## **Law And Social Status In Classical Athens:**

Law and Social Status in Classical Athens Virginia J. Hunter, J. C. Edmondson, 2000 Compact and clever collection of essays *Journal of Hellenic Studies* The subject of this collection is the articulation of law and social status in classical Athens More particularly the work concentrates on the way in which the law of Athens constructed and sustained social status by enshrining privileges for some citizens and disabilities for metics and slaves As a whole it reinforces the reality of three juridically defined status groups whose role in society and whose personal lives were deeply affected by their place in the prevailing hierarchy

*Status in Classical Athens* Deborah E Kamen, 2019-08-27 In the first comprehensive account of status in ancient democratic Athens Kamen illuminates the complexity of Athenian social structure uncovers tensions between democratic ideology and practice and contributes to larger questions about the relationship between citizenship and democracy

Athenian Law and Society Konstantinos A. Kapparis, 2018-10-26 Athenian Law and Society focuses upon the intersection of law and society in classical Athens in relation to topics like politics class ability masculinity femininity gender studies economics citizenship slavery crime and violence The book explores the circumstances and broader context which led to the establishment of the laws of Athens and how these laws influenced the lives and action of Athenian citizens by examining a wide range of sources from classical and late antique history and literature Kapparis also explores later literature on Athenian law from the Renaissance up to the 20th and 21st centuries examining the long lasting impact of the world's first democracy Athenian Law and Society is a study of the intersection between law and society in classical Athens that has a wide range of applications to study of the Athenian polis as well as law democracy and politics in both classical and more modern settings

**Race and Citizen Identity in the Classical Athenian Democracy** Susan Lape, 2010-02-15 In *Race and Citizen Identity in the Classical Athenian Democracy* Susan Lape demonstrates how a race ideology grounded citizen identity Although this ideology did not manifest itself in a fully developed race myth its study offers insight into the causes and conditions that can give rise to race and racisms in both modern and pre modern cultures In the Athenian context racial citizenship emerged because it both defined and justified those who were entitled to share in the political symbolic and socioeconomic goods of Athenian citizenship By investigating Athenian law drama and citizenship practices this study shows how citizen identity worked in practice to consolidate national unity and to account for past Athenian achievements It also considers how Athenian identity narratives fuelled Herodotus and Thucydides understanding of history and causation

**Law and Society in Classical Athens (Routledge Revivals)** Richard Garner, 2014-03-18 *Law and Society in Classical Athens* first published in 1987 traces the development of legal thought and its relation to Athenian values Previously Athens courts have been regarded as chaotic isolated from the rest of society and even bizarre The importance of rhetoric and the mischief made by Aristophanes have devalued the legal process in the eyes of modern scholars whilst the analysis of legal codes and practice has seemed dauntingly complex Professor Garner aims to situate the Athenian legal system within the

general context of abstract thought on justice and of the democratic politics of the fifth century His work is a valuable source of information on all aspects of Athenian law and its relation to culture      *Law's Cosmos* Victoria Wohl,2010-01-07 Explores the inextricable ties between literary form and legal matter in Athens juridical discourse      Use and Abuse of Law in the Athenian Courts Chris Carey,Ifigeneia Giannadaki,Brenda Griffith-Williams,2018-10-02 This timely volume brings together leading scholars and rising researchers in the field to examine the role played by the law in thinking and practice in the legal system of classical Athens The aim is not to find a single perspective or method for the study of Athenian law but to explore the subject from a variety of different angles The focus of the collection on use and abuse raises fundamental questions about the status of law in the Athenian constitution as well as the use of law s in the courts the nature of law itself and the elusiveness of a definition of abuse An introduction sketches the major developments in the field over the last century

