country Coalition that was deployed in Afghanistan or produce an account that carries so much of the essence of soldiering in this inhospitable environment where extremes of climate treachery and enemy cunning have always defeated nations that dared to wage war in the graveyard of empires Embed explores the fragile calm of Bamiyan and its ancient sites and other low intensity regions usually ignored but a vital part of the overall picture together with the ferocious clashes of Helmand Kandahar Kunar and other provinces The author found that even the most sophisticated armed forces had been sucked into a fight they were ill prepared for and amid political uncertainty and dwindling public support back home ultimately could not win **ID** ,2007 Japanese Technical Abstracts ,1987
