Gun Women Mary Zeiss Stange, Carol K. Oyster, 2000-09-01 Women we are told should not own guns Women we are told are more likely to be injured by their own guns than to fend off an attack themselves This fact is rooted in a fundamental assumption of female weakness and vulnerability Why should a woman not be every bit as capable as a man of using a firearm in self defense And yet the reality is that millions of American women somewhere between 11 000 000 and 17 000 000 use guns confidently and competently every day Women are hunting using firearms in their work as policewomen and in the military shooting for sport and arming themselves for personal security in ever increasing numbers What motivates women to possess firearms What is their relationship to their guns And who exactly are these women Crucially can a woman be a gun owner and a feminist too Women s growing tendency to arm themselves has in recent years been political fodder for both the right and the left Female gun owners are frequently painted as trying to be like men the conservative perspective or capitulating to patriarchal ideas about power the liberal critique Eschewing the polar extremes in the heated debate over gun ownership and gun control and linking firearms and feminism in novel fashion Mary Zeiss Stange and Carol K Oyster here cut through the rhetoric to paint a precise and unflinching account of America s gun women *Forthcoming Books* Rose Army, 1992 **Law Books in Print: Publishers** ,1997 **Barbara Kopple** Gregory Brown, 2015-10-14 With a career

spanning more than forty years Barbara Kopple b 1946 long ago established herself as one of the most prolific and award winning American filmmakers of her generation Her projects have ranged from labor union documentaries to fictional feature films to an educational series for kids on the Disney Channel Through it all Kopple has generously made herself available for a great many print and broadcast interviews The most revealing and illuminating of these are brought together in this collection Here Kopple explains her near constant struggles to raise money usually while her films are already in production and the hardships arising from throwing her own money into such projects She makes clear the tensions between biases objectivity and fairness in her films Her interviewers raise fundamental questions What is the relationship between real people in documentaries and characters in fictional films Why does she embrace a cin ma v rit style in some films but not others Why does she seem to support gun ownership in Harlan County U S A only to take a decidedly more neutral view of the issue in her film Gun Fight Kopple s concern for people facing crises is undeniable So is the affection she has for her more famous subjects Woody Allen playing a series of European jazz concerts Gregory Peck on tour and the Dixie Chicks losing a fan base but making a fresh start
