Stories from the Trenches: Humorous and Lively Doings of Our 'Boys Over

There' Carleton B. Case,2022-06-03 Stories from the Trenches by Carleton B Case provides insight into the dreadful life of the men in the trenches Naturally there are wartime horrors that those who have lived through them will retain to themselves The 25 selected letters are primarily about American soldiers during the United States officially entering the war and after that with brief jokes interspersed to break the tension Excerpt ONE of the strangest of the many personal romances which the war has brought is the tale of a man who dismissed from the British Army by court martial redeemed himself through service with that most heterogeneous of organizations the French Foreign Legion His name was John F Elkington and he had held an honored post for more than thirty years Then just as his regiment in the closing months of 1914 was going into the fighting on the Western front he was cashiered for an unrevealed error and deprived of the opportunity to serve his country

The Cross At The Front; Fragments From The Trenches Reverend Thomas Tiplady,2014-08-15

THE letters on life and thought at the Front contained in this volume were all written in tents and billets within range or sound of the guns They were written quickly in odd moments and at the bidding of passing impulses Under such circumstances literary finish was impossible but it is hoped that they have captured something of the freshness of feeling which one has while passing through unusual experiences and which is apt to evaporate with the lapse of time I have attempted no battle picture nor description of military operations well knowing that such things are beyond me I have merely gathered up some of the fragments that remained fragments which might have been lost if not picked up at once These I have attempted to sketch for the benefit of those at home I trust they will reveal something of the spirit in which our soldiers lived and fought suffered and died As the author states in his preface his memoirs are the little snapshots and vignettes of his time as chaplain in the British Army during the First World War He was a chaplain with the Queen s Westminster Rifles in the Somme and Arras campaigns in France There he caught trench fever which laid him up for some time after recovery he was stationed at Abbeville until the war s end

A Soldier Unafraid - Letters From The Trenches On The Alsatian Front Captain André Cornet-Auquier, 2014-06-13 Nearly 17 million French soldiers died in the First World War fighting for their homeland against the invading German Armies it is difficult to comprehend that hecatomb It is indeed difficult to comprehend that many lost lives perhaps the only way to do so is in representative figures such as the Unknown Soldier or by the many memoirs and diaries that have been left behind One such diary is that of Captain Andr Cornet Auquier a passionate but moral man well known for his leadership skills in and bravery on the battlefield The conditions in which he served on the Alsace front were always tough being often within forty five yards of the enemy's front lines his faith in his cause and God sustained him even in the most trying situations Despite being in the front line fighting for so long his luck ran out in February 1916 mortally wounded by a shell splinter A symbol of French stoicism and courage he died beloved by his men one of his sergeants said It is not a spectacle often witnessed that of soldiers accustomed to face death weeping like children as they stood round his bier

Leading from the Trenches Stephen V. Newton, 2018-10-16 School leaders know that instructional leadership is a crucial aspect of education However many of those leaders lack the knowledge and credibility to lead this work Leaders must be empowered to enter into and guide instructional conversations while building leadership capacity of their teachers in the process It is easy for administrators to get caught up in the daily managerial tasks of running a school Passionate educators become principals however to make a positive impact on the classroom opportunities and experiences of young people Because principals may not be experts in all areas of instruction they must develop their own skills to become genuine participants in instructional conversations However the task of a true leader is also to develop the leadership capacity of those around them to ensure that best practices are embraced in all classrooms The most important and consequential work in schools is happening in the trenches Principals must commit to join their teachers in that space With these new skills and a renewed commitment to genuine instructional leadership administrators can work collaboratively with teachers to transform the educational experience of all students
