Kathlamet Texts Franz Boas, 1901 **KATHLAMET TEXTS** FRANZ BOAS, 1901 *A Franz Boas Reader* Franz Boas, 1989-03-15 The Shaping of American Anthropology is a book which is outstanding in many respects Stocking is probably the leading authority on Franz Boas he understands Boas's contributions to American anthropology as well as anthropology in general very well He is in a word the foremost historian of anthropology in the world today The reader is both a collection of Boas's papers and a solid 23 page introduction to giving the background and basic assumptions of Boasian anthropology David Schneider University of Chicago While Stocking has not attempted to present a person biography nevertheless Boas's personal characteristics emerge not only in his scholarly essays but perhaps more vividly in his personal correspondence Stocking is to be commended for collecting this material together in a most interesting and enjoyable reader Gustav Thaiss American Anthropologist *Kathlamet Texts* Franz Boas, 1901 *Kathlamet Texts (Classic Reprint)* Franz Boas, 2015-07-19 Excerpt from Kathlamet d104s The following texts were collected in the summers of 1890 and 1891 and in December 1891 So far as I have been able to ascertain the Kathlamet dialect is spoken by three persons only Charles Cultee and Samson both living at Bay Center Washington and Mrs Wilson who lives at Nemah on Shoalwater bay Unfortunately neither Samson nor Mrs Wilson were able to give me any connected texts so that Charles Cultee was my only informant This is unfortunate as he told me also Chinook texts and is therefore the only source for two dialects of the Chinookan stock In order to ascertain the accuracy of his mode of telling I had two stories which he had told in the summer of 1891 repeated three and a half years later in December 1894 These stories will be found on page 54 and page 182 of the following texts The show great similarity and corroborate the opinion which I formed from internal evidence that the language of the texts is fairly good and represents the dialect in a comparatively pure state Cultee lived for a considerable number of 3 years at Cathlamet on the south side of Columbia river a few miles above Astoria where he acquired this dialect His mother's mother was a Kathlamet his mother's father a Xuila paX his father's mother was a Klatso and his father's father a TkulXiyogoa ike which is the Chinook name of the Tinneh tribe on upper Willapa river His wife is a Chehalis and at present he speaks Chehalis almost exclusively this being also the language of his children Cultee or more properly Q Elte has proved a veritable storehouse of information About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Kathlamet Texts. Now I Know Only So Far Dell H. Hymes,2003-01-01 In Now I Know Only So Far sociolinguist and ethno poetic scholar Dell Hymes examines the power and significance of Native North American literatures and how they can best be approached and appreciated Such narratives Hymes argues are ways of making sense of the world To truly comprehend the importance and durability of these narratives one must investigate the ways of thinking expressed in these texts the cultural sensibilities also deeply affected by storytellers particular experiences and mastery of form Included here are seminal overviews and reflections on the history and potential of the field of ethno poetics Native North American stories from areas ranging from the Northwest Coast to the Southwest take center stage in this book which features careful scrutiny of different realizations and tellings of the same story or related stories Such narratives are illuminated through a series of verse analyses in which patterned relations of lines throw into relief differences in emphasis shape and interpretation A final group of essays sheds light on the often misunderstood and always controversial role of editing and interpreting texts Now I Know Only So Far provides penetrating discussions and absorbing insights into stories and worlds both traditional and new

A Story as Sharp as a Knife Robert Bringhurst,2011-03-15 The Haida world is a misty archipelago a hundred stormy miles off the coasts of British Columbia and Alaska For a thousand years and more before the Europeans came a great culture flourished in these islands The masterworks of classical Haida sculpture now enshrined in many of the world s great museums range from exquisite tiny amulets to magnificent huge housepoles Classical Haida literature is every bit as various and fine It extends from tiny jewels crafted by master songmakers to elaborate mythic cycles lasting many hours The linguist and ethnographer John Swanton took dictation from the last great Haida speaking storytellers poets and historians from the fall of 1900 through the summer of 1901 His Haida hosts and colleagues had been raised in a wholly oral world where the mythic and the personal interpenetrate completely They joined forces with their visitor consciously creating a great treasury of Haida oral literature in written form Poet and linguist Robert Bringhurst has worked for many years with these century old manuscripts which have waited until now for the broad recognition they deserve
