that obscured the image of artistic production in the early modern world The centrality of clay in the creative processes of artists working with two and three dimensional artefacts comes to the fore The role of terracotta figures in religious practices as well as processes of material substitutions or mimesis confirm the medium s significance for European visual and material culture in general This book will be of interest to scholars working in art history Renaissance studies and material culture

Black Artists in Their Own Words Lisa Farrington,2025 The first book to center Black artists voices on Black aesthetics revealing a century of evolving relationships to race identity and art What is Black art No one has thought harder about that question than Black artists yet their perspectives have been largely ignored Instead their stories have been told by intellectuals like W E B Du Bois and Alain Locke who defined a school of Black art in the early twentieth century For the first time Black Artists in Their Own Words offers an insightful corrective Esteemed art historian Lisa Farrington gathers writing spanning a century across the United States the Caribbean and the African continent including from renowned artists Henry Tanner Nancy Elizabeth Prophet Romare Bearden Wifredo Lam Renee Cox and many more that reveals both evolutions and equivocations Many artists especially during the civil rights era have embraced Black aesthetics as a source of empowerment Others prefer to be artists first and Black second while some have rejected racial identification entirely Here Black artists reclaim their work from reductive critical narratives sharing the motivations underlying their struggles to create in a white dominated art world

Race and Ethnicity in Latin America Jorge I Dominguez,2018-12-07 First Published in 1994 In nearly all racially and ethnically heterogeneous societies there is overt national conflict among parties and social movements organized on the basis of race and ethnicity Such conflict has been much less evident in Latin America Scholars have pondered the nature of race and ethnicity with regard to both Afro American and Indo American societies though research on Brazil has been particularly prominent Special attention has been given to the relationship between social class and race and ethnicity
