From Pericles to Philip Terrot Reaveley Glover,1972 *From Pericles to Philip (Classic Reprint)* T. R.

Glover,2015-06-28 Excerpt from From Pericles to Philip The period from Pericles to Philip is in many ways the most interesting of Greek history Indeed when we use the word Greek whether we think of art or literature of philosophy or politics of the Greek spirit or of the Greek attitude to life nine times out of ten we are turning consciously or unconsciously to the century and a quarter between the birth of Pericles and the accession of Philip It is because in all the regions of thought and life which I have named the formative impulses come from this time or reach maturity in it recognize themselves or are recognized in it But if we are to understand history we have to ask more carefully than we sometimes do what are the things that matter In the perspective of time for instance how many events of the decade 1850 60 are yet of such consequence as the publication of The Origin of Species or have meant so much to mankind Lecky spoke of John Wesley s conversion as an epoch in English history Can we imagine the comment of Horace Walpole or of Dr Johnson himself on such a criticism if it had been made by a contemporary Yet it is hard to say that Lecky was not right But do the histories as a rule give us such events in a perspective that will bring out their significance About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works [From Pericles to Philip](#)

From Pericles to Philip ... Third Edition Terrot Reaveley Glover,1919 **Aemilia Lanyer as Shakespeare's Co-Author** Mark Bradbeer,2022-03-31 This book presents original material which indicates that Aemilia Lanyer female writer feminist and Shakespeare contemporary is Shakespeare s hidden and arguably most significant co author Once dismissed as the mere paramour of Shakespeare s patron Lord Hunsdon she is demonstrated to be a most articulate forerunner of MeToo fury Building on previous research into the authorship of Shakespeare s works Bradbeer offers evidence in the form of three case studies which signal Aemilia s collaboration with Shakespeare The first case study matches the works of George Wilkins who is currently credited as the co author of the feminist Shakespeare play Pericles 1608 with Aemilia Lanyer s writing style education feminism and knowledge of Lord Hunsdon s secret sexual life The second case study recognizes Titus Andronicus 1594 a play containing the characters Aemilius and Bassianus to be a revision of the suppressed play Titus and Vespasian 1592 as authored by the unmarried pregnant Aemilia Bassano as she then was Lastly it is argued that Shakespeare s clowns Bottom Launce Malvolio Dromio Dogberry Jaques and Moth arise in her deeply personal war with the misogynist Thomas Nashe Each case study reveals new aspects of Lanyer s feminist activism and involvement in Shakespeare s work and allows for a deeper analysis and appreciation of the plays This research will prove provocative to students and scholars of Shakespeare studies English literature literary history and gender studies
