Postcolonial Conrad Terry Collits, 2006-09-27 Winner of the 2006 NSW Prize for Literary Scholarship The work of Joseph Conrad has been read so disparately that it is tempting to talk of many different Conrads One lasting impression however is that his colonial novels which record encounters between Europe and Europe's Other are highly significant for the field of post colonial studies Drawing on many years of research and a rich body of criticism *Postcolonial Conrad* not only presents fresh readings of his novels of imperialism but also maps and analyzes the interpretative tradition they have generated Terry

Yeow, 2008-11-20 This book traces the dialogic relation between Conrad's Eastern fiction and other histories arguing that it is in the intersections of art and history that we locate Conrad's irony In a direct response to the visual culture of his times Conrad sets up his fictional world as a hallucinated mirage stressing the veracity of his own Eastern vision

Modernism and Morality M. Halliwell, 2001-09-12 Modernism and Morality discusses the relationship between artistic and moral ideas in European and American literary modernism Rather than reading modernism as a complete rejection of social morality this study shows how early twentieth century writers like Conrad Faulkner Gide Kafka Mann and Stein actually devised new aesthetic techniques to address ethical problems By focusing on a range of decadent naturalist avant garde and expatriate writers between 1890 and the late 1930s this book reassesses the moral trajectory of transatlantic fiction

tradition indicating how the study of Conrad's work has been politicised since the 1970s there are sections on Narrative Textuality and Interpretation Imperialism Gender and Sexuality Class and Ideology and Modernity Within each section two or three critical excerpts offer contrasting and complementary accounts of the fiction while the headnotes to each piece and the introduction place these excerpts within the wider critical debate clarifying for the reader both the theoretical issues and the interpretation of Conrad's fiction A glossary of terms and a bibliography categorised by critical approach complete a volume which will provide an invaluable resource for students of Conrad and twentieth century literature as well as other readers of Conrad's work

Experience Of Reading Philip Davis, 2003-09-02 First published in 1991 This book is written with the intent to reach serious readers in and outside a university through joint mental contact with serious writers of the present and the past To get whatever there is to be got out of this book a reader should also read or have read at least Bernard Malamud's A New Life Saul Bellow's Herzog and Doris Lessing's The Marriages Between Zones Three Four and Five so that we can work together

Images of Idiocy Martin Halliwell, 2017-03-02 This book traces the concept of idiocy as it has developed in fiction and film in the nineteenth and twentieth centuries It focuses particularly on visual images of idiocy and argues that writers as diverse as Gustave Flaubert Fyodor Dostoevsky Joseph Conrad John Steinbeck Flannery O'Connor and Rohinton Mistry and filmmakers such as Jean Renoir Akira Kurosawa Alfred Hitchcock Werner Herzog and John Huston have all been attracted to idiot figures as a way of thinking through issues of language acquisition intelligence creativity disability religion and social identity Martin Halliwell provides a lively and detailed discussion of the most significant literary and cinematic uses of idiocy arguing that scientific conceptions of the term as a classifiable medical condition are much too narrow With the explosion of interest in idiocy among American and European filmmakers in the 1990s and the growing interest in its often overlooked history this book offers a timely reassessment of idiocy and its distinctive place at the intersection of science and culture

Intertextualizing Collective American Memory Grażyna Maria Teresa Branny, 2024-07-15 This study of collective American memory exposes the historical phenomenon of self-directed American imperialism still frequently ignored or denied in the United States Over the course of the 250 years of its history this has taken the form of African American slavery thwarted black motherhood same race slavery both white and African American as well as the extermination of indigenous American peoples On the literary level the study helps to broaden or even modify the present perspective on the oeuvres of four major American writers i.e. William Faulkner Toni Morrison Louise Erdrich and Cormac McCarthy by pointing to the

intertwining of their themes motifs and techniques of writing to form an intricate pattern of the intertextualized collective memory of the American nation Moralism Craig Taylor,2015-01-30 Moralism involves the distortion of moral thought the distortion of reflection and judgement It is a vice and one to which many from the philosopher to the media pundit to the politician are highly susceptible This book examines the nature of moralism in specific moral judgements and the ways in which moral philosophy and theories about morality can themselves become skewed by this vice This book ranges across a wide range of topics the problem of the demandingness of morality the conflict between moral and other values the contrast between the practice of moral philosophy and other modes of moral thought or reflection moralism in the media and moralism in the public discussion of literature and art This highly original and provocative book will be of interest to students of philosophy psychology theology and media and to anyone who takes a serious interest in contemporary morality Ritual Unbound Thomas Cousineau,2004 This study explores the vestiges of primitive sacrificial rituals that emerge in a group of canonical modernist novels including The Turn of the Screw Heart of Darkness The Good Soldier The Great Gatsby and To the Lighthouse It argues that these novels reenact a process that achieved its seminal expression in the Genesis story of The Binding of Isaac in which Abraham having been prevented from sacrificing Isaac offers up a ram in his place Modernist reenactments of this pattern present narrators who although vigorously protesting the victimization of certain characters unflinchingly seize upon others as their surrogates Each novel is designed in such a way however as to resist the reconstruction of a sacrificial ritual to which its narrator is prone The resulting tension between the binding and unbinding of ritual persecution dramatizes the paradox that we can neither believe convincingly in the guilt of our scapegoats nor imagine a society that has dispensed with them entirely Thomas Cousineau is Professor of English at Washington College in Maryland

Signs of Masculinity ,2023-12-14 Masculinity is becoming an increasingly popular area of study in areas as diverse as sociology politics and cultural studies yet significant research is lacking into connections between masculinity and literature Signs of Masculinity aims at beginning to fill the gap Starting with an introduction to and intervention within numerous debates concerning the cultural construction of various masculinities the volume then continues with an investigation of representations of masculinity in literature from 1700 to the present Close readings of texts are intended to demonstrate that masculinity is not a theoretical abstract but a definitive textual and cultural phenomenon that needs to be recognised in the study of literature It is hoped that the wide ranging essays which raise numerous issues and are written from a variety of methodological approaches will appeal to undergraduate postgraduates and lecturers interest in the crucial but under researched area of masculinity
