Roland, Jacques Bernier, 2010-11-22 Volume Two of this retrospective bibliography is both a continuation and an expansion of Volume One 1984 It contains references to Canadian medical historical literature published between 1984 and 1998 and also includes much additional material published prior to 1984 Finally it substantially enlarges the content of French language material Every effort has been made to be as inclusive as possible of articles theses book chapters and books both in English and in French relating to the history of medicine No single electronic source can replace this bibliography The contents are divided into three sections The first is a listing of material expressly biographical Section two lists material under a wide variety of subject headings related to medicine and the third is a complete listing of the authors who have contributed these articles Simply organized and easy to use this bibliography will be of value to historians archivists librarians and anyone interested in the history of medicine **John Rolph** Charles M. Godfrey, 1993 **The University of Toronto** Martin L. Friedland, 2013-01-01 Anyone who attended the University or who is interested in the growth of Canada's intellectual heritage will enjoy this compelling and magisterial history The Story of the Upper Canadian Rebellion John Charles Dent, 1885 After the Rebellion Lilian F. Gates, 1996-07-25 This comprehensive book on William Lyon Mackenzie's later life focuses first on the period 1838 1849 Mackenzie's years in exile in the United States It examines his contribution to the American political scene including his role in writing the constitution of the State of New York The book also chronicles Mackenzie's life from 1849 when he was granted amnesty and returned to Canada to his death in 1861 In this the only comprehensive look at Mackenzie's life Lillian Gates offers a meticulous account of one of Canada's liveliest nineteenth century politicians **John Ralston Saul Reimagines Canada (4-Book Bundle)** John Ralston

Saul, 2017-05-16 Canada has no greater interpreter and champion than John Ralston Saul who for years has been challenging our common notions of Canada. These four books examine our history and myths, our relationships and modern reality and together brilliantly portray a unique and remarkable country. *Reflections of a Siamese Twin* In *Reflections of a Siamese Twin* Saul turns his eye to an examination of Canada itself. Caught up in crises political, economic and social, Canada continues to flounder, unable to solve or even really identify its problems. Instead, we assert absolute differences between ourselves: we are English or we are French, Natives or Europeans, early immigrants or newly arrived from the east or from the west. Or we bow to ideologies and deny all differences in the name of nationalism, unity or equality. In a startling exercise in reorientation, John Ralston Saul makes sense of Canadian myths, real, false, denied and reconciles them with the reality of today's politics, culture and economics. *A Fair Country* In this startlingly original vision of Canada, John Ralston Saul argues that Canada is a Mosaic nation heavily influenced and shaped by Aboriginal ideas. Egalitarianism, a proper balance between individual and group and a penchant for negotiation over violence are all Aboriginal values that Canada absorbed. An obstacle to our progress, Saul argues, is that Canada has an increasingly ineffective elite, a colonial, non-intellectual business elite that doesn't believe in Canada. It is critical that we recognize these aspects of the country in order to rethink its future. *The Comeback* Historic moments are always uncomfortable. Saul writes in this impassioned argument, calling on all of us to embrace and support the comeback of Aboriginal peoples. This, he says, is the great issue of our time, the most important missing piece in the building of Canada. The events that began late in 2012 with the Idle No More movement were not just a rough patch in Aboriginal relations with the rest of Canada. What is happening between Aboriginals and non-Aboriginals is not about guilt or sympathy or failure or romanticization of the past. It is about citizens' rights. It is about rebuilding relationships that were central to the creation of Canada. These relationships are just as important to its continued existence. Wide in scope but piercing in detail, *The Comeback* presents a powerful portrait of modern Aboriginal life in Canada, illustrated by a remarkable selection of letters, speeches and writings by Aboriginal leaders and thinkers, showcasing the extraordinarily rich, moving and stable indigenous point of view across the centuries. Louis Hippolyte LaFontaine and Robert Baldwin Here Saul argues that modern Canada did not begin in 1867; rather, its foundation was laid years earlier by two visionary men, Louis Hippolyte LaFontaine and Robert Baldwin. Opposites in temperament and driven by intense experiences of love and tragedy, together they developed principles and programs that would help unite the country. After the 1841 union, the two leaders of Lower and Upper Canada worked to create a reformist movement for responsible government run by elected citizens instead of a colonial governor. During the Great Ministry of 1848 to 1851, despite violent opposition, they set about creating a more equitable nation. They revamped judicial institutions, established a public education system, made bilingualism official and designed a network of public roads. Writing with verve and deep convictions, Saul restores these two extraordinary Canadians to rightful prominence. **Conflict and Compromise** Raymond B. Blake, Jeffrey Keshen, Norman J. Knowles, Barbara J.
