Hispanic American Literature A Brief Introduction And Anthology:

Hispanic American Literature Nicolás Kanellos, 1995 This is one of a series of brief anthologies designed for ethnic multicultural and American literature courses The series aims to introduce undergraduates to the rich but often neglected literary contributions of established and newer ethnic writers to American literature Each text is organized chronologically by genre and represents a wide range of literature An introduction provides an historical overview and a celebration of the diversity within each ethnic group It also addresses the general literary concerns students are likely to encounter in their readings A separate thematic table of contents provides the tutor with more flexibility in the classroom All four anthologies include three bibliographies which suggest novels for further reading aid students in their research and recommend films that would enhance the studies Ishmael Reed the general editor is founder of the American Book Awards

Wanderwords Maria Lauret,2014-09-25 How do im migrant writers negotiate their representation of a multilingual world for a monolingual audience Does their English betray the presence of another language is that other language erased or does it appear here and there on special occasions for special reasons Do words and meanings wander from one language and one self to another Do the psychic and cultural worlds of different languages split apart or merge What is the aesthetic effect of such wandering splitting or merging Usually described as code switches by linguists fragments of other languages have wandered into American literature in English from the beginning Wanderwords asks what in the memoirs poems essays and fiction of a variety of twentieth and twenty first century writers the function and meaning of such language migration might be It shows what there is to be gained if we learn to read migrant writing with an eye and an ear for linguistic difference and it concludes that freighted with the other cultural meanings wrapped up in their different looks and sounds wanderwords can perform wonders of poetic signification as well as cultural critique Bringing together literary and cultural theory with linguistics as well as the theory and history of migration and with psychoanalysis for its understanding of the multilingual unconscious Wanderwords engages closely with the work of well known and unheard of writers such as Mary Antin and Eva Hoffman Richard Rodriguez and Junot Diaz Theresa Hak Kyung Cha and Bharati Mukherjee Edward Bok and Truus van Bruinessen Susana Ch vez Silverman and Gustavo Perez Firmat Pietro DiDonato and Don DeLillo In so doing a poetics of multilingualism unfolds that stretches well beyond translation into the lingual contact zone of English with other languages that is American literature belatedly re connecting with the world
