Gary W. Babb, 2006-03-01 *Earth is Ours* is a fresh and uniquely original story line that bridges many genres It is a story of a symbiotic relationship between a self-aware female computer and an American Indian man dying of old age This is a forced relationship dictated by mutual needs for survival in a world stripped of technology by aliens The main characters begin the fight of their lives but before they can fight the fierce aliens Levi and Amy must fight for control of who they will be jointly What begins as conflict of minds develops into tolerance then cooperation and finally love This love of total oneness creates a unity of incredible power and strength that provides the means to fight the aliens Female brains and male brawn unite to

battle against incredible odds for the survival of the human race The conflict of minds action adventure and suspense are all interlaced into a compelling and fast paced adventure The characters are three dimensional with real emotions not always perfect but always interacting The story is presented from differing viewpoints with the two main characters expressing some of the same events from both a male and female perspective As they interface the events are often seen from conflicting emotions and motivations sometimes cynical and often humorous It is the ultimate struggle of male versus female while combating monstrous aliens As expected this action story has a strong appeal to men while the romance aspect compliments the story expanding the appeal to women Additionally one of the main characters is Amy a particularly brilliant and forceful female who demands attention from both sexes Her male counterpart is very physical and masculine representing everything Amy is not Both characters and sexes are presented in a positive although conflicting way at times These characters and the story are strong and their saga continues in its sequel Target Earth

**Unmuting the Bible** Naveen Alapati, 2021-03-25 We live in a world where God and the Bible do not make much sense at least beyond the religious circles Even in the places in which they make sense they are suppressed and silenced to satisfy the traditionalist and conservative views Popular Christianity is much concerned about how to get into heaven and least concerned about the vision of God that the Bible offers Bible presents a vision of God because of which the world can become a better place with all the brokenness healed This cannot be realized as long as the Bible is silenced with the Church s own definitions of religion and spirituality This book Unmuting the Bible calls the readers to listen to what the Bible has to say for the readers and society It calls to look at the Bible beyond the conventional thought patterns so that the Bible can speak on its own terms and in its own

him Fuzzy went back to the forest ready for whatever adventure lay ahead He felt good that his job was done and knew that the bonds he had made in the middle of the forest would last forever

### Chapter 1 The Bear by Himself

Fuzzy the bear used to live deep in a beautiful jungle where birds were singing and leaves were rustling Fuzzy wasn't like most bears he was brave kind and always ready for an adventure He looked at you with loving and interested eyes and his fur was as soft as a pillow Every morning Fuzzy would leave his warm cave stretch his huge bear arms and go exploring in the forest He would walk up the steepest hills through the deepest woods and into the clearest streams He would hide and seek with the bunnies and play tag with the mice Fuzzy had a great time doing these things He laughed and rolled around on the thick bed of leaves that covered the wooded floor But Fuzzy often found himself going back to his cave by himself after the animals had gone home after the games were over Even though Fuzzy lived in a beautiful forest and was often with animals during the day she often felt lonely He longed for a real friend someone who would go on trips with him listen to his stories and show him how beautiful the forest was The thought of having such a friend made me think about nothing They would run through the trees share the ripest fruit and tell stories under the stars In the evenings when they were tired from their travels they would sit quietly and laugh with each other Fuzzy could only think how great it would be to have someone who loved traveling as much as he did and really got him Fuzzy was alone but he never gave up hope His mind was set in the bush where he knew he could meet a new partner at any time He kept going outside every morning with a smile on his face ready to be friendly and helpful to everyone he met As Fuzzy helped a little bird get back to its nest on a warm afternoon he had a big realization He had a lot of friends in the forest but he still hadn't found the right person to spend time with Birds mice rabbits trees and even streams were around to keep him company Everyone knew Fuzzy and admired how brave and kind he was Fuzzy learned that he was never really alone and that friendship can look like many things When he realized this his heart softened a little and the forest looked even more beautiful He was aware that the search for his perfect partner might go on longer than planned but he also knew that the journey itself was full of important experiences and friends Fuzzy then went on to play look around and be nice to everyone he met He knew that the people who lived in the forest were his family and that the forest was his home Fuzzy had faith that he would find the right person to share his travels with one day He was happy to stay the brave loving bear who had loved his forest and all the animals that lived there until then

### Chapter 2 A Strange Sound

Our bear friend Fuzzy was having a great time on his daily walk deep into the forest The tall trees let in lots of light and the peaceful sounds of nature filled the air As he walked into the woods his ears perked up It was clear that Fuzzy heard a strange faint sound It felt so tired to cry Fuzzy had a worry flash through his big big heart Who could possibly be having issues The man asked Fuzzy being the nice bear that he was decided he needed to learn and help He slowly followed the sound being careful not to wake up someone who was in need As he got closer to a deep thicket a tangled mess of plants and twigs that looked like a forest wall the scream got louder That's where the shouts came from Fuzzy peered out from behind

the leaves and saw Emily and Jack two walkers They looked worried and scared because they were stuck in the bush and couldn't get out Fuzzy thought the jungle was amazing but the trekkers thought it was a confusing maze Fuzzy understood right away what had to be done He had to take Emily and Jack back to their house Fuzzy didn't want to scare them so he walked up to them slowly even though he was big and strong They could see him wave his hand and hear his friendly grunt At first the hikers were shocked to see a bear but they quickly learned that Fuzzy was safe He was ready to help Fuzzy used his strong paws and good sense of direction to make a way through the thick bushes He led Emily and Jack through the thickets of trees to a clear path Fuzzy knew though that the woods could be hard for people who didn't know their way around He chose to go the extra mile and show them the way home The sun went down early as they walked making the ground have long shadows Fuzzy led the way his walk steady and confident Jack and Emily followed closely behind grateful to have such an unexpected yet comforting leader They walked through meadows that shone in the last rays of sunlight crossing streams and passing beneath the arches of old trees Fuzzy showed them the beauty of the forest along the way He pointed out a family of bunnies hopping through the grass birds chirping in the trees and a deer standing nearby watching with interest Emily and Jack had less worry and more astonishment and adventure instead of their first sensations of fear and anxiety Under Fuzzy's guidance the woodland had transformed from a perplexing region to a magnificent and lovely habitat
