An Enchanted Modern Lara Deeb, 2011-06-27 Based on two years of ethnographic research in the southern suburbs of Beirut *An Enchanted Modern* demonstrates that Islam and modernity are not merely compatible but actually go hand in hand This eloquent ethnographic portrayal of an Islamic community articulates how an alternative modernity and specifically an enchanted modernity may be constructed by Shi I Muslims who consider themselves simultaneously deeply modern cosmopolitan and pious In this depiction of a Shi I Muslim community in Beirut

Deeb examines the ways that individual and collective expressions and understandings of piety have been debated contested and reformulated Women take center stage in this process a result of their visibility both within the community and in relation to Western ideas that link the status of women to modernity By emphasizing the ways notions of modernity and piety are lived debated and shaped by everyday Islamists this book underscores the inseparability of piety and politics in the lives of pious Muslims

Enchanted America J. Eric Oliver, Thomas J. Wood, 2022-12-22 America is in civic chaos its politics rife with conspiracy theories and false information Nationalism and authoritarianism are on the rise while scientists universities and news organizations are viewed with increasing mistrust Its citizens reject scientific evidence on climate change and vaccinations while embracing myths of impending apocalypse And then there is Donald Trump a presidential candidate who won the support of millions of conservative Christians despite having no moral or political convictions What is going on The answer according to J Eric Oliver and Thomas J Wood can be found in the most important force shaping American politics today human intuition Much of what seems to be irrational in American politics arises from the growing divide in how its citizens make sense of the world On one side are rationalists They use science and reason to understand reality On the other side are intuitionists They rely on gut feelings and instincts as their guide to the world Intuitionists believe in ghosts and End Times prophecies They embrace conspiracy theories disbelieve experts and distrust the media They are stridently nationalistic and deeply authoritarian in their outlook And they are the most enthusiastic supporters of Donald Trump The primary reason why Trump captured the presidency was that he spoke about politics in a way that resonated with how Intuitionists perceive the world The Intuitionist divide has also become a threat to the American way of life A generation ago intuitionists were dispersed across the political spectrum when most Americans believed in both God and science Today intuitionism is ideologically tilted toward the political right Modern conservatism has become an Intuitionist movement defined by conspiracy theories strident nationalism and hostility to basic civic norms Enchanted America is a clarion call to rationalists of all political persuasions to reach beyond the minority and speak to intuitionists in a way they understand The values and principles that define American democracy are at stake

White House Special Handbook Mikhail Kryzhanovskii, 2007 Here is the book that guides the President of the United States from the first in the Oval Office and to the day he or she walks out for the last time In fact the strategies and mindset recommended in these pages are essential tools for capturing the Presidency much less wielding it The

international scene today is either a madhouse or the product of extraordinarily cynical techniques such as these applied with cold cunning by our nations leaders This handbook provides a comparison of the world s premier intelligence agencies discusses tactics of surveillance war and public persuasion practical advice on political maneuvering at the local national and international levels A rational results based handbook it is destined to be a secret favorite of politicians agents of the special services CEOs and corporate boards for the next hundred years to come And for the many other ambitious contenders in the world of winner take all bare knuckles capitalism The author who cites decades of insider knowledge at the KGB and the CIA says he originally compiled this book upon a request from Washington anonymous of course Publisher *Enchantments of Modernity* Saurabh Dube,2020-08-11 The notion of modernity hinges on a break with the past such as superstitions medieval worlds and hierarchical traditions It follows that modernity suggests the disenchantment of the world yet the processes of modernity also create their own enchantments in the mapping and making of the modern world Straddling a range of disciplines and perspectives the essays in this edited volume eschew programmatic solutions focusing instead in new ways on subjects of slavery and memory global transformations and vernacular and vernacular modernity imperial imperatives and nationalist knowledge cosmopolitan politics and liberal democracy and governmental effects and everyday affects It is in these ways that the volume attempts to unravel the enchantments of modernity in order to approach anew modernity s constitutive terms formative limits and particular possibilities *McSweeney's Enchanted Chamber of Astonishing Stories* Michael Chabon,2007-12-18 Michael Chabon is back with a brand new collection that reinvigorates the stay up all night edge of the seat fingernail biting page turning tradition of literary short stories featuring Margaret Atwood Stephen King Peter Straub David Mitchell Jonathan Lethem Heidi Julavits Roddy Doyle and more Margaret Atwood Lusus Naturae David Mitchell What You Do Not Know You Want Jonathan Lethem Vivian Relf Ayelet Waldman Minnow Steve Erickson Zeroville Stephen King Lisey and the Madman Jason Roberts 7C Heidi Julavits The Miniaturist Roddy Doyle The Child Daniel Handler Delmonico Charles D Ambrosio The Scheme of Things Poppy Z Brite The Devil of Delery Street China Mieville Reports of Certain Events in London Joyce Carol Oates The Fabled Light house at Vi a del Mar Peter Straub Mr Aickman s Air Rifle

