El Paradigma Femenino Ignacio Iriarte,2011-07-07 **HACIA UNA ANTROPOLOGÍA TEOLÓGICA DE LA SEXUALIDAD** ,2012 Gender and Sexuality in Latin America - Cases and Decisions Cristina Motta,Macarena

Saez,2013-05-23 Translated and updated from the seminal Spanish text on legal decisions affecting gender and sexuality in Latin America this English edition is the only law text to focus specifically on the rights of lesbians gays bisexuals and the transgender population in addition to women s rights more broadly The volume provides close analysis of some of the most important decisions made by Latin American national courts as well as those made by international legal bodies that affect the rights and interests of these groups Specially selected for their depth of argument and value as exemplars the studies of good legal practice chart the path of the region s normative values of justice as they have evolved away from a partial and patriarchal exercise of the law They show how cases with vastly differing contexts such as property rights and domestic violence have resulted in a mixed body of Latin American law Some decisions are protective of women s and minority rights Some assess the wider social impacts of case law in which recognition of the discrete legal identities within households challenges established precepts including religious ones Other cases have been chosen as cautionary examples of bad decision making and for the poverty of their legal debate Updated to include the latest relevant jurisprudence from across the continent this book is an informed cohesive and comprehensive guide to understanding women s and gender based rights in Latin America

El s ndrome de las supermujeres Antoni Bolinches Sánchez,2019-12-20
Encuentros y desencuentros parejas que se hacen y se deshacen amores tan l quidos que se escurren entre las manos Este es el diagn stico que hace el autor sobre la realidad sentimental de una generaci n de mujeres decepcionadas y de hombres desorientados que sufren en toda su crudeza las consecuencias de los cambios sociales que ellos mismos han protagonizado La tesis que defiende Antoni Bolinches es que una parte importante de las mujeres de xito est pagando en soledad amorosa sus logros sociales culturales y profesionales mientras que los hombres que han alcanzado una preeminencia semejante optimizan sus posibilidades de encontrar pareja Por qu se da ese resultado antag nico Por qu las mujeres tienen dificultades donde los hombres encuentran facilidades En este interesante ensayo el reconocido psic logo da respuesta a esos interrogantes y reflexiona sobre un nuevo e injusto fen meno psicosocial de naturaleza sexista al que ha denominado s

ndrome de las supermujeres Si quiere conocer en qué consiste qué no puede padecerlo y cómo puede tratarse solo tiene que empezar a leer *Carajicomedia* Frank Domínguez, 2015 A study and edition of one of the most ignored works of early Spanish literature because of its strong sexual content this work examines the social ideology that conditioned the reactions of people to the events it describes as well as Fernando de Rojas's masterpiece *Celestina* **Homoerotismos en el cuento mexicano** Víctor Saúl Villegas Martínez, 2023-01-18 Los estudiosos del cuento han afirmado continuamente que este es un género prolífico en la literatura mexicana el cual ha rendido cuentas de las diversas transformaciones estéticas políticas y culturales que ha tenido el país. En este sentido las variadas representaciones del homoerotismo no están exentas de circular en abundancia por las páginas de los incontables relatos que abordan este tema desde las apariciones furtivas de un travesti en el siglo XIX hasta las manifestaciones de personajes queer que desestabilizan los estereotipos de género en el siglo XXI. El presente volumen ofrece entonces un recorrido por los homoerotismos masculinos que han aparecido en el cuento mexicano ello a partir de una separación cronológica que permite observar los vericuetos de la disidencia sexual y de género con base en los espacios las identidades los deseos y los dispositivos de poder que legitiman las corporalidades. Este recorrido permite también establecer un diálogo con las estrategias narrativas usadas por los autores para mostrar el tema ya sea desde una mirada que se acerca a un tema taboo o desde un discurso que critica tanto los patrones estéticos como la heteronormatividad. Desde Manolito el pisaverde de Ignacio Rodríguez Galván hasta Te gusta el ladrillo cielo de Nadia Villafuerte desfilan personajes y experiencias que nos recuerdan cómo el deseo fuera de la norma es vivido con intensidad **Ambiguity and Gender in**

the New Novel of Brazil and Spanish America Judith A. Payne, Earl E. Fitz, 1993-05 In this first book length study to compare the new novels of both Spanish America and Brazil the authors deftly examine the differing perceptions of ambiguity as they apply to questions of gender and the participation of females and males in the establishment of Latin American narrative models. Their daring thesis the Brazilian new novel developed a more radical form than its better known Spanish speaking cousin because it had a significantly different approach to the crucial issues of ambiguity and gender and because so many of its major practitioners were women. As a wise strategy for assessing the canonical new novels from Latin America the coupling of ambiguity and gender enables Payne and Fitz to discuss how borders literary generic and cultural are maintained challenged or crossed. Their conclusions illuminate the contributions of the new novel in terms of experimental structures and narrative techniques as well as the significant roles of voice theme and language. Using Jungian theory and a poststructural optic the authors also demonstrate how the Latin American new novel faces such universal subjects as myth time truth and reality. Perhaps the most original aspect of their study lies in its analysis of Brazil's strong female tradition. Here issues such as alternative visions contrasexuality self consciousness and ontological speculation gain new meaning for the future of the novel in Latin America. With its comparative approach and its many bilingual quotations Ambiguity and Gender in the New Novel of Brazil and Spanish America offers an engaging picture of the marked differences.
