Behold the Dark Gray Man Katherine Campbell, 2021-07-27 Katharine Campbell's father Sholto Douglas was the hero of her childhood an unconventional senior commander in the Royal Air Force described as a gloriously contentious character Following childhood abandonment and poverty Sholto rose through the ranks of the fledgling RAF in the First World War before taking on a crucial role in the Second as head of Fighter Command and going on to serve as Military Governor in Germany in the war's devastating aftermath But when Katharine was five years old he began to be stolen away by strange night time wanderings and daytime distress including vivid flashbacks to his time signing death warrants in post war Germany The doctors called it dementia but decades later Katharine started researching her father's story and realised that she had observed the undiagnosed consequences of post traumatic stress disorder PTSD is a hot topic today We're aware of the front line soldier suffering from shell shock but what about the senior officer giving the orders who may be carrying hidden wounds accumulated over many years We don't expect our military leaders to have PTSD nor is it something they often recognise or acknowledge in themselves yet this secret burden likely affects a surprising number of those making important tactical decisions A thought provoking insight into the damage done by military conflict Behold the Dark Gray Man is the story of a daughter's search to understand the impact of war upon one of its most charismatic senior commanders

The Myriad Chronicles Johannes Rammund De Balliel-Lawrora, 2010-05-20 SNYNOPSIS Many people may not understand the reasoning of this documentary and why I am rehashing the expulsions the after war tragedies that confronted a defeated nation the hundreds of internment camps occupied by Germans and German Americans the treatment of German Prisoners of war upon the conclusion of hostilities the enforcement of the Morgenthau Plan and the Ben s decrees regarding the mass murders of over two million Sudetenlanders Prussians and other Eastern European Germans I thought about this and decided that when certain people whether they be American British Russian French and others stop their crucifying those of German extraction then and only then would it not be necessary to publish this book The word Nazi is archaic and does not apply to more than ninety percent of all Germans Most Germans knew nothing about the Holocaust except what was recently explained to them They knew nothing about the internment camps where Germans and German Americans were interned during the war were unaware of the expulsions of millions of ethnic Germans from their historical homelands the torture rape and murder of millions of innocent non combatant women and children after hostilities had ended and the deliberate starvation to death of more than one million eight hundred thousand German P O W s after the war in complete disregard to the Hague Geneva and other conventions This documentary is not singling out others that may or may not be guilty of these atrocities It is only the truth that we seek to be put into the history books and other texts not the made up revisions of Arrogant Revisionists Much of the information published herewith is not even known by most Germans or people of other ethnic entities This documentary therefore is one of clarity reality and truth It needs to be known Everyone Germans and non Germans alike should read this book so at least they will know the other side of the story **The World Book**
