*The Accidental Gangster* Ori Spado, Dennis N. Griffin, 2019-11-12. The true story of a Hollywood fixer who wound up in the sights of the FBI. In this memoir, Orlando Ori Spado honestly recounts his humble beginnings from the small town of Rome in upstate New York and his journey to becoming known as The Mob Boss of Hollywood. It is a candid account documenting his fall from a well-known Hollywood fixer mixing with A-list celebrities to serving 62 months in Federal prison and ultimately making a determined comeback. For nearly forty years, Orlando Ori Spado was a friend and associate of John Sonny Franzese, underboss of the Colombo organized crime family. His relationship with Sonny brought him to the attention of the FBI and eventually led to his being indicted with Sonny on federal RICO charges and imprisoned. In *The Accidental Gangster*, Ori provides the details of his time in the life and his long battle with the FBI, whose overwhelming resources made it a fight that was impossible to win.

Nick Pileggi, author of *Wiseguy*. Orlando Ori Spado had been a thorn in the side of the Los Angeles field office of the FBI for almost two decades before they finally took him down. Accidentally or not, Ori was a quintessential Mob character, complete with a pinkie ring and a slow, steady, deliberate voice, whether speaking with friends or foes. But like so many other Good Fellas, he was set up by a friend's son. You will have to read the book to find out who set him up. Enjoy!

John Connolly, New York Times bestselling author of *Filthy Rich*. *Shooting and Fishing*, 1906. *Some Day Never Comes*, **Pet Projects**.

Elizabeth Young, 2019-12-15. In *Pet Projects*, Elizabeth Young joins an analysis of the representation of animals in nineteenth-century fiction, taxidermy, and the visual arts with a first-person reflection on her own scholarly journey. Centering on Margaret Marshall Saunders, a Canadian woman writer once famous for her animal novels and incorporating Young's own experience of a beloved animal's illness, this study highlights the personal and intellectual stakes of a pet project of cultural criticism. Young assembles a broad archive of materials, beginning with Saunders's novels and widening outward to include fiction, nonfiction, photography, and taxidermy. She coins the term "first dog voice" to describe the narrative technique of novels such as Saunders's *Beautiful Joe*, written in the first person from the perspective of an animal. She connects this voice to contemporary political issues, revealing how animal fiction such as Saunders's reanimates nineteenth-century writing about both feminism and slavery. Highlighting the prominence of taxidermy in the late nineteenth century, she suggests that Saunders transforms taxidermic techniques in surprising ways that provide new forms of authority for women. Young adapts Freud to analyze literary representations of mourning by and for animals and she examines how Canadian writers, including

Saunders use animals to explore race ethnicity and national identity Her wide ranging investigation incorporates twenty first as well as nineteenth century works of literature and culture including recent art using taxidermy and contemporary film Throughout she reflects on the tools she uses to craft her analyses examining the state of scholarly fields from feminist criticism to animal studies With a lively first person voice that highlights experiences usually concealed in academic studies by scholarly discourse such as detours zigzags roadblocks and personal experience this unique and innovative book will delight animal enthusiasts and academics in the fields of animal studies gender studies American studies and Canadian studies
