**Then and Now** Floyd C. Watkins, 2021-12-14 Taking a new approach to the study of Robert Penn Warren's imposing and still growing poetic canon Floyd C Watkins has found in the poems what he describes as a poetic autobiography unparalleled in American letters Drawing on interviews with Warren members of his family and contemporaries from his hometown but keeping the poetry itself constantly at the center of his vision Watkins shows how the poetry has grown from the experience of the boy and man and from his contemplation of his family's and his country's history He traces through the poems a family chronicle moving from the frontier to the late twentieth century and set in a landscape that is clearly derived from the Kentucky of Warren's boyhood The little town of Guthrie divided by railroad tracks with its two burial grounds for whites and blacks becomes in the poems a town of both memory and imagination peopled by characters many of whom are recognizable to Warren's contemporaries The images of a black man fleeing through swampy woods outside the town of a grayfaced man who led a lynch mob of a mad druggist making a list of people to poison all have counterparts in Guthrie's history *Then and Now* is a revealing and provocative study of the poetic process in a poet who is thought of as the originator of the biographical fallacy *Special Bibliography*, 1972 William Caxton and English Literary Culture N.
