Frierson, Semen Samuilovich Vilenskii, 2010-01-01 A comprehensive documentary history of children whose parents were identified as enemies of the Soviet regime from its inception through Joseph Stalin's death With top secret documents in translation from the Russian state archives memoirs and interviews with child survivors **Public Health Bulletin** ,1941 **Heart Disease in Philadelphia Cardiac Clinics** Oswald Fenton Hedley, 1941 Proper Peasants Tamas Hofer, 2017-09-04 Based on an intensive fourteen year study of a Hungarian peasant village Proper Peasants greatly expands our knowledge of Eastern European social organizations with its accurate portrayal of a rapidly vanishing peasant way of life Centering on the village of t ny in central Hungary the study presents a dramatic account of peasant life through the turbulent centuries It is based largely upon evidence given by villagers themselves and is a moving human story of a community with a tragic historical background and a complex demanding present Edit F l and Tam s Hofer begin by locating t ny within the historical geographical and cultural context of Hungary as a whole The following chapters describe units of social organization and the human relationships within and among these units There is a special analysis of stratification and mobility within the changing structural situations of the past hundred years Objective information about all the dimensions of village life is obtained from a comparison of t ny with nearby villages and from the use of local records The book portrays the attempts of the community to classify organize and understand the universe within which lives and to control the unexpected and varied demands that have been made upon it by changing circumstances This work makes excellent use of the strong 150 year tradition of ethnographic research in Hungary The discussion of the warm personal relationships among the t ny people is supplemented with extensive statistical material on demographic processes economic structure and stratification The picture that results is rich and fruitful particularly so in a post communist nation
