Latro In The Mist:

Latro in the Mist Gene Wolfe, 2003-03-19 This omnibus of two acclaimed novels is the story of Latro a Roman mercenary who was fighting in Greece when he received a head injury that deprived him of his short term memory but gave him in return the ability to see and converse with the supernatural creatures the gods and goddesses who invisibly inhabit the classical landscape Latro forgets everything when he sleeps Writing down his experiences every day and reading his journal anew each morning gives him a poignantly tenuous hold on himself but his story s hold on readers is powerful indeed

Michael Andre-Driussi, 2020-10-13 A chapter by chapter guide to Gene Wolfe s Latro novels *Soldier of the Mist* *Soldier of Arete* and *Soldier of Sidon* *Soldier of Sidon* Gene Wolfe, 2007-12-10 A man who forgets everything while he sleeps and is

dependent on his journal entries to keep his life together Latro finds himself in Egypt where he searches for a way to rid himself of the curse that causes him to lose his memory *Once and Future Antiquities in Science Fiction and Fantasy* Brett M. Rogers, Benjamin Eldon Stevens, 2018-12-27 In 15 all new essays this volume explores how science fiction and fantasy draw on materials from ancient Greece and Rome displacing them from their original settings in time and space in points of origins and genre and encouraging readers to consider similar displacements in the modern world Modern examples from a wide range of media and genres including Philip Pullman s *His Dark Materials* and the novels of Helen Oyeyemi the *Rocky Horror Picture Show* and Hayao Miyazaki s *Spirited Away* and the role playing games *Dungeons and Dragons* and *Warhammer 40K* are brought alongside episodes from ancient myth important moments from history and more All together these multifaceted studies add to our understanding of how science fiction and fantasy form important areas of classical reception not only transmitting but also transmuting images of antiquity The volume concludes with an inspiring personal reflection from the New York Times bestselling author of speculative fiction Catherynne M Valente offering her perspective on the limitless potential of the classical world to resonate with experience today **Starwater Strains** Gene

Wolfe, 2006-05-02 Gene Wolfe follows his acclaimed all fantasy short story collection *Innocents Aboard* with a volume devoted primarily to his science fiction The twenty five stories here amply demonstrate his range excellence and mastery of the form that has traditionally been the heart of the field Their diversity makes them otherwise impossible to characterize as a group so a few tantalizing samples will have to suffice Viewpoint takes on the unreality of so called reality TV and imagines such a show done truly for real with real guns and a real government clawing at the money Wolfe has loved dinosaurs since he was kid and in *Petting Zoo* he imagines the reunion of a man and an aged dinosaur who look back together on a day when they

were much much younger and much freer Empires of Foliage and Flower is a special treat an addition to the classic Book of the New Sun series first published only as a limited edition chapbook The volume closes with its newest story Golden City Far It s about dreams high school and finding love which Wolfe says is about as good a recipe for a story as I ve ever found You re sure to agree At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied
