*Joe's Law* Joe ARPAIO, Len SHERMAN, 2008-05-29 Outspoken no nonsense and eminently fascinating Joseph M Arpaio captured the public's imagination from his first day as sheriff of Maricopa County Arizona in 1992. He has become an icon not only in his own state but all over the world. For 15 years he has maintained an unprecedented 80% approval rating. Famous for his get smart and get tough approach to jails, Sheriff Joe as he is universally known conceived The Tent City Jail where he houses his inmates in surplus army tents left over from the Korean War. Known as the Alcatraz of Arizona, the jail features chain gangs and stringent discipline. By eliminating all comforts for his inmates, he has managed to shave 500,000 annually from the cost of keeping prisoners. But he also offers a wide range of educational and therapeutic courses for inmates. To his ardent followers, he is a hero for both his toughness on crime and his sense of humanity. While his opponents decry him for his iron-fisted approach, no one can deny that Sheriff Joe is one of the country's most respected elected officials. Joe's Law is an uncensored look by America's Toughest Sheriff at some of the most important and difficult issues facing America today. As the first law enforcement official in the country to arrest illegal immigrants, Arpaio tackles illegal immigration head-on, how it intertwines with drug trafficking, taxes, and crime, and how it impacts healthcare and education, as well. Arpaio offers innovative and fair ways to solve this dilemma and many others, not only in his own state but throughout the country. Compelling and courageous, this is a candid take on some of America's most pressing social problems and one man's revolutionary vision for eliminating them.

**The Karmic Car Cycles** Cliff Livingstone, 2009-08 The universally themed book titled *The Karmic Car Cycles* is a hilarious romp of car-related misadventures by the author/protagonist Cliff R Livingstone. The book hits the ground running and is still running at the end. Having led one of the wackiest, most unusual, and so far unlikely lives on the planet, the author romps through these awesome and oftentimes unbelievable Karmic Car adventures at the rate of about ten laughs a second. The author proposes that his car misadventures occurred because he had a Karmic Car Cycle going on. He then builds the case through a series of hilarious vignettes that work in their right own over and above the narrative. In writing it, it is hard to find an approach that stands out from the crowd. But this is what Livingstone has done with this distinctive work, which lives up to its billing as a non-stop romp morning, noon, and night. The writing style is uproariously funny, conversational, wry, even whimsical at times, and is never less than totally entertaining. The book is anything but your standard bowl of cornflakes. Writing is about addressing other people. Mr Livingstone has accurately identified the things about his life's experiences which could be of interest to others. This gives *The Karmic Car Cycles* a more universal appeal than an average straight-forward narrative novel might offer. The book also has a universal appeal which everyone can enjoy in the sense that while located mainly in Canada, the misadventures could just as easily have happened to anybody anywhere in the world, whether rich, poor, male, female, sane, zany, or just plain still in their boots. Likewise, the author's self-imposed criterion that all included material be entertaining and/or thought provoking for the benefit of others is a rule from which

many writers could benefit      **SBA Annual Report** United States. Small Business Administration,1978
