**Faith First Liturgy & Morality** ,2000      **Faith First Liturgy & Morality** ,2000      **Faith First** Resources for Christian Living,2001      **Christology and Global Ethics** Martins, Alexandre A.,2023 This book offers a Christological account developed among the poor in Latin America and their experience of a God incarnated in history It places two realities together the academia where faith is object of studies and the grassroots community where faith is embodied The author introduces the reader to a contemporary Christological discussion from a Latin American liberating perspective with three essential characteristics first it is a Christology created from the reality of the poor and marginalized and at the same time oriented toward this reality as a pastoral resource Second its method goes beyond the polarization Christology from below and Christology from above Third it is a Christological essay that has a biblical text at its center Lk 4 16 30 as a starting point from where important theological disciplines are stressed such as systematic theology moral theology and liturgy In this way this book presents to the readers how different areas of theology are related and form a unity around the mystery of Christ and the faith experience of a Christian community Therefore it is an excellent book to initiate people in theological studies and method that can be used in theological classes in colleges schools and Catholic communities

Moral Leadership in the Church: a Normative Approach Bishop Felix Clarence Orji,2013-05-15 In a time of confusion uncertainty debate and division regarding what constitutes right moral behaviour the subject of responsible moral leadership in the church takes on fresh urgency But at this critical time of need for moral leadership too many clergy simply mirror the uncertainty or abnegate the responsibility This book addresses this anomaly specifically by proposing a normative model for moral leadership in the local church Pastors and leaders of all Christians traditions will find this book very informative and useful The book begins with an overview of the historical theological and biblical bases for Christian leadership and more particularly what the moral dimension of such leadership means Various Christian traditions are surveyed for insights into the character vision and tasks of moral leadership including the authoritative sources for ethical reflection and moral guidance Since Dr Felix Orji is a Bishop in the Anglican Communion he includes a chapter on that tradition to give a sense of the ecclesiastical ethos in which presbyters must exercise such leadership This is followed by a clear examination of Scripture in regard to what it tells us about moral leadership This book ends with a detailed normative model for moral leadership in the church and a leadership training resource specifically designed for such leadership      **Dictionary of Scripture and Ethics** Joel B. Green,Jacqueline Lapsley,Rebekah Miles,Allen Verhey,2011-11 Leading scholars from the fields of biblical studies and ethics provide a one stop reference book on the vital relationship between Scripture and ethics

Buckley,2012-09-01 At the same time as Catholic and evangelical Christians have increasingly come to agree on issues that divided them during the sixteenth century reformation they seem increasingly to disagree on issues of contemporary morality and ethics Do such arguments doom the prospects for realistic full communion between Catholics and evangelicals Or are such disagreements a new opportunity for Catholics and evangelicals to convert together to the triune God s word and work on the communion of saints for the world Or should our hope be different than simple pessimism or optimism In this volume eight authors address different aspects of these questions hoping to move Christians a small step further toward the visible unity of the church

**The Aesthetics of Discipleship** Adrian Coates,2021-09-30 Discipleship is embodied Formation in the Christian life is not an otherworldly exercise but one that plays out in this world interwoven with everyday sensory experience in ordinary life The Aesthetics of Discipleship explores this dynamic through Kierkegaard s framing of aesthetic existence the sensory experience of being in the moment further developed by Bonhoeffer as operating within a realm of freedom encompassing not only art but play friendship and cultural formation In addition to Kierkegaard and Bonhoeffer the work of Iain McGilchrist Graham Ward and Nicholas Wolterstorff is employed to offer a fresh perspective on discipleship from below Everyday sensory experiences are integral not only to being human but to the practice of discipleship such that discipleship integrates aesthetic ethical and religious existence Aesthetic existence unhinged from a life of faith or fueled by distorted Christendom creates and sustains aestheticized pseudorealities centered on the self Mature aesthetic existence however anchored in love for God plays a fundamental role in the Christian life both as the incarnational celebration of being fully human and also through the preconscious formation of imaginaries by which we live     Christian Ethics, Volume 2 Karl-Heinz Peschke,2012-08-21 This edition is once again a new thoroughly revised version of Christian Ethics II In some portions the subject matter has been reorganized more organically and recent theological developments and documents of the magisterium have been integrated New themes have been added others further developed such as deepening the concept and content of mission as well as ecumenical participation Also questions in bioethics have been supplemented such as the duty to preserve life topics of prenatal medicine reproductive and therapeutic cloning genetic alteration and euthanasia Other issues raised concern the discrimination against women civil marriage of homosexuals compassion in prison care the right of asylum humanitarian interventions the fostering of peace after conflicts empowerment of the poor in development projects and the treatment of animals The author hopes that this new edition will be a contribution to the ongoing

