

FAIRIES

The background of the entire cover is a painting of a fairy in a forest at night. The fairy is a young woman with long, wavy brown hair, wearing a shimmering, golden-brown dress. She is barefoot and holds a basket of pink and white flowers. She is looking down at the basket. In the background, there are other fairies, some sitting on the ground and others standing, surrounded by glowing lights and a dark, forested landscape.

About the Little People: Fairies, Elves, Dwarfs, and Leprechauns Martin K. Ettington, I've written a number of books about legendary beings such as Bigfoot Dragons Thunderbirds Sea Monsters Giants and more I also wrote a book titled The Mythical People of Ireland which covered the Tuatha Da Danann Druids and Leprechaun elves The information I found for that book caused me to become more curious

about the little people generally There are legends of the Little People all over the world Even more interesting is that a race of very small people who were close to three feet tall were uncovered recently in Indonesia This race is called the Flores Man and was of a similar size to the beings in many of the legends of the little people This find is amazing because none of the other legendary beings have confirmed evidence of those little people in archeological sites These findings add a lot of credibility to those old legends In this book we cover these little beings from different areas of the world This includes where they came from stories about them possibly coming from different dimensions and stories about sightings of them Hope you enjoy this adventure into what seems like it might be a real race of intelligent legends *The Rough Guide to Unexplained Phenomena* Bob Rickard, John Michell, 2007-09-03 The Rough Guide to Unexplained Phenomena is an exploration of the zone that lies between the known and the unknown a shadowy territory that s home to the lake monsters combusting people teleporting frogs and man eating trees Taking a Fortean path between dogmatic scientists and credulous believers the authors trace tales of wonder back to their sources drawing from a huge archive of observations opinions and discussions This updated second edition boasts new illustrations and plenty of intriguing new sections from near death experiences to ghosts haunted houses and mysterious mass deaths There are many things which are not yet known or understood about our world as this guide shows there are many riddles to solve and wonders to experience Decide for yourself with The Rough Guide to Unexplained Phenomona **Blithe Spirits** S. D. Tucker, 2020-03-15 Covering and analyzing a wide global selection of reported poltergeist phenomena through history literature and society God and Other Spirits Phillip H. Wiebe, 2004-04-15 Many people believe in angels and evil spirits and popular culture abounds in talk about encounters with such entities Yet the question of the existence of such spirits is ignored in the academy Even the Christian Church which one might expect to show keen interest in transcendent realities does not appear to be paying much attention In this book Phillip Wiebe defends the plausibility of the traditional Christian claim that spirits are real Wiebe examines descriptions of encounters with both good and evil transcendent beings in biblical times and in later Christian history along with recent accounts of similar experiences He argues that invisible beings can be postulated to explain events just as unobservable objects are postulated in many scientific theories Beyond supporting claims for the existence of lesser spirits such as demons and angels this empirical approach yields important results for assessing common arguments surrounding the existence of God a question that has become artificially separated from the question of spirits as such Grounding his argument in a wide range of phenomena from near death experiences to demonic possession Wiebe offers a sophisticated case for belief in God on philosophical and epistemological grounds **Gef!** Christopher Josiffe, 2021-02-24 An exhaustive investigation of the case of Gef a talking mongoose or man weasel who appeared to a family living on the Isle of Man I am the fifth dimension I am the eighth wonder of the world During the mid 1930s British and overseas newspapers were full of incredible stories about Gef a talking mongoose or man weasel who had allegedly appeared in the home of the Irvings a farming family in a remote district

of the Isle of Man The creature was said to speak in several languages to sing to steal objects from nearby farms and to eavesdrop on local people Despite written reports magazine articles and books several photographs fur samples and paw prints voluminous correspondence and signed eyewitness statements there is still no consensus as to what was really happening to the Irving family Was it a hoax An extreme case of folie plusieurs A poltergeist The possession of an animal by an evil spirit Now you can read all the evidence and decide for yourself Seven years research and interviews photographs many previously unseen interviews with surviving witnesses visits to the site all are presented in this book the first examination of the case for seventy years In the words of its mischievous enigmatic subject If you knew what I know you d know a hell of a lot *The Philosophers' Secret Fire* Patrick Harpur,2007 Is there any place for the ancient myths of our ancestors in modern times Could their shadowy presence in our common imagination be more influential than we realise Across the globe many societies still believe in an Otherworld of spirits gods and daimons which the West has banished to the unconscious mind and now only visits in dreams Yet this visionary tradition continues to subvert the rational universe erupting out of the shadows in times of intense religious and philosophical transition In his dazzling history of the imagination Patrick Harpur links together fields as far apart as Greek philosophy and depth psychology Renaissance magic and tribal ritual Romantic poetry and the ecstasy of the shaman to trace how myths have been used to make sense of the world He uncovers that tradition which alchemists imagined as a Golden Chain of initiates who passed their mysterious secret fire down through the ages As this inspiring book shows the secret of this perennial wisdom is of an imaginative insight a simple way of seeing that re enchants our existence and restores us to our own true selves **Forbidden**
