The Paladins Omnibus David Dalglish, 2013-01-04 Join Darius and Jerico faithful paladins of opposing deities as they struggle against monsters invading from the Vile Wedge a civil war in the North and a growing unrest fed by prophets and madmen that would tear apart the land for their insidious goals This bundle contains the following four novels Night of Wolves Clash of Faiths The Old Ways The Broken Pieces **The Paladins** Markham, Clements R., Very little is known for certain of one of the most important events in the history of the world the coming of the Englishmen to England It took a long time fully a century from 450 A D to 550 A D and they came constantly in small detachments for the most part landing on the coast in all directions from the Forth to the Isle of Wight They came amidst the ruins of the mighty Roman Empire a new race of empire founders with all the germs of a still mightier future The new comers from the older Angeln or England now called Sleswig came in the greatest numbers We know not why but it certainly was a wholesale movement They kept launching their small fleets of dragon ships and crossing the North Sea with their gods their door posts and their beautiful golden haired wives and children until none were left They brought with them all the Pg 2 deep religious feeling all the imaginative mythology all the heroic tales of the old land They first disembarked on the coast between the Forth and the Tees driving back the natives into Strathclyde after a struggle which lasted for many years Among them came Ida the son of Eoppa with twelve sons in forty dragon ships full of English warriors He founded the castle of Bambrough on the coast which was at first surrounded with a hedge and afterwards with a wall and in 547 A D he became king of the country of Bernicia between the Forth and the Tees Ida was surnamed the Flame bearer He reigned for twelve years in Bernicia when Ethelric his son succeeded him Many more warriors landed on the coast between the Tees and the Humber and in 559 A D their Eolderman named Ella the son of Iffi the son of Wuscfrea and twelfth in descent from Woden became king of the more southern Northumbrian kingdom of Deira When they were settled in their kingdom of Deira with Ella as their king and Elfric his brother as their leader in war the sea rovers Pg 3 became farmers ready to defend their possessions and to fight for the acquisition of more territory for their countrymen They were the ceorls or freemen assembling in communities of families within a boundary or mark and known by a common name with the addition of the patronymic ing The ceorl owned a hide of land bore arms had a vote and took part in the thing or general assembly of his mark The union of marks formed a wapentake Vopnatak from the custom of touching the chief s spear in token of fealty The union of Wapentakes formed the Scire or Shire with its Shire m t The Ceorl was the freeman while the Eorl was the nobleman or chief in peace and war and the Eolderman was a prince of the family of the Cyning from cyne generous or king who wore the cynehelm or circlet of gold The Englishmen came with their immemorial gods and their grand old traditions Woden was their All father and Creator Thor the mighty enemy of giants and trolls Tyr the god of war They invoked Balder the bright and fair of aspect Freyr who presided over rain and sunshine Niord who Pg 4 ruled the winds gir god of the ocean and many more Our forefathers derived comfort

in affliction support in difficulty from the belief that the gods watched over them They bent in gratitude for the blessings they conferred and were guided and directed in the daily business of life by the conviction of their responsibility to higher powers than any which they recognised in the world around them A religious feeling was the basis of their respect for law of their loyalty of their free institutions and of those customs and habits of thought which were the foundation stones of the edifice of English liberty These old warriors brought with them to their new homes all those germs which were fertilised by their virtues and watered with the life blood of their valour until in the course of centuries they grew up to form the greatest nation this earth has ever seen a fruitful and beneficent tree spreading its branches

Night of Wolves (The Paladins #1) David Dalglish, 2011-05-31 The humans are weak Their skin is soft and their minds dull from years of safety We are the vicious We are the destroyers Come the full moon when our goddess watches our victory we will taste of their blood Wolf men savage creatures given humanoid form in an ancient war mass along the Gihon River Led by their packleader Redclaw they seek to cross the river and claim a land of their own slaughtering those that would stand in their way Two paladins Jerico of the god Ashhur and Darius of the god Karak must helm the desperate defense against the invasion Their friendship will be tested as their gods resume an unending war and their very faiths call for the death of the other Together friend or foe they must face Redclaw s horde NIGHT OF WOLVES by David Dalglish Can faith remain when the gods call for blood

Paladin & Saracen Henry Calthrop Hollway-Calthrop, Lodovico Ariosto, 1882 *The Paladin Chronicles Book bundle 1-4* Neil Port, Mega book bundle Over 1700 pages 6000 000 words of Epic Fantasy adventure love some historical fantasy and a light sprinkling of humour All set in ancient times and exotic locations The story begins with Hakeem a mercenary from the desert city of Karsh in what is now Syria Growing up in a monastery all he ever wanted was to become a religious monk He can t understand why he was refused by the Grand Abbot whom he loved like a father The old man told him he was destined to become something called a paladin Broken hearted and penniless he runs away making a long journey to join the desert mercenaries fighting in the Greek colonies on the western coast of Turkey Paladins were very rare and the Shayvist monks believed they were sent by their God each with a great task The old Abbot didn t know that a second child had already been sent but what possible task would require two paladins After fighting in a war in Greek Turkey Hakeem rises to the level of a senior commander and is summoned home by the new Grand Abbot of his people Little does he realise then that he will soon be caught up in events that were prophesied two thousands years before The once mighty Elves are fading They have lost almost all their magic Their numbers are shrinking They no longer live longer than humans and each year they have fewer and fewer children Their final destruction has been foretold and now the time is all but upon them They are destined to face barbarian hordes greater than the time of the Aryans accompanied by an ancient sorcerer who can command a demon army There seems little hope that it wont overwhelm them completely and destroy them without a trace Only through an ancient prophecy can they be saved Hakeem an Elvish Princess and their adopted daughter join to flee assassins and begin

He's the calm in her storm Disappear into this entrancing tale of the forbidden love between a young poison mistress and her brother's best friend Edriss Blackwood has always been alone Neglected Abandoned She converts this angst into action wielding her vibrant imagination as both sword and shield slashing through the malevolence slowly destroying her homeland Her one light in the darkness is her steadfast protector Lorcan James It all began by a riverbank a decade ago when he found his best friend's little sister broken and alone What started as a matter of honor blossomed into an unshakeable bond between two passionate souls forged in love trust and fierce loyalty There was only rule don't fall in love Too bad hearts don't play by the rules But the very thing that brought them together honor is what will tear them apart Their friend Arwenna extorted by the men waging war against Edriss's family convinces a reluctant Lorcan to secretly pretend to be her lover an elaborate twisted ruse she claims is the only way to keep Edriss safe The truth however is much more sinister Edriss licks the wounds of her shattered heart by wading deeper into the war tearing the Westerlands apart Reckless and with nothing left to lose there's no limit to what she'll do to bring down the men responsible But one young woman alone cannot stand against pure evil If Lorcan can't find a way to win back her faith both Edriss and the Westerlands will be irrevocably consumed by the flames _
