form the hub of the world's largest global IT media network **CIO**, 2001-05-15 *Leadership Basics for Librarians and Information Professionals* Edward G. Evans, Patricia Layzell Ward, 2007-02-06 With the start of the 21st Century information services around the world are facing a host of challenges and changes unique to this era of exponential technological growth. However, this change is further compounded by the high turnover rate in senior positions. Focusing on leadership, this text is ideal for young emerging managers and supervisors; it guides future leaders in making the appropriate choices and decisions in response to and in anticipation of the competition. Authors G. Edward Evans and Patricia Layzell Ward's vast professional experience in a variety of roles and organizations all over the world serves as a strong basis for the advice presented. *Leadership Basics for Librarians and Information Professionals* includes data from surveys and interviews of leaders in archives, libraries, and other information services arenas, as well as current literature on leadership from both general management and information services fields. All together, this book is a solid starting point for young librarians and information professionals seeking to get ahead of the competition, as well as a helpful reminder for seasoned leaders needing a bit of inspiration. *Business Week*, 2003 **eLeadership** Susan Annunzio, 2007-09-07 What if the rules that made you successful were the cause of your current problems? What if the name of the game was personal fulfillment rather than power and wealth? What if the biggest threat to your company's future was employee dissatisfaction? What if success in the digital economy depended on refreshing your work environment? What if you could eliminate friction between baby boomers and younger workers? What if the answer was eLeadership? From one of the world's leading management consultants comes a dynamic new style of leadership that will enlighten and inspire executives to rethink and retool their companies for the eWorld. Transforming today's overwhelmed corporate executive into an eLeader requires launching a revolution in the workplace. But the payoffs, personal and professional, can be extraordinary. With business practices changing on a daily basis, companies must create environments of speed and flexibility that will engage today's employees and allow radical ideas to thrive, because only those companies that move first and innovate fast will reap the financial rewards the digital economy has to offer. In *eLeadership*, author and consultant Susan Annunzio takes you beyond typical management speak, offering a real blueprint for leading this revolution. Readers will learn to inspire, encourage, and retain staff at all levels. Annunzio teaches new ways to create a twenty-first century vision for your company. Promote environments that succeed in the eWorld. Think about what a company is and what it should look like. Ignite passion for saving America's traditional businesses. Through dozens of real-world examples of eLeadership in action, Annunzio shares the five critical steps to heroic leadership and shows how to close the gap between the baby boomers and the younger Generations X and Y to create a more productive working environment. As this timely book shows, the greatest opportunity to make a difference in corporate America today may be in attacking traditional priorities in unconventional ways. **Chief Information Officer Magazine**, 2001-05 [Book Review Index](#), 2003 Every 3rd issue is a quarterly cumulation **Quill & Quire**, 2001
