King Henry VI, part 2. King Henry VI, part 3. King Richard III. King Henry VIII. Troilus and Cressida. Timon of Athens. Coriolanus. Julius Caesar. Antony and Cleopatra. Cymbeline. Titus Andronicus. Pericles. King Lear. Romeo and Juliet. Hamlet. Othello William Shakespeare,1824 *West's Southern Reporter* ,2001 **The Works of William Shakespeare** William Shakespeare,1876 *Women, Judging and the Judiciary* Erika Rackley,2013 Awarded the 2013 Birks Book Prize by the Society of Legal Scholars *Women Judging and the Judiciary* expertly examines debates about gender representation in the judiciary and the importance of judicial diversity It offers a fresh look at the role of the woman judge and the process of judging and provides a new analysis of the assumptions which underpin and constrain debates about why we might want a more diverse judiciary and how we might get one Through a theoretical engagement with the concepts of diversity and difference in adjudication *Women Judging and the Judiciary* contends that prevailing images of the judge are enmeshed in notions of sameness and uniformity images which are so familiar that their grip on our understandings of the judicial role are routinely overlooked Failing to confront these instinctive images of the judge and of judging however comes at a price They exclude those who do not fit this mould setting them up as challengers to the judicial norm Such has been the fate of the woman judge But while this goes some way to explaining why despite repeated efforts our attempts to secure greater diversity in our judiciary have fallen short it also points a way forward For by getting a clearer sense of what our judges really do and how they do it we can see that women judges and judicial diversity more broadly do not threaten but rather enrich the judiciary and judicial decision making As such the standard opponent to measures to increase judicial diversity the necessity of appointment on merit is in fact its greatest ally a judiciary is stronger and the justice it dispenses

better the greater the diversity of its members so if we want the best judiciary we can get we should want one which is fully diverse Women Judging and the Judiciary will be of interest to legal academics lawyers and policy makers working in the fields of judicial diversity gender and adjudication and more broadly to anyone interested in who our judges are and what they do

**What You Don't Know** Lizzie Enfield, 2011-02-03 It's all about the little white lies Helen and Alex's fifteen year marriage seems firm but then a stranger walks in and changes everything Lizzie Enfield's warm and witty novel What You Don't Know is the perfect read for fans of Hilary Boyd and Katie Fforde A clever witty read Best You've been together for fifteen years You've got two gorgeous kids and a great career All the boxes are ticked You wouldn't be tempted by a plain slightly balding man called Graham Would you When Graham Parks walks into Helen Collins' life the last thing she expects is to fall for him He's nothing like her handsome successful husband Alex Exciting alluring all consuming But is it worth the risk What readers are saying about What You Don't Know A touching and thought provoking book which really seems to get inside the minds and hearts of the characters I loved reading Lizzie Enfield's brilliantly observed funny and thought provoking novel Great characters and the witty engaging writing makes you really care about what happens to them and their relationships Full of charm wit and warmth With lovingly observed characters and situations it's a great read that leaves you guessing until the end

**For Better Or Worse, According to Alex** Kathryn Lamb, 2002-01-01 When Daisy and Diggory decide to get married Alex's family is thrown into turmoil The fact that they want to marry on a beach in Scotland and that Diggory has a brother who fancies Alex adds further dimensions to the story

*The Gentleman's and London Magazine*, 1741

[Saving People from the Harm of Death](#) Espen Gamlund, Carl Tollef Solberg, 2019-02-01 Death is something we mourn or fear as the worst thing that could happen whether the deaths of close ones the deaths of strangers in reported accidents or tragedies or our own And yet being dead is something that no one can experience and live to describe This simple truth raises a host of difficult philosophical questions about the negativity surrounding our sense of death and how and for whom exactly it is harmful The question of whether death is bad has occupied philosophers for centuries and the debate emerging in philosophical literature is referred to as the badness of death Are deaths primarily negative for the survivors or does death also affect the deceased What are the differences between death in fetal life just after birth or in adolescence In order to properly evaluate deaths in global health we must find answers to these questions In this volume leading philosophers medical doctors and economists discuss different views on how to evaluate death and its relevance for health policy This includes theories about the harm of death and its connections to population level bioethics For example one of the standard views in global health is that newborn deaths are among the worst types of death yet stillbirths are neglected This raises difficult questions about why birth is so significant and several of the book's authors challenge this standard view This is the first volume to connect philosophical discussions on the harm of death with discussions on population health adjusting the ways in which death is evaluated Changing these evaluations has consequences for how we

prioritize different health programs that affect individuals at different ages as well as how we understand inequality in health
