Introd. by Warren G. French** Tetsumaro Hayashi,1967 **A Concise Bibliography for Students of English** Arthur Garfield Kennedy,Donald B. Sands,1966 *A John Steinbeck Encyclopedia* Brian Railsback,Michael Meyer,2006-09-30 One of the greatest novelists of the 20th century John Steinbeck continues to be read and studied at all levels This encyclopedia extensively overviews his life and writings Included are roughly 1200 alphabetically arranged entries by more than 40 expert contributors Entries cover his works major characters family members and contemporaries influences and various special topics related to his literary career Many of the entries cite works for further reading and the encyclopedia closes with a selected general bibliography Known for his searing social criticism John Steinbeck is one of the most popular and influential American writers of the 20th century His works are read and studied at all levels and have been made into films And though critics and scholars initially found fault with his enormously popular works he is now widely recognizes as a master of his craft This encyclopedia provides an extensive overview of his life and career and is accessible to high school students undergraduates and general readers Presented are roughly 1200 alphabetically arranged entries by more than 40 expert contributors These entries cover his works major characters family members and contemporaries influences and a range of special topics **John Steinbeck** T. Hayashi,1977 [Steinbeck's Typewriter](#) Robert DeMott,2012-10-17 Steinbecks Typewriter Essays on His Art collects several of DeMotts finest essays on Steinbeck that are so carefully revised as to warn other critics seeking their own collected essay volume of the difference between a genuinely lapidary compilation and a kitchen midden Illustrated with some rare photos this collection is especially notable John Ditsky Choice Steinbecks Typewriter stands as the most in depth treatment of Steinbecks aesthetics particularly in its exploration of the authors interior spaces and creative habits elements of Steinbecks artistry which have not only been underestimated but woefully ignored Stephen George Steinbeck Review *Steinbeck Bibliographies* Robert B. Harmon,1987-03-28 No descriptive material is available for this title *John Steinbeck in East European Translation* Danica Čerče,2017-05-11 This volume narrows a huge gap in regard to Steinbeck translations in Eastern Europe here considered in terms of the political division between Western Europe and the Soviet dominated East As the only book of its kind and although intended for both literature scholars and the broader arts community it makes an important contribution to Steinbeck and American literature studies and is useful for scholars of the languages discussed here Although Steinbeck is regarded as an American writer of high repute his appeal and influence extend far beyond the borders of North America As documented here he was particularly popular in Eastern Europe where he inadvertently served political purposes Evaluated through an ideological lens the sole value of his works was seen to

reside in their utility to oppressive political regimes Even works that clearly showed Steinbeck venturing into new topics and forms could not escape an ideological burden whereas several others that lacked social necessity and documentary integrity were unjustifiably marginalised or consigned to oblivion As this study also shows only recently following the fall of totalitarian rule have Steinbeck s works started to be approached from the various angles of contemporary criticism The acknowledgement that there is much more to recommend in his books than that which was praised by those who blinded by their commitment or because of imposed limitations on expectations showed no appreciation for the variety and subtlety of Steinbeck s writing explains the recent renaissance of interest in the whole of Steinbeck s oeuvre Indeed viewed without preconceived ideas and accepted for what they are it is impossible not to respond to Steinbeck s exploration of issues of freedom individual choice and relationships and not to notice that he was much more than merely a proletarian writer
