Adventures and Sufferings of John R. Jewitt Hilary, 2009-12-01 *A Narrative of the Adventures and Sufferings of John R Jewitt* is a classic of its kind In 1802 when he was nineteen Jewitt signed on the brigantine Boston which set sail from England for the Pacific Northwest Coast of North America At Nootka Sound on Vancouver Island the ship stopped to trade furs with the native people Days later the powerful chief Maquinna and his warriors massacred the ship s entire crew except for Jewitt and John Thompson Held captive as a slave for two years young Jewitt experienced adventure and hardship as he learned the language took part in many facets of native life and even married against his will Throughout it all he kept a forbidden journal recording his activities and observations Hilary Stewart enriches this reprint of Jewitt s narrative with background information on the history of the coast and a chapter on the remainder of his colourful life [History of the Northwest Coast](#) Hubert Howe Bancroft, Henry Lebbeus Oak, 1884 **History of the northwest coast. 1884-86** Hubert Howe Bancroft, 1884 **West American History** Hubert Howe Bancroft, 1902 [1812](#) Nicole Eustace, 2012-06-28 As military campaigns go the War of 1812 was a disaster By the time it ended in 1815 Washington D C had been burned to the ground the national debt had nearly tripled and territorial gains were negligible Yet the war gained so much popular support that it ushered in what is known as the era of good feelings a period of relative partisan harmony and strengthened national identity Historian Nicole Eustace s cultural history of the war tells the story of how an expensive unproductive campaign won over a young nation largely by appealing to the heart 1812 looks at the way each major event of the war became an opportunity to capture the American imagination from the first attempt at invading Canada intended as the grand opening of the war to the battle of Lake Erie where Oliver Perry hoisted the flag famously inscribed with Don t Give Up the Ship to the burning of the Capitol by the British Presidential speeches and political cartoons tavern songs and treatises appealed to the emotions painting war as an adventure that could expand the land and improve opportunities for American families The general population mostly shielded from the worst elements of the war could imagine themselves participants in a great national movement without much sacrifice Bolstered with compelling images of heroic fighting men and the loyal women who bore children for the nation war supporters played on romantic notions of familial love to espouse population expansion and

territorial aggression while maintaining limitations on citizenship 1812 demonstrates the significance of this conflict in American history the war that inspired The Star Spangled Banner laid the groundwork for a patriotism that still reverberates today

Race Traffic Gunther Peck,2024-12-10 Fantasies of white slavery and the narratives of victimhood they spawn form the foundation of racist ideology They also obscure the lived experience of trafficked servants and sailors in the seventeenth and eighteenth centuries Gunther Peck moves deftly between the Atlantic and Mediterranean worlds to discover where and when people with light skin color came to see themselves as white Separating fact from fiction and paying close attention to the ideological work each performs Peck shows how laboring women and men leveraged their newfound whiteness to secure economic opportunity and political power Peck argues that whiteness emerged not as a claim of racial superiority but as a byproduct of wide ranging and rancorous public debate over trafficking and enslavement Even as whiteness became a legal category that signaled privilege trafficking and race remained tightly interwoven Those advocating for the value of whiteness invoked emotionally freighted victimhood claiming that so called white slavery was a crime whose costs far exceeded those associated with the enslavement of African peoples across the Americas Peck helps us understand the chilling history that produced the racist ideology that still poisons our politics in the present day

Otter Skins, Boston Ships and China Goods James R. Gibson,1999 James Gibson s thoroughly researched and highly detailed study is the first comprehensive account of the maritime fur trade on the Northwest Coast of North America

Since the Time of the Transformers Alan D. McMillan,2000-02-01 This book examines over 4000 years of culture history of the related Nuuchahmuls and Makah peoples on western Vancouver Island and the Olympic Peninsula Using data from the Toquaht Archaeological Project McMillan challenges current ethnographic interpretations that show little or no change in these peoples culture Instead by combining historical evidence recent archaeological data and oral traditions he demonstrates conclusively that there were in fact extensive cultural changes and restructuring in these societies in the century following contact with Europeans McMillan brings the reader up to modern times identifying the major issues that face the Nuuchahmuls and Makah communities today

The Globalization of Addiction Bruce K. Alexander,2008-07-03 The Globalization of Addiction presents a radical rethink about the nature of addiction Scientific medicine has failed when it comes to addiction There are no reliable methods to cure it prevent it or take the pain out of it There is no durable consensus on what addiction is what causes it or what should be done about it Meanwhile it continues to increase around the world This book argues that the cause of this failure to control addiction is that the conventional wisdom of the 19th and 20th centuries focused too single mindedly on the afflicted individual addict Although addiction obviously manifests itself in individual cases its prevalence differs dramatically between societies For example it can be quite rare in a society for centuries and then become common when a tribal culture is destroyed or a highly developed civilization collapses When addiction becomes commonplace in a society people become

addicted not only to alcohol and drugs but to a thousand other destructive pursuits money power dysfunctional relationships or video games A social perspective on addiction does not deny individual differences in vulnerability to addiction but it removes them from the foreground of attention because social determinants are more powerful This book shows that the social circumstances that spread addiction in a conquered tribe or a falling civilisation are also built into today s globalizing free market society A free market society is magnificently productive but it subjects people to irresistible pressures towards individualism and competition tearing rich and poor alike from the close social and spiritual ties that normally constitute human life People adapt to their dislocation by finding the best substitutes for a sustaining social and spiritual life that they can and addiction serves this function all too well The book argues that the most effective response to a growing addiction problem is a social and political one rather than an individual one Such a solution would not put the doctors psychologists social workers policemen and priests out of work but it would incorporate their practices in a larger social project The project is to reshape society with enough force and imagination to enable people to find social integration and meaning in everyday life Then great numbers of them would not need to fill their inner void with addictions