aggiornamento of moral theology and that it will continue to meet the expectations of its readers Modern Moral Problems William Smith, 2012-10-08 Modern Moral Problems addresses moral quandaries that can beguile and confuse faithful Catholics. Written in a question and answer format, the book covers questions regarding sexuality, medical ethics, business practices, civic responsibilities, and the sacramental life of the Church. The extraordinary assortment of issues forming a single organized collection is a valuable reference for anyone seeking clear and concise answers to tough moral questions. Written in a conversational tone, often spliced with humor, this work by a highly respected moral theologian will be read with fascination for its clarity of argument and fundamental good sense. Originally published as a monthly question and answer column in a magazine for priests, these selections by Msgr William B Smith retain a striking current topicality. Msgr Smith often tackled matters of controversy in the Catholic Church, ones which continue to draw conflicting opinions. Interesting, informative, and eminently practical, this book conveys an overall impression that sound thinking about morality is rooted in a tradition within the Catholic Church, even when the answers to particular moral questions cannot be found in catechisms or Vatican documents. Msgr Smith offers a clear-headed approach to the quandaries of our time precisely because of his training in traditional moral principles and his fidelity to the Catholic magisterium. This book should be in the possession of all seminarians and priests who are bound to confront moral matters that are not so easily decided at first glance. But lay people too will find here rich responses to the challenging and sometimes unresolved moral questions they encounter in their own lives.

**Our Moral Life in Christ (College Edition)** Peter V. Armenio, Midwest Theological Forum, 2020-06-26 This college edition of *Our Moral Life in Christ* by Rev Peter Armenio focuses on the Person and teachings of Christ and examines the moral life from that perspective. Christian morality is not only for knowing but also for living. This is a practical manner in which the spirit of Christ is made manifest in the world, thus contributing to the improvement of society. Based on the Ten Commandments and the Beatitudes, *Our Moral Life in Christ* presents the teachings of the Magisterium on moral issues in modern society. Inspired by recent papal documents, especially the encyclical *The Splendor of Truth* and the Catechism of the Catholic Church, this book provides the moral formation that will help the reader to become more Christlike in service of love and in the journey toward personal perfection, as well as providing the foundation to pursue advanced theological studies.

Narratives of Trauma and Moral Agency among Christian Post-9/11 Veterans Thomas Howard Suitt, III, 2023-05-23 Serving in the military is often a disruptive event in the lives of those who join, precipitating a reassessment of the service member's ethical sensibilities or tragically resulting in lasting moral injury and trauma. The military experience compels them to navigate multiple identities from citizen to warrior and back. Their religious identity, sometimes rooted in a civilian religious community, can be altered by military participation. Through a series of inductive, in-depth qualitative interviews, Suitt explores how varied religious resources and potentially traumatic events affect the lives of post-9/11 veterans who once or currently identified as Christian. Adding to existing research on moral injury, it traces how military chaplains' ethics

education just war theory rhetoric and formal religious practice supplied by the military alter the course of service members moral lives These narrative trajectories reveal how veterans use Christian faith or other systems of meaning making to understand war and their identities as service members and veterans

*The Foundations of Christian Bioethics* Hugo Tristram Engelhardt, 2000 For decades Engelhardt has alluded to the ethics that binds moral friends While his *Foundations of Bioethics* explored the sparse ethics binding moral strangers this long awaited volume addresses the morality at the foundations of Christian bioethics The volume opens with an analysis of the marginalization of Christian bioethics in the 1970s and the irremedial shortcomings of secular ethics in general Drawing on the Christianity of the first millennium Engelhardt provides the ontological and epistemological foundations for a Christian bioethics that can remedy the onesidedness of a secular bioethics and supply the bases for a Christian bioethics The volume then addresses issues from abortion third party assisted reproduction and cloning to withholding and withdrawing treatment physician assisted suicide and euthanasia Practices such as free and informed consent are relocated within a traditional Christian morality Attention is also given to the allocation of scarce resources in health care and to the challenge of maintaining the Christian identity of physicians nurses patients and health care institutions in a culture that is now post Christian

*Sex, Moral Teaching, and the Unity of the Church* Timothy F. Sedgwick, 2014-10 Respected Episcopal ethicist Timothy F Sedgwick provides an alternative viewpoint on the homosexuality debate on the proposed Anglican Covenant and on mission and ministry He deals insightfully with what he thinks is a mistaken assumption in the Church and advances a cogent argument that the church needs to be clear in forming its moral teaching whether liberal or conservative The right question Sedgwick maintains is how do we teach morals and order our life accordingly This book evolved from his work over the last decade addressing same sex issues in the national church Chapters include Homosexuality Teaching and Governance in the Episcopal Church The Anglican Covenant What are Bishops for Anglican Roman Catholic Dialogue The Unity We Seek Moral Teaching Formation and the Mission of the Church A timely and lucid treatment of the single most controversial topic in the Episcopal Church Written by a preeminent Episcopal ethicist

*Authentic Liturgical Renewal in Contemporary Perspective* Uwe Michael Lang, 2017-07-27 The ongoing debates on the present state and the future of the Roman Catholic worship are not confined to specialists but are clearly of interest to a wider public as the responses to the Sacra Liturgia UK conference held in London in July 2016 have shown This volume contains the proceedings of the conference and raises the question of how to bring to fruition the insights and instructions of the Second Vatican Council and its key document on the liturgy Sacrosanctum Concilium in the life of the Church today The initial contribution from Robert Cardinal Sarah Prefect of the Congregation for Divine Worship and the Sacraments calls for a fuller implementation of Sacrosanctum Concilium Following on from this other leading figures and liturgical scholars such as Joris Geldhof David Fagerberg and Alcuin Reid examine Catholic worship from a variety of perspectives including historical pastoral social cultural and artistic themes Taken together these chapters
