His Life And Work:

The People's Tycoon Steven Watts, 2009-03-04 How a Michigan farm boy became the richest man in America is a classic almost mythic tale but never before has Henry Ford's outsized genius been brought to life so vividly as it is in this engaging and superbly researched biography The real Henry Ford was a tangle of contradictions He set off the consumer revolution by producing a car affordable to the masses all the while lamenting the moral toll exacted by consumerism He believed in giving his workers a living wage though he was entirely opposed to union labor He had a warm and loving relationship with his wife but sired a son with another woman A rabid anti Semite he nonetheless embraced African American workers in the era of Jim Crow Uncovering the man behind the myth situating his achievements and their attendant controversies firmly within the context of early twentieth century America Watts has given us a comprehensive illuminating and fascinating biography of one of America's first mass culture celebrities [The Cambridge Companion to Malcolm X](#) Robert Terrill, 2010-05-17 This Companion presents new perspectives on Malcolm X's life and legacy for students of American history [The Collected Works](#) Philip Schaff, 2022-11-13 Philip Schaff's The Collected Works stands as a monumental contribution to the field of Christian theology and ecclesiastical history This compendium comprises a thorough examination of the development of Christian doctrine drawing on a myriad of historical sources biblical texts and theological discussions Schaff's literary style is characterized by its scholarly rigor lucidity and a deep commitment to historical continuity offering readers an engaging narrative interspersed with critical analysis and contextual elaboration that is crucial for understanding the evolution of Christian thought The work reflects the late 19th century context in which it was produced a period marked by both the consolidation of Protestant scholarship and burgeoning ecumenical movements Philip Schaff 1819-1893 a Swiss born theologian arrived in America as part of the wave of European intellectuals seeking new opportunities in the wake of religious and political upheavals His extensive academic career including founding institutions and engaging in theological debates has provided him with profound insights into the interactions between faith and culture Schaff's profound passion for unifying the Christian Church and his extensive scholarly background in history and language shaped the vision for this comprehensive collection The Collected Works is an essential read for scholars theologians and laypersons alike who seek to delve into early Christian history and doctrine Schaff's meticulous scholarship invites readers to engage with the complexities of faith across centuries making it not merely a work of historical documentation but also a compelling narrative that inspires contemporary discourse on Christianity's relevance today *Monthly Bulletin* St. Louis Public Library, 1924 Teachers bulletin vol 4 issued as part of v 23 no 9 *The Bookman*, 1894 [LUTHER \(Vol. 1-6\)](#) Hartmann Grisar, 2020-07-15 Luther is a six volume biography of Martin Luther German professor of theology and the Church reformer famous for his Ninety five Theses of 1517 and recognized as a seminal figure in the Protestant Reformation The aim of the work was to present accurate historical and psychological portrait of Luther's personality which is still a mystery from many

points of view While presenting Luther's psychological picture the author chooses to do so in Luther's own words analyzing his writings and letters Analyzing Luther's writings he opts not to write about Luther's teachings and the history of dogma but reaches deeper in his endeavor to supply an exact portrayal of Luther as a whole which should emphasize various aspects of his mind and character
