Woolgar, 2016-04-26 In this revelatory work of social history C M Woolgar shows that food in late medieval England was far more complex varied and more culturally significant than we imagine today Drawing on a vast range of sources he charts how emerging technologies as well as an influx of new flavors and trends from abroad had an impact on eating habits across the social spectrum From the pauper s bowl to elite tables from early fad diets to the perceived moral superiority of certain foods and from regional folk remedies to luxuries such as lampreys Woolgar illuminates desire necessity daily rituals and pleasure across four centuries

**The Last Food of England** Marwood Yeatman, 2007 The map of England bears names which used to resonate through kitchens in the land Colchester Cheddar Hereford Swaledale Bath Lincoln York Wensleydale the list goes on England has more breeds of livestock fruit cultivars and vegetable seeds to its credit than any other country in the world Sussex for example was known for its cockles herrings truffles seakale cabbage alongside its middlehorn beef Southdown mutton and Tipper beer We tend to think that our native food has disappeared off the map completely and in some cases it is undoubtedly endangered But Marwood Yeatman shines a light on what remains and highlights what could endure His quest to find the last food in England leads to his discovery of the last domestic faggot oven in use the undertaker cum butcher who roasts his own oxen the fisherman who regularly takes his life in his hands to catch oysters green top milk being made deep in the forest crayfish facing extinction four types of English butter This book is a wonderful voyage of discovery an invitation to cook without recipes travel without guides and find history without museums Take time to read about our fertile food heritage and the map of England will never look the same again *The Lost Foods of England* Glyn Hughes, 2017-08-31 Collected over thirty years of research as leader of the Foods of England project Glyn Hughes from the Peaks of Derbyshire brings togher over one thousand of the oddest and most forgotten of old English foods together with actual receipts not recipe that s French to make them Back cover
