Working the Past Charlotte Linde, 2008-12-01 Stories told within institutions play a powerful role helping to define not only the institution itself but also its individual members How do institutions use stories How do those stories both preserve the past and shape the future To what extent does narrative construct both collective and individual identity Charlotte Linde's unique and far reaching study addresses these questions by looking at the interplay of narratives memory and identity in a large insurance company Her detailed ethnography looks at the role of stories within the institution and how they are employed by its members in both private and group settings Analyzing the re telling of certain key stories she shows how the formation of core stories and their multiple re tellings and modifications provide a means of formulating and promoting a cohesive group identity which in turn shapes the stories and identities of the individuals within the collective Linde also looks at silences and how stories not told also convey their version of the past Working the Past shows how stories that might otherwise be seen as part of mundane daily life are in fact utterly essential to the formation and maintenance of individual and group identity Her original research will appeal to those interested in narrative studies linguistics anthropology sociology and institutional memory

Privilege at Play Hugo Cerón-Anaya, 2019-05-24 While most research on inequality focuses on impoverished communities it often ignores how powerful communities and elites monopolize resources at the top of the social hierarchy In *Privilege at Play* Hugo Cerón Anaya offers an intersectional analysis of Mexican elites to examine the ways affluent groups perpetuate dynamics of domination and subordination Using ethnographic research conducted inside three exclusive golf clubs and in depth interviews with upper middle and upper class golfers as well as working class employees Cerón Anaya focuses on the class racial and gender dynamics that underpin privilege in contemporary Mexico His detailed analysis of social life and the organization of physical space further considers how the legacy of imperialism continues to determine practices of exclusion and how social hierarchies are subtly reproduced through distinctions such as fashion and humor in addition to the traditional indicators of wealth and class Adding another dimension to the complex nature of social exclusion *Privilege at Play* shows how elite social relations and spaces allow for the resource hoarding and monopolization that helps create and maintain poverty

Captain Niblick John Michael Wade, 2014-01-09 The ancient oaks of one of England s major forests had just about seen it all wars droughts fires floods you name it they ve survived it But how would they cope with a maverick golf club skipper one Captain Mashie Niblick intent on demolishing old dogmas and bringing in his New Model Army to put matters to rights As it happened the New Model Army turned out to be an Old Model Army the bow and arrow brigade of one Robin the Hoodie who was keen on extending his domain from Sherwood to the back of beyond In an age of mobile telephony and electronic tablets the Outlaw was proven to be out of his depth Niblick was not As last man standing in the captaincy stakes Mashie Niblick strode purposefully up to the plate when duty called Eventually he fell off it Yet he could count himself one of the heroes of the age because surely in the 123 year history of the golf club there was no captain as lousy at golf as was Niblick Here is a true tale of a loser It is a story like no other Niblick survived and the forest survived by gobbling up the Captain s golf balls by the dozen This is golfing life in the English countryside and on the links of the Costa del Sol It tells what it is like to be a leader of men and a bleeder of golfing hearts Mashie Niblick is unique We shall not see his like again in the captaincy stakes so sit up and join him on his incredible journey
