Saindon,2003 Launched in 1803 by President Thomas Jefferson the Lewis and Clark Expedition was one of history s most ambitious and successful explorations Leading a permanent party of 33 on a 28 month journey of 8 500 miles the intrepid Meriwether Lewis and his co commander William Clark ascended the Missouri River into present day Montana crossed the Rocky Mountains descended the Columbia River to the Pacific Ocean and returned safely with a wealth of new information about the wilderness interior of North America Virtually every aspect of their momentous journey is covered in Explorations into the World of Lewis and Clark a three volume anthology of 194 articles with 102 maps and illustrations published between 1974 and 1999 in We Proceeded On the quarterly journal of the Lewis and Clark Trail Heritage Foundation Contributors include a host of professional and avocational Lewis and Clark scholars including John Logan Allen Stephen E Ambrose Irving W Anderson Eldon G Chuinard Paul Russell Cutright Dayton Duncan James J Holmberg Arlen J Large and James P Ronda Subject categories by volume I Before Lewis and Clark Expedition Preparations Expedition Personnel II People Places Things and Events Scientific Aspects of the Expedition III Journals Letters and Related Early Writings Immediately Following the Expedition Lewis and Clark Trail Sites Commemorations Interpretations and Depositories Some Prominent Lewis and Clark Scholars **Lewis and Clark Trail, Yesterday and Today** , *The Patrick Gass Journal of the Lewis and Clark Expedition* Carol Lynn MacGregor,1990 **Exploring Lewis and Clark** Thomas P. Slaughter,2007-12-18 This provocative work challenges traditional accounts of Meriwether Lewis and William Clark s expedition across the continent and back again

Uncovering deeper meanings in the explorers journals and lives Exploring Lewis and Clark exposes their self perceptions and deceptions and how they interacted with those who traveled with them the people they discovered along the way the animals they hunted and the land they walked across The book discovers new heroes and brings old ones into historical focus Thomas P Slaughter interrogates the explorers dreams how they wrote and what they aimed to possess their interactions with animals Indians and each other their sense of themselves as leaders and men and why they feared that they had failed their nation and President Slaughter s Lewis and Clark are more confused frightened courageous and flawed than in previous accounts They are more human their expedition more dramatic and thus their story is more revealing about our own relationships to history and myth

Interpreters with Lewis and Clark W. Dale Nelson, 2003 W Dale Nelson offers a frank and honest portrayal of Toussaint suggesting his character has perhaps been judged too harshly He was indeed valuable as an interpreter and no doubt helpful with his knowledge of the Indian tribes the group encountered And with his experience as a fur trader he always seemed to strike a better bargain than his companions