Re-enchanting Modernity Mayfair Yang,2020-05-15 In *Re-enchanting Modernity* Mayfair Yang examines the resurgence of religious and ritual life after decades of enforced secularization in the coastal area of Wenzhou China Drawing on twenty five years of ethnographic fieldwork Yang shows how the local practices of popular religion Daoism and Buddhism are based in community oriented grassroots organizations that create spaces for relative local autonomy and self governance Central to Wenzhou s religious civil society is what Yang calls a ritual economy in which an ethos of generosity is expressed through donations to temples clerics ritual events and charities in exchange for spiritual gain With these investments in transcendent realms Yang adopts Georges Bataille s notion of ritual expenditures to challenge the idea that rural Wenzhou s economic development can be described in terms of Max Weber s notion of a Protestant Ethic Instead Yang suggests that

Wenzhou's ritual economy forges an alternate path to capitalist modernity Capitalism and the Enchanted Screen Aleksandr Andreas Wansbrough, 2020-12-10 Myths such as Narcissus reflection Pandora's box and Plato's cave have been used to frame modern technological dangers often to describe people absorbed in their own digital reflections Such speculation either purports that technology has a magical power or else that technology merely represents human nature unchanged from the myth's inception But those accounts ignore the paradoxical understandings of the power relationships allegorized where people are manipulated by higher forces beyond their comprehension Working from the assumption that capitalism rather than God is the highest power this book examines mythic anticipations of the screen and digital technology from European literature poetry folklore and philosophy Digital technology and social media are approached not as reflections of human nature but capitalist ideology's power to enchant To this end *Capitalism and the Enchanted Screen* also surveys a diverse variety of films digital media and contemporary artworks to understand and critique how myths are reimagined today *United States Presidential Primary Elections, 2000-2004* Rhodes Cook, 2007 Offers county-by-county returns of all Democratic and Republican presidential primary elections from 2000-2004 Allows researchers to study voting behavior and political trends by state country or region The Sisterhood of the Enchanted Forest Naomi Moriyama, William Doyle, 2021-10-05 What would happen if you built one of the world's most advanced societies inside a forest and strove to make women full partners in power After living for twenty five years in New York Naomi Moriyama moved with her husband and co author William Doyle and their seven year old child to the vast forest of Finland's Karelia a mysterious region on the Russian border that helped inspire J R R Tolkien's Middle Earth fantasies She entered a life altering zone of tranquility peace and beauty the spiritual heart of the nation ranked as the happiest nation on Earth with among the world's most empowered women Finland is also the country with cleanest air and water and the best schools a country where motherhood and fatherhood are championed by law childhood is revered schoolchildren are required to play outdoors multiple times a day and trains contain mini libraries and mini playgrounds for children to enjoy It was here in the Karelian forest that Naomi found a culinary symphony of succulent wild edibles herbs berries mushrooms and fish all freshly plucked from the moss carpeted forest and sparkling clear streams She also found something that changed her life a tribe of invincible women who became her soul sisters As an idyllic summer and fall gave way to a sub Arctic winter of mind bending darkness and cold Naomi faced her fears and her future Over the course of six unforgettable months with her family and her new sisters she found her life transformed and discovered the power that lay within her all along Then she tried to leave But she kept coming back Come take a journey deep into Europe's most distant magical wilderness and join the sisterhood of the enchanted forest *Democratic Transformation and Obstruction* Nelli Babayan, 2014-08-21 Although democracy promotion has become a popular term for policy makers and scholars democratization is rarely a smooth or linear transition While some countries quickly democratize others lag behind despite a long period of democracy promotion activities Furthermore while democracy

