

Applied Electricity is a compulsory course or a required course for 200 Level Engineering Students in most Universities. It's a faculty course as all students in the various Engineering Departments are expected to study Applied Electricity. Similarly, students in the various Engineering Departments of Polytechnics are also expected to study Applied Electricity. Applied Electricity is also referred to as Basic Electricity or Fundamentals of Electrical and Electronic Engineering. It is the foundation of Electrical and Electronic Engineering Science.

Applied Electricity is interesting and easy. Most students are frustrated when they are not able to grasp the principles very well. The aim of this book is to make "Fundamentals of Electrical and Electronic Engineering" simple. No student should be frustrated. Students should fall in love with "Applied Electricity".

The objectives of this book are to:

- (i) make the students to understand and become experts in Applied Electricity
- (ii) make "teach yourself" possible for the students
- (iii) provide adequate explanations to enhance social distancing or remote teaching and learning of Applied Electricity.
