**John Armleder** John Michael Armleder (Painter, Switzerland), University of Pennsylvania. Institute of Contemporary Art, Kunsthalle Zürich, Institute of Contemporary Art (Philadelphia, PA), 2006 About Nothing John Armleder, 2005 Edited by Lionel Bovier and Beatrix Ruf John Armleder John Armleder, 2005 Internationally acclaimed Swiss artist John Armleder fuses genres and media he borrows influences from modernist art modern design constructivism art deco minimalism op art music and film The resulting images sculptures and installations often involve the viewer's active participation his art is as much experienced as it is viewed This comprehensive book charts Armleder's career with an interview an analytical retrospective text and 150 images which presents the artist's eclectic output from his early work to his current projects Armleder's work is widely exhibited in international galleries and museums He recently curated the exhibition None of the Above winter 2004/05 at the Swiss Institute of Contemporary Art in New York A solo exhibition of his work opened in May 2005 at the Cosmic Galerie in Paris Almost nothing Anna Dezeuze, 2016-12-21 What does an assemblage made out of crumpled newspaper have in common with an empty room in which the lights go on and off every five seconds This book argues that they are both examples of a precarious art that flourished from the late 1950s to the first decade of the twenty-first century in light of a growing awareness of the individual's fragile existence in capitalist society Focusing on comparative case studies drawn from European North and South American practices this study maps out a network of similar concerns and practices while outlining its evolution from the 1960s to the beginning of the twenty-first century This book will provide students and amateurs of contemporary art and culture with new insights into contemporary art practices and the critical issues that they raise concerning the material status of the art object the role of the artist in society and the relation between art and everyday life **A Book about Ray** Ellen Levy, 2024-10-15 The first full career survey of the idiosyncratic life and work of Ray Johnson a collagist performance artist and pioneer of mail art Ray Johnson 1927-1995 aka a New York's most famous unknown artist was notorious for the elaborate games he played with the institutions of the art world soliciting their attention even as he rejected their invitations In A Book about Ray Ellen Levy offers a comprehensive study of the artist who turned the business of career making into a tongue-in-cheek performance tracing his artistic development from his arrival at Black Mountain College in 1945 to his death in 1995 Levy describes Johnson's practice as one that was constantly shifting whether in tone in its address to potential audiences or among three primary artistic modes collage performance and correspondence art A Book about Ray takes an elliptical path circling around rather than trying to arrest in flight the elusive artist and his purposefully ephemeral art By crafting the book in this way Levy evokes Ray Johnson's art in the moment of its making and draws readers into the artist's world while making them feel from the beginning that they somehow already know their way around that world In exploring Johnson's scene readers will also encounter the artists who influenced him like Joseph Cornell and Marcel Duchamp and his friends and peers like Jasper Johns Allan Kaprow Robert Rauschenberg and

Andy Warhol The work of such figures will look forever different in light of Johnson's subversive take on their shared aesthetic Suitable for readers both new to Ray Johnson and those already familiar with his work *A Book about Ray* is a complete and vital portrait of an American original

**Precision and Madness** Kunstmuseum Wolfsburg, 2007 At last the broader movements of twentieth century Swiss art and the individual artists behind them are tracked through the present day in one standard setting publication *Swiss Made Precision and Madness* sets the famous Swiss tendency toward precision and order alongside the tendency toward obstinacy and chaos pairing canonical works with pieces made within the past 40 years Provocative pairs include Max Bill and John Armleder Ferdinand Hodler and Urs L thi Alberto Giacometti and R my Zaugg Louis Soutter and Martin Disler Robert M ller and Sylvie Fleury Paul Klee and Silvia B chli Adolph W lfli and Ugo Rondinone Tensions emerge between the focused and the expansive over everyday life in the Swiss state and naturally over the mountains *Swiss Made Precision and Madness* is of interest on its own analytic terms and as an excellent overview of the country's art since 1850

**Voids** Mathieu Copeland, 2009 Edited by Matthieu Copeland Clive Phillpot John Armleder Mai Thu Perret

**A Show of Hands** Ileana Parvu, 2024-12-13 In contrast to the divide between conception and execution advocated by Anglo American artists in the second half of the 1960s this book reappraises conceptual art by examining it from the perspective of craft The emphasis on craft shifts the focus from the Western art system to its margins where creators were relegated to the status of mere artisans in the colonial context on the pretext that attaining that of artists was beyond their reach From this peripheral point of view the book shows that work carried out with artisanal means can lead to conceptual practice Moreover this shift in perspective provides a new understanding of several positions within conceptualism which ultimately appears as an ongoing reflection on the role of the hands making and craft Look inside