*Being Alone in Antiquity* Rafał Matuszewski,2021-11-22 This volume aims to provide an interdisciplinary examination of various facets of being alone in Greco Roman antiquity Its focus is on solitude social isolation and misanthropy and the differing perceptions and experiences of and varying meanings and connotations attributed to them in the ancient world Individual chapters examine a range of ancient contexts in which problems of solitude loneliness isolation and seclusion arose and were discussed and in doing so shed light on some of humankind s fundamental needs fears and values      **LUX: Studies in Greek and Latin Literature** Myrto Aloumpi,Antony Augoustakis,2024-10-21 This volume of essays in honor of Lucia Athanassaki offers a great variety of chapters on a number of topics in Greek and Latin literature and genres from Greek epic and lyric poetry to Greek drama and late antiquity Greek historiography and Latin lyric poetry      **The Topography of Violence in the Greco-Roman World** Werner Riess,Garrett G. Fagan,2016-06-15 What soldiers do on the battlefield or boxers do in the ring would be treated as criminal acts if carried out in an everyday setting Perpetrators of violence in the classical world knew this and chose their venues and targets with care killing Julius Caesar at a meeting of the Senate was deliberate That location asserted Senatorial superiority over a perceived tyrant and so proclaimed the pure republican principles of the assassins The contributors to *The Topography of Violence in the Greco Roman World* take on a task not yet addressed in classical scholarship they examine how topography shaped the perception and interpretation of violence in Greek and Roman antiquity After an introduction explaining the spatial turn in the theoretical study of violence paired chapters review political assassination the battlefield violence against women and slaves and violence at Greek and Roman dinner parties No other book either adopts the spatial theoretical framework or pairs the examination of different classes of violence in classical antiquity in this way Both undergraduate and graduate students of classics history and political science will benefit from the collection as will specialists in those disciplines The papers are original and stimulating and they are accessible to the educated general reader with some grounding in classical history      **Studies in Ancient Greek and Roman Society** Robin Osborne,2004-07-15 This 2004 collection of papers includes some of the most innovative

history written about Greece and Rome The volume offers a convenient and enthralling guide to important issues and topics in Greek and Roman history maps the changing interests of ancient historians and raises stimulating questions about historical method The contributors to the volume represent many of the most exciting and influential ancient historians who have been active in the last quarter century An introduction by the editor which places the papers in the wider context of changing interests in Greek and Roman history sets the scene for papers on Greek warfare the regulation and representation of women and the nature and study of homosexual relationships in Athens the relationship between Rome and its empire whether Rome was democratic the ideology of Augustan Rome games and gaming at Rome the lives of slaves the ancient interpretation of dreams the nature of religious pilgrimage early Christian martyr stories and bandits in the Roman empire

The Rhetoric of Manhood Joseph Roisman, 2005-02-21 Roisman situates the evidence for ideas about manhood found in the Attic orators in historical ideological and theoretical contexts to explore various manifestations of Athenian masculinity as well as the rhetoric that both articulated and questioned it *Women in Ancient Greece* Paul Chrystal, 2017-06-29

Examines women whose influence was positive as well as those whose reputations were more notorious Supremely well researched from many different historical sources Superbly illustrated with photographs and drawings *Women in Ancient Greece* is a much needed analysis of how women behaved in Greek society how they were regarded and the restrictions imposed on their actions Given that ancient Greece was very much a man's world most books on ancient Greek society tend to focus on men this book redresses the imbalance by shining the spotlight on that neglected other half Women had significant roles to play in Greek society and culture this book illuminates those roles *Women in Ancient Greece* asks the controversial question how far is the assumption that women were secluded and excluded just an illusion It answers it by exploring the treatment of women in Greek myth and epic their treatment by playwrights poets and philosophers and the actions of liberated women in Minoan Crete Sparta and the Hellenistic era when some elite women were politically prominent It covers women in Athens Sparta and in other city states describes women writers philosophers artists and scientists it explores love marriage and adultery the virtuous and the meretricious and the roles women played in death and religion Crucially the book is people based drawing much of its evidence and many of its conclusions from lives lived by historical Greek women

**Rhetoric and Religion in Ancient Greece and Rome** Sophia Papaioannou, Andreas Serafim, Kyriakos Demetriou, 2021-10-25 It is perhaps a truism to note that ancient religion and rhetoric were closely intertwined in Greek and Roman antiquity Religion is embedded in socio political legal and cultural institutions and structures while also being influenced or even determined by them Rhetoric is used to address the divine to invoke the gods to talk about the sacred to express piety and to articulate refer to recite or explain the meaning of hymns oaths prayers oracles and other religious matters and processes The 13 contributions to this volume explore themes and topics that most succinctly describe the firm interrelation between religion and rhetoric mostly in but not exclusively focused on Greek and

