readerly or capable of being read was non contemplative and therefore a precondition of abstract poems that require only to
be contemplated since effectively a species of word art The five books in this project represent different stages in John O
Loughlin s development of a non readerly or contemplative style of poetic composition and have also been published
separately under the headings Contemplations 1985 Supercontemplations 1993 and Ultracontemplations 1994 the first of
these being in three books and therefore containing the greater percentage of the material now available in one volume as
