

Hot Rods And Cool Customs

George Barris David Fetherston

Hot Rods And Cool Customs:

Hot Rods and Cool Customs ,1996 A guide to the history of hot rods and custom cars from the earliest stripped down roadsters of the 1930s to the tuck and rolled beauties of the 1950s and early 60s **Hot Rods and Custom Cars of the Sacramento Delta** John V. Callahan,2019-02-04 The Sacramento Delta has produced some of the finest hot rods and custom cars ever made The passion of the area s builders is evident in the incredible cars they created which drew nationwide attention Harry Westerguard who taught George Barris bodywork worked on the second America s Most Beautiful Roadster a 1923 T that was a style setter for its day Bob Dron built his first custom when he was only fifteen and a half and Lenny Byer created his own Candy Apple Red in Rio Vista Detroit might have had its vision but the Delta region built its own Discover the stories behind the cars and their builders as author John V Callahan takes us on a trip down memory lane **Custom Cars** Sean McCollum,2010-02 Describes custom cars including hot rods and muscle cars including both historical and current information **DieCastX Magazine** ,2005 DieCast X covers the entire spectrum of automotive diecast from customizing to collecting it takes an insider s look at the history behind popular diecast cars and trucks as well as how each model has helped shape the automotive industry and motor sports **Razabilly** Nicholas F. Centino,2021-07-13 Vocals tinged with pain and desperation The deep thuds of an upright bass Women with short bangs and men in cuffed jeans These elements and others are the unmistakable signatures of rockabilly a musical genre normally associated with white male musicians of the 1950s But in Los Angeles today rockabilly s primary producers and consumers are Latinos and Latinas Why are these Razabillies partaking in a visibly un Latino subculture that s thought of as a white person s fixation everywhere else As a Los Angeles Rockabilly insider Nicholas F Centino is the right person to answer this question Pairing a decade of participant observation with interviews and historical research Centino explores the reasons behind a Rockabilly renaissance in 1990s Los Angeles and demonstrates how as a form of working class leisure this scene provides Razabillies with spaces of respite and conviviality within the alienating landscape of the urban metropolis A nuanced account revealing how and why Los Angeles Latinas os have turned to and transformed the music and aesthetic style of 1950s rockabilly Razabilly offers rare insight into this musical subculture its place in rock and roll history and its passionate practitioners Cool Cars, High Art: The Rise of Kustom Culture ,2002 **Machines of Youth** Gary S. Cross,2018-05-04 For American teenagers getting a driver s license has long been a watershed moment separating teens from their childish pasts as they accelerate toward the sweet sweet freedom of their futures With driver s license in hand teens are on the road to buying and driving and maybe even crashing their first car a machine which is home to many a teenage ritual being picked up for a first date parking at a scenic overlook or blasting the radio with a gaggle of friends in tow So important is this car ride into adulthood that automobile culture has become a stand in a shortcut to what millions of Americans remember about their coming of age Machines of Youth traces the rise and more recently the fall of car culture among American teens In this book Gary S Cross

details how an automobile obsession drove teen peer culture from the 1920s to the 1980s seducing budding adults with privacy freedom mobility and spontaneity Cross shows how the automobile redefined relationships between parents and teenage children becoming a rite of passage producing new courtship rituals and fueling the growth of numerous car subcultures Yet for teenagers today the lure of the automobile as a transition to adulthood is in decline Tinkerers are now sidelined by the advent of digital engine technology and premolded body construction while the attention of teenagers has been captured by iPhones video games and other digital technology And adults have become less tolerant of teens on the road restricting both cruising and access to drivers licenses Cars are certainly not going out of style Cross acknowledges but how upcoming generations use them may be changing He finds that while vibrant enthusiasm for them lives on cars may no longer be at the center of how American youth define themselves But for generations of Americans the modern teen experience was inextricably linked to this particularly American icon

DieCastX Magazine ,2005 DieCast X covers the entire spectrum of automotive diecast from customizing to collecting it takes an insider s look at the history behind popular diecast cars and trucks as well as how each model has helped shape the automotive industry and motor sports

Black and Brown in Los Angeles Josh Kun,Laura Pulido,2014 Black and Brown in Los Angeles is a timely and wide ranging interdisciplinary foray into the complicated world of multiethnic Los Angeles The first book to focus exclusively on the range of relationships and interactions between Latinas/os and African Americans in one of the most diverse cities in the United States the book delivers supporting evidence that Los Angeles is a key place to study racial politics while also providing the basis for broader discussions of multiethnic America Students faculty and interested readers will gain an understanding of the different forms of cultural borrowing and exchange that have shaped a terrain through which African Americans and Latinas/os cross paths intersect move in parallel tracks and engage with a whole range of aspects of urban living Tensions and shared intimacies are recurrent themes that emerge as the contributors seek to integrate artistic and cultural constructs with politics and economics in their goal of extending simple paradigms of conflict cooperation or coalition The book features essays by historians economists and cultural and ethnic studies scholars alongside contributions by photographers and journalists working in Los Angeles
