purchases The core of Renaissance and Baroque paintings came with the purchase in 1902 of 1500 works from Rome's Massarenti collection This massive acquisition inspired Henry Walters to build the great Renaissance Revival structure whose restoration and return to the public was completed in 1988 Preface **The Rise of the Must-See Exhibition** Anna Lawrenson, Chiara O'Reilly, 2018-12-07 Blockbuster exhibitions are ubiquitous fixtures in the cultural calendars of major museums and galleries worldwide The Rise of the Must See Exhibition charts their ascent across a diverse array of museums and galleries The book positions these exhibits in the Australian cultural context demonstrating how policy developments and historical precedents have created a space for their current domination Drawing on historical evidence policy documents and contemporary debates the book offers a complex analysis of the aims and motivations of blockbuster exhibitions Its chronological approach reveals a genealogy of exhibits from the mid nineteenth century onward to identify precursors to current practice This provides a foundation upon which to examine the unprecedented growth of blockbusters in the latter half of the twentieth century The examples discussed offer a unique opportunity to study how institutional growth political support individual champions and audience interest have influenced the development of large scale temporary exhibitions The Rise of the Must See Exhibition considers blockbusters as an international phenomenon and as such is highly relevant to practitioners working across the cultural sector around the world The book will also appeal to academics and students engaged in the study of museums and galleries arts management and curating as well as those interested in the history of exhibitions and cultural policy The Burlington Magazine Robert Edward Dell, Charles John Holmes, Harold Child, Lionel Cust, Roger Fry, 1924 *The Burlington Magazine for Connoisseurs*, 1927 Images of the Art Museum Eva-Maria Troelenberg, Melania Savino, 2017-02-06 In recent years the emerging field of museum studies has seen rapid expansion in the critical study of museums and scholars started to question the institution and its functions To contribute differentiated viewpoints to the currently evolving meta discourse on the museum this volume aims to investigate how the institution of the museum has been visualized and translated into different kinds of images and how these images have affected our perception of these institutions In this interdisciplinary collection scholars from a variety of academic backgrounds including art history heritage museums studies and architectural history explore a broad range of case studies stretching across the globe The volume opens up debate about the epistemological and historiographical significance of a variety of different images and representations of the Art Museum including the transformation or adaptation of the image of the art museum across periods and cultures In this context this volume aims to develop a new theoretical framework while proposing new methodological tools and resources for the analysis of museological representations on a global scale The Rough Guide to New York City Rough Guides, 2016-02-01 The Rough Guide to New York City is the ultimate insider's guide to America's most exciting city Whether you're here for world class art at the Met a blowout shop at Macy's or a ball game at Yankee Stadium The Rough Guide to New York City is the perfect companion to a weekend city break or a longer stay Inspirational photography