Roman antiquity offering new interdisciplinary insights into a great variety of aspects from identity construction and performance to legal political practices and a broad analytical approach to transcultural ritualistic customs The volume also offers perceptive insights into oriental i e Egyptian magic texts and Christian literature      **The Archaeology of Inequality** Orlando Cerasuolo,2021-09-01 The Archaeology of Inequality explores the different aspects of social boundaries and articulation by comparing several interdisciplinary approaches for the analysis of the archaeological data as well as actual case studies from the Prehistory to the Classical world The book explores slavery gender ethnicity and economy as intersecting areas of study within the larger framework of inequality and exemplifies to what degree archaeologists can identify and analyze different patterns of inequality      **Oracles, Curses, and Risk Among the Ancient Greeks** Esther Eidinow,2007-10-05 How did ancient Greek men and women deal with the uncertainty and risk of everyday life What did they fear most and how did they manage their anxieties Esther Eidinow sets side by side two collections of material usually studied in isolation binding curse tablets from across the ancient world and the collection of published private questions from the oracle at Dodona in north west Greece Eidinow uses these texts to explore perceptions of risk and uncertainty in ancient society challenging previous explanations In these records we hear voices that are rarely if ever heard in literary texts and history books The questions and curses in these tablets comprise fervent sometimes ferocious appeals to the gods The stories they tell offer tantalizing glimpses of everyday life carrying the reader through the teeming ancient city both its physical setting and its social dynamics Among these tablets we find prostitutes and publicans doctors and soldiers netmakers and silver workers actors and seamstresses Anxious litigants ask the gods to silence their opponents Men inquire about the paternity of their children Women beg the gods to help them keep their men Business rivals try to corner the market Slaves plead to escape their masters This material takes us beyond the headlines of ancient history offering new insights into institutions activities and relationships Above all individually and together these texts help us to understand some of the ways in which ancient Greek men and women understood the world In turn the beliefs and activities of an ancient culture may shed light on modern attitudes to risk      **Voiceless, Invisible, and Countless in Ancient Greece** Samuel D. Gartland,David W. Tandy,2024 This volume brings together an international group of scholars to explore the experiences of subordinates and the nature of their subordination in ancient Greece The work focusses on improving techniques for witnessing the lives of such groups understanding their common experiences and through these seeing their common humanity      *Diachrony* José M. González,2015-12-14 Not a few of the more prominent and persistent controversies among classical scholars about approaches and methods arise from a failure to appreciate the fundamental role of time in structuring the interpretation of Greek culture *Diachrony* showcases the corresponding importance of diachronic models for the study of ancient Greek literature and culture Diachronic models of culture reach beyond mere historical change to the systemically evolving dynamics of cultural institutions practices and artifacts The papers collected here illustrate the

construction and proper use of such models They emphasize the complementarity of synchronic and diachronic perspectives and highlight the need to assess how well diachronic models fit history The contributors to this volume strive to be methodologically explicit as they tackle a wide range of subjects with a variety of diachronic approaches Their work shows both the difficulty and the promise of diachronic analysis Our incomplete knowledge of Greek antiquity throughout time and the Greeks own preoccupation with the past in the construction of their present make diachronic analysis not just invaluable but indispensable for the study of ancient Greek literature and culture

**Demosthenes, Speeches 27-38** ,2010-01-01 This is the eighth volume in the Oratory of Classical Greece This series presents all of the surviving speeches from the late fifth and fourth centuries BC in new translations prepared by classical scholars who are at the forefront of the discipline These translations are especially designed for the needs and interests of today s undergraduates Greekless scholars in other disciplines and the general public Classical oratory is an invaluable resource for the study of ancient Greek life and culture The speeches offer evidence on Greek moral views social and economic conditions political and social ideology law and legal procedure and other aspects of Athenian culture that have recently been attracting particular interest women and family life slavery and religion to name just a few Demosthenes is regarded as the greatest orator of classical antiquity This volume contains five speeches written for lawsuits in which Demosthenes sought to recover his inheritance which he claimed was fraudulently misappropriated and squandered by the trustees of the estate These speeches shed light on Athenian systems of inheritance marriage and dowry The volume also contains seven speeches illustrating the legal procedure known as paragraphe or counter indictment Four of these are for lawsuits involving commercial shipping a vital aspect of the Athenian economy that was crucial to maintaining the city s imported food supply Another concerns the famous Athenian silver mines

**Demosthenes, Speeches 27-38** Demosthenes,Douglas M. MacDowell,2004-09-01 This is the eighth volume in the Oratory of Classical Greece This series presents all of the surviving speeches from the late fifth and fourth centuries BC in new translations prepared by classical scholars who are at the forefront of the discipline These translations are especially designed for the needs and interests of today s undergraduates Greekless scholars in other disciplines and the general public Classical oratory is an invaluable resource for the study of ancient Greek life and culture The speeches offer evidence on Greek moral views social and economic conditions political and social ideology law and legal procedure and other aspects of Athenian culture that have recently been attracting particular interest women and family life slavery and religion to name just a few Demosthenes is regarded as the greatest orator of classical antiquity This volume contains five speeches written for lawsuits in which Demosthenes sought to recover his inheritance which he claimed was fraudulently misappropriated and squandered by the trustees of the estate These speeches shed light on Athenian systems of inheritance marriage and dowry The volume also contains seven speeches illustrating the legal procedure known as paragraphe or counter indictment Four of these are for lawsuits involving commercial shipping a vital aspect of the Athenian economy that was crucial to maintaining

the city's imported food supply. Another concern is the famous Athenian silver mines.
