Journal Of Thomas Moore 1818 1841:

The Journal of Thomas Moore, 1818-1841. (Revised Edition.) Edited by Peter Quennell. [With Plates, Including a Portrait.]. Thomas Moore, Peter Quennell, 1964 *Journal The journal of Thomas Moore* Thomas Moore, 1964 **The journal of thomas moore, 1818-1841, edited by quennell** b.1779 Moore, 1964 **The Journal of Thomas Moore, 1818-1841** Thomas Moore, 1964 **The Journal of Thomas Moore** Thomas Moore, Barbara Bartholomew, Joy L. Linsley, 1983 For over a hundred years the journal of the Irish poet Thomas Moore 1779 1852 was thought to have been destroyed In 1967 the manuscript was found in the archives of the Longman Publishing House in London This edition to be published in six volumes reveals the essential Moore and introduces the reader to the daily personal record of Moore s life from 1818 to 1847 The journal begins as an accurate rendering of the author s daily life and ends as a tragic reflection of a failing memory and a deteriorating mind **Byron Chronology** Norman Page, 1988-06-18 *Byron* Professor Norman Page, 2016-01-18 **A Short History of English Literature** Harry Blamires, 2013-02-28 First published in 2012 This work of introduction is designed to escort the reader through some six centuries of English literature It begins in the fourteenth century at the point at which the language written in our country is recognizably our own and ends in the 1950s It is a compact survey summing up the substance and quality of the individual achievements that make up our literature The aim is to leave the reader informed about each writer s main output sensitive to the special character of his gifts and aware of his place in the story of our literature as a whole **From Wordsworth to Stevens** Anthony Mortimer, 2005 On the occasion of Robert Rehder s seventieth birthday this Festschrift pays tribute to a forceful and inspiring teacher who is both a poet himself and the author of major studies on Wordsworth and Wallace Stevens The contributions reflect the range of Rehder s achievement with essays on Wordsworth and his contemporaries on the American poets who have been at the centre of his teaching Whitman Dickinson William Carlos Williams and on recent figures such as Thom Gunn and Seamus Heaney It concludes with some appreciations of Robert Rehder s own poetry This volume addresses all those who are concerned with poetry in the age of Wordsworth with the poetry of our own age and with the continuities between them Robert Rehder has been Professor of American and English Literature at the University of Fribourg Switzerland since 1985 *Byromania* Frances Wilson, 1999-03-15 This collection of essays by leading Byronists explores the development of the myth of Byron and the Byronic from the poet s self representations to his various appearances in nineteenth and twentieth century literature and in drama film and portraiture *Byromania* as Annabella Milbanke named the frenzied reaction to Byron s poetry and personality looks at the phenomena of Byronism through a variety of critical perspectives and it is designed to appeal to both an academic and a popular readership alike **Bacchus in Romantic England** A. Taylor, 1998-11-11 *Bacchus in Romantic England* describes real drunkenness among writers and ordinary people in the Romantic age It grounds this reality in writings by doctors and philanthropists from 1780 onwards who describe an epidemic of drunkenness These commentators

provide a context for the different ways that poets and novelists of the age represent drunkards Wordsworth writes poems and essays evaluating the drunken career of his model Robert Burns Charles Lamb s essays and letters reveal a real and metaphorical preoccupation with his own drinking as a way of disguising his personal suffering his companion Coleridge writes drinking songs essays about drunkenness and meditations about his own weakness of will that show both festive inebriety and consciousness of an inward abyss Coleridge s son Hartley whose fate his father had prophesied experiences drunkenness as the life long humiliation described in his poems and letters Keats s complex dionysianism runs through Endymion and the late odes setting him at odds with his temperate hero Milton Men in the Romantic age such as Sheridan Byron Moor and Clare celebrate rowdy friendship with tales and songs of drinking Romantic women novelists such as Smith Edgeworth and Wollstonecraft depict these men stumbling home to abuse their wives Although excessive drinking is real in the period observers and participants can still maintain ambivalence about its power to release or to debase the human being

Barnard's American journal of education ,1869 *The American Journal of Education* Henry Barnard,1869

Phantom Terror Adam Zamoyski,2015-02-10 For the ruling and propertied classes of the late eighteenth century the years following the French Revolution were characterized by intense anxiety Monarchs and their courtiers lived in constant fear of rebellion convinced that their power and their heads were at risk Driven by paranoia they chose to fight back against every threat and insurgency whether real or merely perceived repressing their populaces through surveillance networks and violent secretive police action Europe and the world had entered a new era In Phantom Terror award winning historian Adam Zamoyski argues that the stringent measures designed to prevent unrest had disastrous and far reaching consequences inciting the very rebellions they had hoped to quash The newly established culture of state control halted economic development in Austria and birthed a rebellious youth culture in Russia that would require even harsher methods to suppress By the end of the era the first stirrings of terrorist movements had become evident across the continent making the previously unfounded fears of European monarchs a reality Phantom Terror explores this troubled fascinating period when politicians and cultural leaders from Edmund Burke to Mary Shelley were forced to choose sides and either support or resist the counterrevolutionary spirit embodied in the newly omnipotent central states The turbulent political situation that coalesced during this era would lead directly to the revolutions of 1848 and to the collapse of order in World War I We still live with the legacy of this era of paranoia which prefigured not only the modern totalitarian state but also the now preeminent contest between society s haves and have nots These tempestuous years of suspicion and suppression were the crux upon which the rest of European history would turn In this magisterial history Zamoyski chronicles the moment when desperate monarchs took the world down the path of revolution terror and world war American Journal, and Annals of Education and Instruction ,1869 **Jane Austen and Representations of Regency England** Roger Sales,2002-09-11 In Jane Austen and Representations of Regency England Roger Sales looks at Jane Austen s entire oeuvre and views her

historically as a Regency writer voicing concerns on the condition of England Examining Austen's literary works her letters in the context of those of other Regency women as well as contemporary texts such as television adaptations of her work Jane Austen and Representations of Regency England reconstructs the breadth of Jane Austen's writing It also examines her representations of dandyism and masculine identities the events of the Regency crisis of 1810-12 the way in which Austen engaged in topical debates such as healthcare in both Emma and Persuasion *Book Review Index*, 1965 Every 3rd issue is a quarterly cumulation **Mourning Dress (Routledge Revivals)** Lou Taylor, 2009-07-15 First published in 1983

Mourning Dress chronicles the development of European and American mourning dress and etiquette from the middle ages to the present day highlighting similarities and differences in practices between the different social strata The result is a book which is not only of major importance to students of the history of dress but also to anyone who enjoys social history

Alimentary Orientalism Yin Yuan, 2023-06-16 What exactly did tea sugar and opium mean in eighteenth and nineteenth century Britain Alimentary Orientalism reassesses the politics of Orientalist representation by examining the contentious debates surrounding these exotic recently popularized and literally consumable things It suggests that the interwoven discourses sparked by these commodities transformed the period's literary Orientalism and created surprisingly self-reflexive ways through which British writers encountered and imagined cultural otherness Tracing exotic ingestion as a motif across a range of authors and genres this book considers how why and whither writers used scenes of eating drinking and smoking to diagnose and interrogate their own solipsistic constructions of the Orient As national and cultural boundaries became increasingly porous such self-reflexive inquiries into the nature and role of otherness provided an unexpected avenue for British imperial subjectivity to emerge and coalesce Bulletin of the John Rylands University Library of Manchester John Rylands University Library of Manchester, 1984