promotion itself has been widely studied there is a paucity of literature available assessing the outcome or the impact of democracy promotion This book investigates democracy promotion by the European Union and the United States of America and seeks to uncover why intensive democracy promotion has resulted in limited democratic progress Exploring case studies of Armenia Azerbaijan and Georgia this book examines the conditions in which democracy promotion is more likely to result in democratic transformation In addition it introduces the concept of the democracy blocker a powerful authoritarian regional actor that is capable of blocking democratization in other countries This book will be of interest to students and scholars of Political Science Democracy Democratization EU Studies US Politics Comparative Politics and Foreign Policy

Democracy, Corruption and the Politics of Spirits in Contemporary Indonesia Nils Bubandt,2014-06-05 Indonesia has been an electoral democracy for more than a decade and yet the political landscape of the world s third largest democracy is as complex and enigmatic as ever The country has achieved a successful transition to democracy and yet Indonesian democracy continues to be flawed illiberal and predatory This book suggests that this and other paradoxes of democracy in Indonesia often assume occult forms in the Indonesian political imagination and that the spirit like character of democracy and corruption traverses into the national media and the political elite Through a series of biographical accounts of political entrepreneurs all of whom employ spirits in various but always highly contested ways the book seeks to provide a portrait of Indonesia s contradictory democracy contending that the contradictions that haunt democracy in Indonesia also infect democracy globally Exploring the intimate ways in which the world of politics and the world of spirits are entangled it argues that Indonesia s seemingly peculiar problems with democracy and spirits in fact reflect a set of contradictions within democracy itself Engaging with recent attempts to look at contemporary politics through the lens of the occult **Democracy Corruption and the Politics of Spirits in Contemporary Indonesia** will be of interest to academics in the fields of Asian Studies Anthropology and Political Science and relevant for the study of Indonesian politics and for debates about democracy in Asia and beyond

The Fujimori Legacy Julio F. Carrión, 2006-01-31 President Alberto Fujimori s sudden resignation in November 2000 brought an end to a highly controversial period in Peruvian history His meteoric rise to power in 1990 fueled by widespread popular support followed by his decision to dissolve Congress and rule by decree in 1992 has made his regime a focus of special attention by scholars trying to understand this complex and contradictory presidency This book offers a comprehensive assessment of Fujimori s regime in the context of Latin America s struggle to consolidate democracy after years of authoritarian rule Setting the regime conceptually in a discussion of alternative forms of government delegative democracy neopopulism and electoral authoritarianism the essays study it from two different perspectives external in its relations with political parties Lima s mayors public opinion women the U S government and internal examining economic policies as determined by governing coalitions networks of corruption and Fujimori s unsavory relationship with his security advisor Vladimiro Montesinos Overall *The Fujimori Legacy* helps illuminate the persistent obstacles that Latin American countries face in establishing democracy In addition to the editor contributors are Robert Barr Maxwell Cameron Catherine Conaghan Henry Dietz Philip Mauceri Cynthia McClintock David Scott Palmer Kenneth Roberts Gregory Schmidt John Sheahan Kurt Weyland and Carol Wise

Reinventing Khomeini Daniel Brumberg, 2001-04-15 *Reinventing Khomeini* offers a new interpretation of the political battles that paved the way for reform in Iran Brumberg argues that these conflicts did not result from a sudden ideological shift nor did the election of President Mohammad Khatami in 1997 really defy the core principles of the Islamic Revolution To the contrary the struggle for a more democratic Iran can be traced to the revolution itself and to the contradictory agendas of the revolution s founding father Ayatollah Ruhollah Khomeini A complex figure Khomeini was a fervent champion of Islam but while he sought a Shi ite vision of clerical rule under one Supreme Leader he also strove to mesh that vision with an implicitly Western view of mass participatory politics The intense magnetism and charisma of the ayatollah obscured this paradox But reformers in Iran today while rejecting his autocratic vision are reviving the constitutional notions of government that he considered and even casting themselves as the bearers of his legacy In *Reinventing Khomeini* Brumberg proves that the ayatollah is as much the author of modern Iran as he is the symbol of its fundamentalist past
