Fidell, 1974-12 An index to 11 561 stories in 805 collections **Short Story Index** ,1960 *Short Story Index: 1969-1973* ,1974 *Making the Modern Reader* Barbara M. Benedict, 2018-12-04 Inquiring into the formation of a literary canon during the Restoration and the eighteenth century Barbara Benedict poses the question Do anthologies reflect or shape contemporary literary taste She finds that there was a cultural dialectic at work miscellanies and anthologies transmitted particular tastes while in turn being influenced by the larger culture they helped to create Benedict reveals how anthologies of the time often created a consensus of literary and aesthetic values by providing a bridge between the tastes of authors editors printers booksellers and readers Making the Modern Reader the first full treatment of the early modern anthology is in part a history of the London printing trade as well as of the professionalization of criticism Benedict thoroughly documents the historical redefinition of the reader once a member of a communal literary culture the reader became private and introspective morally and culturally shaped by choices in reading She argues that eighteenth century collections promised the reader that culture could be acquired through the absorption of literary values This process of cultural education appealed to a middle class seeking to become discriminating consumers of art By addressing this neglected genre Benedict contributes a new perspective on the tension between popular and high culture between the common reader and the elite This book will interest scholars working in cultural studies and those studying noncanonical texts as well as eighteenth century literature in general Originally published in 1996 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 The Black Elk Reader Clyde Holler, 2000 A compilation of essays by authorities on Black Elk The introduction explores his life and texts and the essays demonstrate Black Elk s relevance to today s scholarly discussions and consider his work from postcolonial anthropological and cultural perspectives *Reader's Guide to American History* Peter J. Agee at 100 Michael A. Lofaro, 2012-02-25 Drawn mainly from the centennial anniversary symposium on James Agee held at the University of Tennessee in the fall of 2009 the essays of Agee at 100 are as diverse in topic and purpose as is Agee's work itself Often devalued during his life by those who thought his breadth a hindrance to greatness Agee's achievements as a poet novelist journalist essayist critic documentarian and screenwriter are now more fully recognized With its use of previously unknown and recently recovered materials as well as established works this groundbreaking new collection is a

timely contribution to the resurgence of interest in Agee's significance. The essays in this collection range from the scholarly to the personal and all offer insight into Agee's writing, his cultural influence, and ultimately Agee himself. Dwight Garner opens with his reflective essay on *Why Agee Matters*. Several essays present almost entirely new material on Agee. Paul Ashdown writes on Agee's book reviews, which unlike Agee's film criticism have received scant attention. With evidence from two largely unstudied manuscripts, Jeffrey Couchman sets the record straight on Agee's contribution to the screenplay for *The African Queen* and delves as well into his television miniseries screenplay *Mr. Lincoln*. John Wranovics treats Agee's lesser-known films, the documentaries *In the Street* and *The Quiet One*, and the Filipino epic *Genghis Khan*. Jeffrey J. Folks wrestles with Agee's culture of repudiation, while James A. Crank investigates his perplexing treatment of race in his prose. Jesse Graves and Andrew Crooke provide new analyses of *Let Us Now Praise Famous Men*, and Michael A. Lofaro and Philip Stogdon both discuss Lofaro's recently restored text of *A Death in the Family*. David Madden closes the collection with his short story *Seeing Agee in Lincoln*, an imagined letter from Agee to his longtime confidante Father Flye. The contributors to *Agee at 100* utilize materials new and old to reveal the true importance of Agee's range of cultural sensibility and literary ability. Film scholars will also find this collection particularly engrossing, as will anyone fascinated by the work of the author, rightly deemed the sovereign prince of the English language. Michael A. Lofaro is Lindsay Young Professor of American Literature and American and Cultural Studies at the University of Tennessee. Most recently, he restored James Agee's *A Death in the Family* and is the general editor of the projected eleven-volume *The Works of James Agee*. *The Bibliographer*, 1883

Learning to Enjoy Literature Thomas M. McCann, John V. Knapp, 2021-07-01 Students will not become enthusiastic readers of literature from a teacher simply assigning reading tasks and assessing the completion of the tasks, especially when the assessment takes the form of threatened quizzes. Instead, as this book shows, teachers have an obligation to reveal to learners the procedures that skilled readers follow as they work with and enjoy literature, and a further obligation to help learners to recognize some value in tackling complex works of literature. **Discovering Classic Fantasy Fiction** Darrell

Schweitzer, 1996-12-01 The antecedents of fantasy literature extend back to the very beginnings of storytelling itself, but modern fantasy became recognizable as a distinct literary form only in the late nineteenth and early twentieth centuries, with the publication of the novels of William Morris and the short stories of Lord Dunsany. The emphasis by these writers and their successors on ideal and sometimes less-than-ideal places and peoples who exist only in a realm of pure imagination laid the foundation for later works by J. R. R. Tolkien and many others. Book jacket Reader's Guide to Periodical Literature Supplement, 1926

A Roger Fry Reader Roger Fry, 1996-07-15 This book brings together a comprehensive selection of Roger Fry's essays, from modern French art to formalist aesthetic theory. The book examines the foundations of modern art criticism, the nature of art, and the aesthetic experience.
