**America's Original Sin** John Rhodehamel, 2021-09-07 Finally a compelling narrative history of the Lincoln assassination that refuses to ignore John Wilkes Booth's motivation his growing obsessive commitment to white supremacy On April 14 1865 after nearly a year of conspiring John Wilkes Booth shot Abraham Lincoln as the president watched a production of *Our American Cousin* at Ford's Theatre Lincoln died the next morning Twelve days later Booth himself was fatally shot by a Union soldier after an extensive manhunt The basic outline of this story is well known even to schoolchildren what has been obscured is Booth's motivation for the act which remains widely misunderstood nearly 160 years after the shot from his pocket pistol echoed through the crowded theater In this riveting new book John Rhodehamel argues that Booth's primary motivation for his heinous crime was a growing commitment to white supremacy In alternating chapters *America's Original Sin* shows how as Lincoln's commitment to emancipation and racial equality grew so too did Booth's rage and hatred for Lincoln whom he referred to as King Abraham Africanus the First Examining Booth's early life in Maryland Rhodehamel traces the evolution of his racial hatred from his youthful embrace of white supremacy through to his final act of murder Along the way he considers and discards other potential motivations for Booth's act such as mental illness or persistent drunkenness which are all Rhodehamel writes either insufficient to explain Booth's actions or were excuses made after the fact by those who sympathized with him Focusing on how white supremacy brought about the Civil War and later betrayed the conflict's emancipationist legacy Rhodehamel's masterful narrative makes this old story seem new again The first book to explicitly name white supremacy as the motivation for Lincoln's assassination *America's Original Sin* is an important and eloquent look at one of the most notorious episodes in American history      **The Life, Crime, and Capture Of John Wilkes Booth** George Alfred Townsend, 2023-09-16 Reproduction of the original The publishing house Megali specialises in reproducing historical works in large print to make reading easier for people with impaired vision      Escape and Suicide of

Assassination of President Lincoln **Fortune's Fool** Terry Alford, 2015 When John Wilkes Booth assassinated President Abraham Lincoln at Ford's Theatre his friends were stunned not only by the murder but by the thought that someone they knew as fantastically gifted, successful and kind-hearted could commit such a crime Fortune's Fool the first biography of Booth ever written is the life story of this talented and troubling individual *John Wilkes Booth: Day by Day* Arthur F. Loux, 2014-09-06 By 1865 at the age of 26 Booth had much to lose a loving family, hosts of friends, adoring women, professional success as one of America's foremost actors and the promise of yet more fame and fortune Yet he formed a daring conspiracy to abduct Lincoln and barter him for Confederate prisoners of war The Civil War ended before Booth could carry out his plan so he assassinated the president believing him to be a tyrant who had turned the once proud Union into an engine of oppression that had devastated the South This book gives a day by day account of Booth's complex life from his birth May 10 1838 to his death April 26 1865 and the aftermath and offers a new understanding of the crime that shocked a nation **The Legend of John Wilkes Booth** C. Wyatt Evans, 2004 The Legend of John Wilkes Booth is a story of how collective memories and popular histories collide with clash and sometimes overcome mainstream accounts of the past It offers an alternate venue for studying the workings of Civil War memory in American culture and demonstrates how and why culture produced at the grassroots level can challenge the official version of events **BOOK JACKET** *The Escape and Suicide of John Wilkes Booth* Finis L. John Wilkes Booth By a Man Who Helped Him Escape (Annotated) Thomas Jones, At the time of the Lincoln assassination Thomas A Jones was 45 years old and had spent the years of the American Civil War working with zeal in the Confederate cause in Southern Maryland He primarily acted as an aid to Confederate spies moving through Charles County and helping

the substantial intelligence network by moving mail By the time that Jones wrote this account of having helped John Wilkes Booth in his escape his assessment of Abraham Lincoln had gone through a transformation As he tells us the light of reason had been blinded and he now saw Lincoln as a good and great man This is but one small piece of the drama that changed history But Jones was there and was part of it It s an important account that fills in the days between Booth s deed and his capture and death For less than you d spend on gas going to the library this long out of print volume is available as an affordable well formatted book for e readers and smartphones Be sure to LOOK INSIDE by clicking the cover above or download a sample
