloomy prediction that This is not a peace it is an armistice for twenty years More recently commentators have suggested that the post 1989 ethnic disturbances in the Balkans and on the fringes of the former Soviet Union are the old chickens of Versailles coming home to roost The contemporary world still struggles to come to terms with the implications of President Woodrow Wilson's troublesome principle of national self-determination and remains embroiled in the ambiguities and complexities of the Middle East an area for whose boundaries and problems the Great War and settlement bear significant responsibility We are also still seeking to realise more effectively some of the nobler ambitions of the peacemakers expressed in the Covenant of the League of Nations in their concern for the human rights of minority nationalities left on the wrong side of the new borders that they sanctioned and in their attempt to extend criminal responsibility for war beyond the operational irregularities of combatants to political and military leaders Ninety years on the settlement still casts a long shadow

The Army Quarterly, 1931 *The Aftermath* Winston Churchill, 1929 World politics during the ten years following the Armistice *The World Crisis: 1918-1928. The aftermath.* 1929 Sir Winston Churchill, 1929 *The German-Polish Frontier of 1919 and Self-determination* Mary-Louise Bourret, 1945

Unveiling the Power of Verbal Beauty: An Mental Sojourn through **Hindenburg Peace War Aftermath**

In a global inundated with displays and the cacophony of instantaneous connection, the profound energy and psychological resonance of verbal artistry often diminish into obscurity, eclipsed by the continuous assault of noise and distractions. However, nestled within the lyrical pages of **Hindenburg Peace War Aftermath**, a charming function of literary beauty that impulses with raw feelings, lies an unforgettable journey waiting to be embarked upon. Composed by a virtuoso wordsmith, that magical opus instructions visitors on an emotional odyssey, gently revealing the latent potential and profound affect embedded within the complex internet of language. Within the heart-wrenching expanse of this evocative evaluation, we can embark upon an introspective exploration of the book is key styles, dissect their fascinating writing type, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.