**Absence in Cinema** Justin Remes, 2020-07-14 Absence has played a crucial role in the history of avant garde aesthetics from the blank canvases of Robert Rauschenberg to Yves Klein's invisible paintings from the silent music of John Cage to Samuel Beckett's minimalist theater Yet little attention has been given to the important role of absence in cinema In the first book to focus on cinematic absence Justin Remes demonstrates how omissions of expected elements can spur viewers to interpret and understand the nature of film in new ways While most film criticism focuses on what is present such as images on the screen and music and dialogue on the soundtrack Remes contends that what is missing is an essential part of the cinematic experience He examines films without images such as Walter Ruttmann's *Weekend* 1930 a montage of sounds recorded in Berlin and films without sound such as Stan Brakhage's *Window Water Baby Moving* 1959 which documents the birth of the filmmaker's first child He also examines found footage films that erase elements from preexisting films such as Naomi Uman's *removed* 1999 which uses nail polish and bleach to blot out all the women from a pornographic film and Martin Arnold's *Deanimated* 2002 which digitally eliminates images and sounds from a Bela Lugosi B movie Remes maps out the effects and significations of filmic voids while grappling with their implications for film theory Through a careful analysis

of a broad array of avant garde works *Absence in Cinema* reveals that films must be understood not only in terms of what they show but also what they withhold **Interior Design** ,2006 **The Oxford Handbook of Sound and Image in Western Art** Yael Kaduri,2016 The Oxford Handbook of Sound and Image in Western Art is the first book to examine under one umbrella different kinds of analogies mutual influences integrations and collaborations of audio and visual in different art forms painting sculpture installation architecture performance art animation film video art visual music multimedia experimental music sound art opera theatre and dance *Sitting at the cutting edge of the field of music and visual arts* the book offers a unique at times controversial view of this rapidly evolving area of study *Frieze* ,2005 *Figures of Radical Absence* Alexandra-Ecaterina Irimia,2023-10-04 What is there to see in invisible artworks empty books or blank screens How do formal absences generate meaning Constructing an argument by way of montage this book is an annotated inventory of textual visual and conceptual figures of absence Spanning different media it reveals a creative tradition that uses absence not as a negative aesthetic category but as a productive state of radical indeterminacy with its own politics and poetics Although post structuralism highlighted the importance of what is offstage lost forgotten hidden or discarded silent or silenced the poetics and politics of absence much like its ethics and aesthetics have rarely been discussed across media and disciplines This book proposes the concept of radical absence to describe a certain tradition of resistance to ontology predication and representation contesting their reliance on a metaphysics of presence Apophatic speech empty signifiers and figural voids are some of the figures through which radical absence becomes apparent with unprecedented intensity in twentieth century theory literature film and the arts Phantasmatic and outrageous such figures play with creative strategies of dematerialization irony and other forms of discursive undoing Therefore absence becomes more than a simple theme it reflects back on the medium and the meaning making conditions under which it operates Elusive and imprecise as an object of study absence requires more subtle and flexible epistemological frameworks than have been available to date This monograph proposes we think of it not only as a counter concept for presence but also and perhaps more productively as infinite spacing deferral fragmentation and displacement *Art/Basel/Miami Beach* ,2005 [Artscribe International](#) ,1987

**Rapid Eye 2** Simon Dwyer,2013-07-21 RAPID EYE was the seminal British counter culture journal founded in 1979 by journalist Simon Dwyer Dwyer s classic RAPID EYE articles are now issued in three special ebook editions Volume 2 contains *The Plague Yard* an epic trip through the altered states of America which ruthlessly dissects American art and culture Followed by Dwyer s poignant and transcendental valediction *A Dark Eye Closes* written shortly before his untimely death

**Counterpoints** Philippe Junod,2017-09-15 Multimedia experiments are everywhere in contemporary art but the collaboration and conflict associated with multimedia is not a new phenomenon From opera to the symphonic poem to paintings inspired by music many attempts have been made to pair sounds with pictures and to combine the arts of time and space *Counterpoints* explores this artistic evolution from ancient times to the present day The book s main focus is music and

its relationship with painting sculpture and architecture Philippe Junod draws on theoretical and practical examples to show how different art movements throughout history have embraced or rejected creative combinations He explains how the Renaissance neoclassicism and certain brands of modernism tried to claim the purity of each mode of expression while other movements such as romanticism symbolism and surrealism called for a fusion of the arts Counterpoints is a unique cultural history one that provides a critical understanding of a popular but previously unheralded art form      **The History of the Jews** Gotthard Deutsch,1921      Frieze Art Fair Yearbook 2009-10 Rosalind Furness,Anna Starling,2009 An essential publication for anyone interested in contemporary visual art the Frieze Art Yearbook 200910 profiles almost 300 emerging and established artists from around the world with a critical text and a colour image of their work The book also contains thoughtful interviews with artists from Frieze Projects Frieze Art Fairs critically acclaimed programme of commissions The Yearbook provides a wealth of information comprising details for all the galleries participating at Frieze Art Fair and a global directory of over 2 000 leading contemporary artists      *Leading Manufacturers and Merchants of Cincinnati and Environs* ,1886
