From Sail to Steam Alfred T. Mahan, 2009 When I was a boy some years before I obtained my appointment in the navy I spent many of those happy hours that only childhood knows poring over the back numbers of a British service periodical which began its career in 1828 with the title Colburn's United Service Magazine under which name save and except the Colburn it still survives Besides weightier matters its early issues abounded in reminiscences by naval officers then yet in the prime of life who had served through the great Napoleonic wars More delightful still it had numerous nautical stories based probably on facts serials under such entrancing titles as Leaves from my Log Book by Flexible Grommet Passed Midshipman a pen name the nautical felicity of which will be best appreciated by one who has had the misfortune to handle a grommet which was not flexible Then there was The Order Book by Jonathan Oldjunk an epithet so suggestive of the waste heap even to a landsman's ears that one marvels a man ever took it unto himself especially in that decline of life when we are more sensitive on the subject of bodily disabilities than once we were Old junk however can yet be worked up as the sea expression goes into other uses and that perhaps was what Mr Oldjunk meant his early adventures as a young luff were for economical reasons worked up into their present literary shape with the addition of a certain amount of extraneous matter love making and the like Indeed so far from uselessness that veteran seaman and rigid economist the Earl of St Vincent when First Lord of the Admiralty had given to a specific form of old junk viz shakings the honors of a special order for the preservation thereof the which forms the staple of a comical anecdote in Basil Hall's Fragments of Voyages and Travels itself a superior example of the instructive recollections of less literary merit which but for Colburn's would have perished
