## **From Towards A New American Poetics:**

**Towards a New American Poetics** Ekbert Faas, 1978      **From "Towards a New American Poetics"** Ekbert Faas, 1977      **The New American Poetry, 1945-1960** Donald Allen, 1999 Donald Allen's prophetic anthology had an electrifying effect on two generations at least of American poets and readers. More than the repetition of familiar names and ideas that most anthologies seem to be about here was the declaration of a collective intelligent and thoroughly visionary work in progress, the primary example for its time of the anthology as manifesto. Its republication today complete with poems, statements on poetics, and autobiographical projections provides us again with a model of how a contemporary anthology can and should be shaped. In these essentials it remains as fresh and useful a guide as it was in 1960. Jerome Rothenberg, editor of *Poems for the Millennium*. **The New American Poetry** is a crucial cultural document central to defining the poetics and the broader cultural dynamics of a particular historical moment. Alan Golding, author of *From Outlaw to Classic Canons in American Poetry*.      *Historical Dictionary of the Beat Movement* Paul Varner, 2012-06-21 The Beat Movement was one of the most radical and innovative literary and arts movements of the 20th century and the history of the Beat Movement is still being written in the early years of the 21st century. Unlike other kinds of literary and artistic movements, the Beat Movement is self-perpetuating. After the 1950s generation headlined by Jack Kerouac, Allen Ginsberg, and William S. Burroughs, a new generation arose in the 1960s led by writers such as Diane Wakoski, Anne Waldman, and poets from the East Side Scene. In the 1970s and 1980s, writers from the Poetry Project at St. Mark's Church and contributors to *World* magazine continued the movement. The 1980s and 1990s Language Movement saw itself as an outgrowth and progression of previous Beat aesthetics. Today, poets and writers in San Francisco still gather at City Lights Bookstore and in Boulder at the Jack Kerouac School of Disembodied Poetics and continue the movement. It is now a postmodern movement and probably would be unrecognizable to the earliest Beats. It may even be in the process of finally shedding the name Beat. But the Movement continues. *The Historical Dictionary of the Beat Movement* covers the movement's history through a chronology, an introductory essay, and an extensive bibliography. The dictionary section has over 700 cross-referenced entries on significant people, themes, critical issues, and the most significant novels, poems, and volumes of poetry and prose that have formed the Beat canon. This book is an excellent access point for students, researchers, and anyone wanting to know more about the Beat Movement.      **On the Poetry of Allen Ginsberg** Lewis Hyde, 1984 Essays and reviews that trace the changes in Ginsberg's career and in his poetry.      **A Study Guide for Robert Duncan's "An African Elegy"** Gale, Cengage Learning, 2016 A Study Guide for Robert Duncan's *An African Elegy* excerpted from Gale's acclaimed *Poetry for Students*. This concise study guide includes plot summary, character analysis, author biography, study questions, historical context, suggestions for further reading, and much more. For any literature project, trust *Poetry for Students* for all of your research needs.      **Gary Snyder and the American Unconscious** T. Dean, 1991-01-31 This book presents a new theory of American culture based not on the phenomenologically

and existentially derived vocabularies of consciousness which have dominated earlier accounts but rather on a revitalized notion of the unconscious Drawing on the writings of the French psychoanalyst Jacques Lacan Dean develops a theory of the constitution of the very notion of America itself as based on a complicated relation to the American landscape      **Staying Open: Charles Olson's Sources and Influences** Joshua S. Hoeynck, 2019-05-03 Staying Open Charles Olson's Sources and Influences investigates the inter disciplinary influences on the work of the mid Century American poet Charles Olson This edited collection of essays covers Olson's diverse non literary interests including his engagement with the music of John Cage and Pierre Boulez his interests in abstract expressionism and his readings of philosopher Alfred North Whitehead The essays also examine Olson's pedagogy which he developed in the experimental environment at Black Mountain College as well as his six month archeological journey through the Yucatan Peninsula in 1950 to explore the culture of the Maya This book will therefore be a strong research aid to scholars working in diverse fields music archeology pedagogy philosophy art and psychology as it outlines methods for close inter disciplinary work that can uncover the mechanics of Olson's creative literary processes Building on the straightforward scholarship of George Butterick whose Guide to the Maximus Poems remains indispensable for readers of Olson's work the essays in this volume will also guide readers through the thick allusions within The Maximus Poems itself New interest in the wide ranging and non literary nature of Olson's thought in several recent academic works makes this book both timely and necessary Physics Envy American Poetry and Science in the Cold War and After by Peter Middleton as well as Contemporary Olson edited by David Herd have started the process of uncovering the extent to which Olson's inter disciplinary interests inflected his poetic compositions Staying Open extends the preliminary investigations of Olson's non literary sources in those volumes by bringing together a community of scholars working across disciplines and within a wide variety of humanistic concerns      **Robert Duncan, The Ambassador from Venus** Lisa Jarnot, 2012-08-27 This definitive biography gives a brilliant account of the life and art of Robert Duncan 1919 1988 one of America's great postwar poets Lisa Jarnot takes us from Duncan's birth in Oakland California through his childhood in an eccentrically Theosophist household to his life in San Francisco as an openly gay man who became an inspirational figure for the many poets and painters who gathered around him Weaving together quotations from Duncan's notebooks and interviews with those who knew him Jarnot vividly describes his life on the West Coast and in New York City and his encounters with luminaries such as Henry Miller Ana's Nin Tennessee Williams James Baldwin Paul Goodman Michael McClure H D William Carlos Williams Denise Levertov Robert Creeley and Charles Olson      **Kenneth Rexroth and James Laughlin** Kenneth Rexroth, 1991 Frankly H Miller was defended by me only because he spoke against the War and I think that was the main reason for his fame Now I do not believe what with Palmistry Chirography Phrenology and the Great Cryptogram he will survive the retooling period I honestly think he is the most insufferable snob I have ever met but all reformed pandhandlers are like that in a letter from Kenneth Rexroth to James Laughlin      *The Cambridge Companion to American Poets* Mark
